

# Release Pack Campus.2335 - August 2023

Last Modified on 01/19/2026 11:39 am CST

[Jump to State-Specific Notes](#)

Release notes provide the applicable personnel the ability to review enhancements, modifications, and regulated changes prior to accepting an updated. It is advised that users review the release notes carefully and alert appropriate district staff to changes in Campus.

The [Release Information](https://kb.infinitecampus.com/help/release-information) (<https://kb.infinitecampus.com/help/release-information>) article lists the approximate release date of all Campus releases.

See the [Rx Pack - Campus.2335](https://kb.infinitecampus.com/help/rx-pack-campus2335) (<https://kb.infinitecampus.com/help/rx-pack-campus2335>) article for a list of Rx releases to the Campus.2335 release pack.

Questions or concerns regarding an update should be directed to Campus Support.

## Technical Information

See the [Technical Information - Release Pack Campus.2335](https://kb.infinitecampus.com/help/technical-information-release-pack-campus2335) (<https://kb.infinitecampus.com/help/technical-information-release-pack-campus2335>) article for a list of schema changes in this release.

## Activity Registration

### Registration Confirmation Form Totals (SIS-166646)

When utilizing the Registration Confirmation process, form totals could be mismatched between the [Activity Roster](https://kb.infinitecampus.com/help/activity-roster-archived) (<https://kb.infinitecampus.com/help/activity-roster-archived>) and [Activity Monitor](https://kb.infinitecampus.com/help/activity-registration-activity-monitor) (<https://kb.infinitecampus.com/help/activity-registration-activity-monitor>) / [Dashboard](https://kb.infinitecampus.com/help/activity-dashboard-archive) (<https://kb.infinitecampus.com/help/activity-dashboard-archive>). This has been corrected.

Path: Student Information > Activity Registration

### Activity Registration Maintenance (SIS-171238)

The following updates have been made to the Activity Registration tool:

- Made visual improvements to labels for both required and optional forms in the [Activity Roster](https://kb.infinitecampus.com/help/activity-roster-archived) (<https://kb.infinitecampus.com/help/activity-roster-archived>).
- An error message for an invalid selection in [Activity Options](https://kb.infinitecampus.com/help/activity-monitor-activity-builder#step-5---finish) (<https://kb.infinitecampus.com/help/activity-monitor-activity-builder#step-5---finish>) would only appear for a brief of time instead of persisting. This has been corrected.
- Increased the size of the Update Forms and Product Details side panels

Path: Student Information > Activity Registration

### Future Enrollment Overwriting Current Enrollment (SIS-172016)

When [Include Future Enrollments](https://kb.infinitecampus.com/help/activity-monitor-activity-builder#step-4---link-to-portal) (<https://kb.infinitecampus.com/help/activity-monitor-activity-builder#step-4---link-to-portal>) was enabled, an error was displayed during checkout if the student was purchasing an activity for their current enrollment, but also had a future enrollment at a different school that was not on the activity. This has been corrected.

Path: Student Information > Activity Registration

# Ad hoc Reporting

Student Filtering and Report Template Options Now Available for Insights Visualizations (SIS-171178) **[Enhancement]**

You can now create Templates for Insights visualizations. Templates allow you to modify any and all settings and filters throughout a visualization and save these selected settings as a template. Once saved as a template, anytime you return to the visualization in which they were created, you can select it and automatically apply all of the template's settings. This allows for a quick and easy way to modify visualization data to suit your needs and switch between various templates.

Also, a new Students option has been added. When selected, you can filter chart data based on your Early Warning Watchlist, your Counseling Caseload, and/or a Student Ad Hoc filter. These options can be stacked to further drill down and filter chart data to suit your needs.

## Assessment

Test Information Update (SIS-171572)

Users are required to enter and save a name value when setting up a new parent test in the [Assessment Center](https://kb.infinitecampus.com/help/assessment-center) (<https://kb.infinitecampus.com/help/assessment-center>).

Path: Assessment > Assessment Center > Test Detail > Test Information

Display Settings Updates (SIS-171650)

When there are values in the User Group field(s) under the [Display Settings](https://kb.infinitecampus.com/help/assessment-center#display-settings) (<https://kb.infinitecampus.com/help/assessment-center#display-settings>) section of the Test Detail and the 'Mark as Restricted' checkbox is later deselected, the User Group values are removed when the update is saved.

The information hover text for 'User Groups with READ/WRITE access to this Test' has been updated to display as follows:

- User must be a member of a selected User Group to view or edit test results

Path: Assessment > Assessment Center > Test Detail > Display Settings

Question Label Field Added (SIS-171678) **[Enhancement]**

A 'Question Label' field option has been added to the Test Information section of the [Assessment Center](https://kb.infinitecampus.com/help/assessment-center) (<https://kb.infinitecampus.com/help/assessment-center>). The display name defaults as hidden in the [Attribute / Dictionary](https://kb.infinitecampus.com/help/attribute-dictionary) (<https://kb.infinitecampus.com/help/attribute-dictionary>). Users can choose to display the field and /or change the field name to better reflect district-specific usage by updating the

attribute under the Test section of the Attribute / Dictionary.

