Technical Information

See the Technical Information - Release Pack Campus.2335 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2335) article for a list of schema changes in this release.

Activity Registration

Registration Confirmation Form Totals (SIS-166646)

When utilizing the Registration Confirmation process, form totals could be mismatched between the Activity Roster and Activity Monitor / Dashboard. This has been corrected.

Path: Student Information > Activity Registration

Activity Registration Maintenance (SIS-171238)

The following updates have been made to the Activity Registration tool:

- Made visual improvements to labels for both required and optional forms in the Activity Roster.
- An error message for an invalid selection in Activity Options would would only appear for a brief of time instead of persisting. This has been corrected.
- Increased the size of the Update Forms and Product Details side panels

Path: Student Information > Activity Registration

Future Enrollment Overwriting Current Enrollment (SIS-172016)

When Include Future Enrollments was enabled, an error was displayed during checkout if the student was purchasing an activity for their current enrollment, but also had a future enrollment at a different school that was not on the activity. This has been corrected.

Path: Student Information > Activity Registration

Ad hoc Reporting

Student Filtering and Report Template Options Now Available for Insights Visualizations (SIS-171178) **[Enhancement]**

You can now create Templates for Insights visualizations. Templates allow you to modify any and all settings and filters throughout a visualization and save these selected settings as a template. Once saved as a template, anytime you return to the visualization in which they were created, you can select it and automatically apply all of the template's settings. This allows for a quick and easy way to modify visualization data to suit your needs and switch between various templates.

Also, a new Students option has been added. When selected, you can filter chart data based on your Early Warning Watchlist, your Counseling Caseload, and/or a Student Ad Hoc filter. These options can be stacked to further drill down and filter chart data to suit your needs.

Path: Insights

Assessment

Test Information Update (SIS-171572)

Users are required to enter and save a name value when setting up a new parent test in the Assessment Center.

Path: Assessment > Assessment Center > Test Detail > Test Information

Display Settings Updates (SIS-171650)

When there are values in the User Group field(s) under the Display Settings section of the Test Detail and the 'Mark as Restricted' checkbox is later deselected, the User Group values are removed when the update is saved.

The information hover text for 'User Groups with READ/WRITE access to this Test' has been updated to display as follows:

- User must be a member of a selected User Group to view or edit test results

Path: Assessment > Assessment Center > Test Detail > Display Settings

Question Label Field Added (SIS-171678) **[Enhancement]**

A 'Question Label' field option has been added to the Test Information section of the Assessment Center. The display name defaults as hidden in the Attribute / Dictionary. Users can choose to display the field and /or change the field name to better reflect district-specific usage by updating the attribute under the Test section of the Attribute / Dictionary.

Path: System Administration > Custom > Attribute/Dictionary > Test, Assessment > Assessment Center > Test Information

Behavior

Behavior Process Alert Message Navigation Fix (SIS-144199)

Previously in the New Look of Campus, when a user received a behavior referral message and clicked on the Incident ID, the user was navigated to the login page. With this update, when a user clicks on a behavior message in the message center they are navigated to the Behavior Management tool to view the specific incident. This update applies to notifications created after Campus.2335.

Path: Behavior > Behavior Management

Campus Instruction

Instruction Reports - Excluded Assignments (SIS-129466) **[Enhancement]**

Reports that have an assignment picker have been updated to more clearly indicate assignments that have been excluded from calculation. For assignments that do not have 'Include in Grade Calculation' marked in the Grading information, a red 'Excluded' pill icon displays after the assignment name in the assignment picker.

Path: Instruction > Reports

Canned Comments (SIS-166366)

Previously, if a Canned Comment had a code of F or N, the code did not display in the Grade Book when selecting Canned Comments. This has been corrected.

Path: Instruction > Grade Book > CC button to add canned comment

Section Summary Report - Composite Percentages (SIS-169934)

Previously, if generating the Section Summary report for multiple courses, the report did not correctly report the child composite percentages for each course. This has been corrected.

Path: Instruction > Reports > Section Summary Report

Enabling Classroom (SIS-171984)

Previously, if a district had enabled and then disabled the Classroom, Classroom was not enabled by default as a result of SIS-171027. This has been corrected.

