What is Campus Learning?

Campus Learning is the Infinite Campus LMS that connects teachers to new, powerful tools for digital learning. Campus Learning is a premium option for Campus Instruction. Licenses to Campus Learning can be purchased at a district level.

Campus Learning includes the following existing and new tools for teachers. We're always working on new features!

Curriculum Options

Use [Folders](#) to arrange curriculum. Create [Resources](#), like assignments that are not scored, to distribute lesson materials, a syllabus, or any other instructional content that doesn't fit an "assignment." Use the [Curriculum Library](#) to share curriculum with other teachers in your district and find

Advanced Assignment Tools

Additional [assignment](#) features include:

- [Individualize](#) assignment Start and End Dates by student.
- Create [Scoring Rubrics](#) to evaluate student work.
- Use the [Summary and Notes](#) text fields

curriculum they've shared to add to your sections.

Progress Monitor

The [Progress Monitor](#) allows teachers in standards-based classrooms to view students' proficiency at a glance and easily manage assignments across all standards in a section.

Planner

View your [curriculum](#) and [schedule](#) in a calendar format, as well as the [curriculum](#) and [schedules](#) of other teachers.

Connect to Other Programs

When enabled by your district, integrations connect other programs to Campus. Depending on the type of connection, you can:

- Link [resources](#) in another program to assignments,
- [Receive](#) assignments and scores from another program,
- Attach [Google Drive files](#) to assignments,
- Allow students to launch another program via [Learning Tools](#).

Engagement Check-In

Gauge student well-being and engagement with the class and curriculum

to provide additional information to students, or just to other teachers viewing the assignment.

- [Attach Content](#) - Attach additional learning content to the assignment. The options available in this area are dependent on what your district has enabled.
- Distribute online [Discussions](#) from an assignment.
- Depending on district setup, allows students to [submit work](#) through [Campus Student](#).
- Submit work on [behalf of a student](#).

Quizzes

Create [quizzes](#) that are customized to your class's needs using a variety of [question types](#) and other features. Use [Quiz Settings](#) to allow retakes, organize questions into [pages](#) to simplify a student's experience, and [print quizzes](#) for students who need a paper copy.

When it comes time to score the quiz, [icons and sort options](#) help you focus on which answers need your attention and [provide feedback](#) as needed. For students using paper quizzes, submit answers on their behalf.

Score Analysis

The [Score Analysis](#) tool allows teachers to view a distribution of student scores on assignments and visually break down how each student scored.

using [Engagement Check-In](#).