## Behavior

### Behavior Process Alert Message Navigation Fix (SIS-144199)

Previously in the New Look of Campus, when a user received a behavior referral message and clicked on the Incident ID, the user was navigated to the login page. With this update, when a user clicks on a behavior message in the message center they are navigated to the [Behavior Management](https://kb.infinitecampus.com/help/behavior-management-tool) (<https://kb.infinitecampus.com/help/behavior-management-tool>) tool to view the specific incident. This update applies to notifications created after Campus.2335.

Path: Behavior > Behavior Management

## Campus Instruction

### Instruction Reports - Excluded Assignments (SIS-129466) [Enhancement]

[Reports](https://kb.infinitecampus.com/help/instruction-reports) (<https://kb.infinitecampus.com/help/instruction-reports>) that have an assignment picker have been updated to more clearly indicate assignments that have been excluded from calculation. For assignments that do not have 'Include in Grade Calculation' marked in the Grading information, a red 'Excluded' pill icon displays after the assignment name in the assignment picker.

Path: Instruction > Reports

### Canned Comments (SIS-166366)

Previously, if a Canned Comment had a code of F or N, the code did not display in the Grade Book when selecting Canned Comments. This has been corrected.

Path: Instruction > Grade Book > CC button to add canned comment

### Section Summary Report - Composite Percentages (SIS-169934)

Previously, if generating the [Section Summary](https://kb.infinitecampus.com/help/section-summary-report) (<https://kb.infinitecampus.com/help/section-summary-report>) report for multiple courses, the report did not correctly report the child composite percentages for each course. This has been corrected.

Path: Instruction > Reports > Section Summary Report

### Enabling Classroom (SIS-171984)

Previously, if a district had enabled and then disabled the [Classroom](https://kb.infinitecampus.com/help/classroom-instruction) (<https://kb.infinitecampus.com/help/classroom-instruction>), Classroom was not enabled by default as a result of SIS-171027. This has been corrected.

Path: Instruction > Teaching Center > click section name

## Campus Learning

### Notifications for LTI Assignments (SIS-166684)

Students were no longer receiving notifications via Campus Student when a score was added to an assignment via [LTI score passbac](https://kb.infinitecampus.com/help/configuring-lti-connections) (<https://kb.infinitecampus.com/help/configuring-lti-connections>). This has been corrected.

Path: Campus Student > notifications

### Sorting Progress Monitor by In-Progress Grade (SIS-169199)

Previously, if a teacher manually changed a grade and then sorted the [Progress Monitor](https://kb.infinitecampus.com/help/progress-monitor) (<https://kb.infinitecampus.com/help/progress-monitor>) by In-Progress Grade, students were sorted by the original, calculated grade and not the manually selected one. This has been corrected.

Path: Instruction > Progress Monitor

### Campus Learning Licensing Tool (SIS-171272) **[Enhancement]**

The Campus Learning Licensing tool, which allowed users to request a quote for a Campus Learning license, has been removed from System Administration > Campus Learning. To learn more about Campus Learning and request a quote, visit <https://www.infinitecampus.com/info/campus-learning>.

Path: N/A

### Google Drive Certificate Files (SIS-171463)

Previously, if a user uploaded a certificate file to the [Google Drive Configuration](https://kb.infinitecampus.com/help/google-drive-configuration) (<https://kb.infinitecampus.com/help/google-drive-configuration>) tool, the file was not uploaded to the district's shared file system, if one was in place. This has been corrected.

Path: System Administration > Campus Learning > Google Drive Configuration

## Campus Student/Parent

### Improvements to Campus Parent and Campus Student (SIS-167580) **[Enhancement]**

The following improvements have been made to the home screen in [Campus Parent](https://kb.infinitecampus.com/help/campus-parent-portal) (<https://kb.infinitecampus.com/help/campus-parent-portal>) and [Campus Student](https://kb.infinitecampus.com/help/campus-student-portal) (<https://kb.infinitecampus.com/help/campus-student-portal>):

- Districts have the option of including custom text at the top of the screen. Text is added in the new Home Screen tool in Portal Preferences and can include text, links, and images.
- Added new items to the data listed for students, including unpaid fees and missing assignments, and notices if the student is not compliant with immunization requirements or is off-track on their graduation program.
- On the right side of the screen, added additional sections below the Inbox:
  - Upcoming Dates - lists any Day Events in the next 7 days.
  - Contact List - a new tool that collects all of a student's teachers and lists their contact phone number and email address.
  - Quick Links and Custom Tools - more convenient shortcuts to the same links found in the More tool in the Index. Custom Tools only display in Campus Parent
- Added a section at the bottom of the home screen for non-student users. This section includes notifications for individuals who are not currently enrolled students, such as fees for students who have graduated, or a food service account for a parent. For parents with only one student, this non-student data is shown in the same areas as student fees and food service information.