Path: Instruction > Teaching Center > click section name

Campus Learning

Notifications for LTI Assignments (SIS-166684)

Students were no longer receiving notifications via Campus Student when a score was added to an assignment via LTI score passback. This has been corrected.

Path: Campus Student > notifications

Sorting Progress Monitor by In-Progress Grade (SIS-169199)

Previously, if a teacher manually changed a grade and then sorted the Progress Monitor by In-Progress Grade, students were sorted by the original, calculated grade and not the manually selected one. This has been corrected.

Path: Instruction > Progress Monitor

Campus Learning Licensing Tool (SIS-171272) **[Enhancement]**

The Campus Learning Licensing tool, which allowed users to request a quote for a Campus Learning license, has been removed from System Administration > Campus Learning. To learn more about Campus Learning and request a quote, visit https://www.infinitecampus.com/info/campus-learning.

Path: N/A

Google Drive Certificate Files (SIS-171463)

Previously, if a user uploaded a certificate file to the Google Drive Configuration tool, the file was not uploaded to the district's shared file system, if one was in place. This has been corrected.

Path: System Administration > Campus Learning > Google Drive Configuration

Campus Student/Parent

Improvements to Campus Parent and Campus Student (SIS-167580) **[Enhancement]**

The following improvements have been made to the home screen in Campus Parent and Campus Student:

- Districts have the option if including custom text at the top of the screen. Text is added in the new Home Screen tool in Portal Preferences and can include text, links, and images.
- Added new items to the data listed for students, including unpaid fees and missing assignments, and notices if the student is not compliant with immunization requirements or is off-track on their graduation program.
- On the right side of the screen, added additional sections below the Inbox:
    - Upcoming Dates - lists any Day Events in the next 7 days.

    - Contact List - a new tool that collects all of a student's teachers and lists their contact phone number and email address.
    - Quick Links and Custom Tools - more convenient shortcuts to the same links found in the More tool in the Index. Custom Tools only display in Campus Parent
- Added a section at the bottom of the home screen for non-student users. This section includes notifications for individuals who are not currently enrolled students, such as fees for students who have graduated, or a food service account for a parent. For parents with only one student, this non-student data is shown in the same areas as student fees and food service information.

The details page when a parent clicks on a specific student in the home page has also been rearranged and improved:

- Added missing assignments information and organized all Assignment information into an ""Assignment: To-Do"" section.
- Recent Updates are now grouped into tabs for simpler viewing.

Other updates include:

- Students now have the option hide their school picture by clicking the triangle icon next to the picture to collapse it.
- In the student's Schedule, a red triangle highlights the current period.
- Various other small bug fixes and cosmetic improvements.

Career Readiness - Display District Ownership for Records in State Edition (SIS-171079) **[Enhancement]**

The name and number of the district that created and maintains each Career Readiness record now displays for State Edition users at the State and District Level.

Path: Student Information > Program Participation > Career Readiness

Career Readiness - Add Print Button (SIS-171654)

A Print button has been added to the Career Readiness tool. For District Edition only states, the Print button returns a PDF of records that have been created within the district. For State Edition states, the Print button returns a PDF of records that have been synced to State Edition. Records will include the name and number of the district that created them, and the date on which the record was created.

Scheduling

Student Schedule - Schedule Display in New Look (SIS-156155)

Filtering the student's Schedule, to hide a specific term, for example, retained the setting when refreshing the browser in Classic Look. However, in New Look, the filter settings did not remain. This has been corrected in New Look to function as it does in Classic Look.

Path: Student Information > General > Schedule

Walk-In Scheduler - Notes (SIS-162913) **[Enhancement]**

The Walk-In Scheduler now includes a way to record comments while modifying student schedules. The new Notes option captures specific information about any course changes or other updates to a student's schedule when they are made, instead of the counselor writing them on a separate piece of paper for entry into Campus at a later time.

The Notes editor allows up to 5000 characters of text, and information remains until it is manually removed by user.

This is a simple text box. It is meant to capture key points of a conversation between the student and the counselor when the schedule changes happen.

Path: Student Information > General > Schedule > Walk-In Scheduler > Notes

Scheduling Board - Primary Teacher, Teacher Selection (SIS-169009) **[Enhancement]**

The Sections side panel in the Scheduling Board now includes the option to assign a Primary Teacher as well as Teacher(s) to the section.