The details page when a parent clicks on a specific student in the home page has also been rearranged and improved:

- Added missing assignments information and organized all Assignment information into an ""Assignment: To-Do"" section.
- Recent Updates are now grouped into tabs for simpler viewing.

Other updates include:

- Students now have the option to hide their school picture by clicking the triangle icon next to the picture to collapse it.
- In the student's Schedule, a red triangle highlights the current period.
- Various other small bug fixes and cosmetic improvements.

#### Addressed Issue for Older iOS and Safari Versions (SIS-171542)

Campus Student and Parent have been updated so that they can be opened on devices using older iOS versions and older versions of Safari.

Path: Campus Student, Campus Parent

## Census

#### Census Wizard Update (SIS-171522)

Previously, the [Census Wizard](https://kb.infinitecampus.com/help/census-wizard) (<https://kb.infinitecampus.com/help/census-wizard>) generated an error when attempting to search for a student. This has been corrected.

Path: Census > Census Wizard

## Data Integrity Tools

### [Data Validation Report Group Enhancement](#) (SIS-171506) **[Enhancement]**

Added the ability to allow a user to run all [Data Validation](https://kb.infinitecampus.com/help/data-validation-report) (<https://kb.infinitecampus.com/help/data-validation-report>) groups if they have the ability to create groups.

Path: Data Integrity > Data Validation > Data Validation Report

### [Default Groups for Premium Data Validation Rules](#) (SIS-171507) **[Enhancement]**

Added six default groups for the [Premium Rules](https://kb.infinitecampus.com/help/validation-groups) (<https://kb.infinitecampus.com/help/validation-groups>) to reduce the initial setup burden for districts:

- Student
- Scheduling
- Behavior
- Census
- Transcripts
- Special Education

## Scheduling

### Student Schedule - Schedule Display in New Look (SIS-156155)

Filtering the student's [Schedule](https://kb.infinitecampus.com/help/schedule-student), to hide a specific term, for example, retained the setting when refreshing the browser in Classic Look. However, in New Look, the filter settings did not remain. This has been corrected in New Look to function as it does in Classic Look.

Path: Student Information > General > Schedule

### Walk-In Scheduler - Notes (SIS-162913) [Enhancement]

The [Walk-In Scheduler](https://kb.infinitecampus.com/help/walk-in-scheduler) now includes a way to record comments while modifying student schedules. The new [Notes](https://kb.infinitecampus.com/help/walk-in-scheduler#notes) option captures specific information about any course changes or other updates to a student's schedule when they are made, instead of the counselor writing them on a separate piece of paper for entry into Campus at a later time.

The Notes editor allows up to 5000 characters of text, and information remains until it is manually removed by user.

This is a simple text box. It is meant to capture key points of a conversation between the student and the counselor when the schedule changes happen.

#### Colorado Immunization Certificate Updates (SIS-171166)

Several updates have been made to the [Colorado Immunization Certificate](https://kb.infinitecampus.com/help/state-immunization-certificate-colorado) (<https://kb.infinitecampus.com/help/state-immunization-certificate-colorado>) report, including:

- the header verbiage has been updated.
- the parent/guardian line has been updated to include a statement, "(if student is under 18 years of age and not emancipated)".
- in the Titer Date column on the Required Vaccines table, the HepB, DTaP, and MMR cells have been grayed out.
- verbiage under the Required Vaccines table has been updated and additional verbiage has

been added.

- the labels for Rotavirus and Meningococcal in the Recommended Vaccines table have been updated to RV Rotavirus and MCV4 Meningococcal.
- the Health care provider signature statement below the Recommended Vaccines table has been updated to "Health care provider printed name/signature." The spacing around this statement has also been modified.
- the footer Last Revised Date has been updated to May 2023.

## Nevada

### Nevada - 21st CCLC Student Level Identifier (SIS-169597)

A tool has been added that allows student-level tracking of 21st Century Community Learning Centers data. Districts using Campus Digital Repository will be able to upload corresponding documents to a selected student's 21st CCLC records. Districts will also be able to generate a PDF report of a selected student's 21st CCLC records.

Path: Student Information > Program Participation > State Programs > 21st CCLC

### Nevada Special Ed Updates (SIS-170850)

Logic has been added to the Nevada IEP that in the instance of multiple placements entered on the Placement editor, the Enrollment editor automatically updates with the Placement value that is active based on today's date and the dates entered for the placement. This value is automatically updated on the student's Enrollment tool as well. When a second and third placement is entered, the Start Date of the placement auto-populates to one day after the previous placement record's End Date. When the previous record's End Date is equal to the Plan's End Date, the Start Date of the new record does NOT auto-populate.

In addition, an issue where there were verbiage inconsistencies between the Special Ed Custom Form, ""Consent - Release for Medicaid,"" and the printed IEP, Data Plan, and ISP has been fixed.
