Classic View: KS State Reporting > KIDS KCAN

Search Terms: KCAN

The Kansas CAN (KCAN) extract focuses on providing links among the courses students take during the school year, including the educator teaching the course and the outcome in the course. KCAN Records should be submitted as soon as possible after a grade is determined. KCAN Records must be submitted in a batch by themselves (they cannot be included with other KIDS Data Collection reports).

The screenshot shows the 'KIDS KCAN Extract' report generation interface. At the top, there is a search bar and a navigation menu. The main heading is 'KIDS KCAN ☆' with a breadcrumb trail: 'Reporting > KS State Reporting > KIDS KCAN'. Below this, a blue bar indicates 'KS KCAN Extract'. A green notice states: 'This extract replaces the STCO collection extract. The STCO collection extract is being discontinued after the 2016-2017 academic year.' The text explains that the Kansas CAN (KCAN) data collection focuses on providing links among the courses students take during the school year, including the educator teaching the course and the outcome in the course. It also states that KCAN Records should be submitted as soon as possible after a grade is determined and must be submitted in a batch by themselves. Below this, instructions for selecting calendars and the effective date are provided. The 'Extract Options' section includes fields for 'Effective Date' (08/11/2020), 'Student Ad Hoc Filter', 'Course Ad Hoc Filter', 'Format' (State Format(Tab Delimited)), 'Record Type' (Certificates and Course Outcomes), and 'Maximum Students Per File (Batch only)' (200). The 'Select Calendars' section asks 'Which calendar(s) would you like to include in the report?' and offers three options: 'active year' (selected), 'list by school', and 'list by year'. A red warning message states: 'Calendars marked as exclude are not listed. Excluded calendars will not be reported.' Below this, a list of calendars for the 19-20 school year is shown, including Abbott Elementary, Bryant Elementary, Colfax Middle, Dupont Middle, Emerson High, and Franklin High. At the bottom, there are buttons for 'Generate Extract' and 'Submit to Batch'.

KIDS KCAN Extract

Report Logic

Each term in which a grading task is scheduled, and each grading task or standard marked as State Reported for each student who has been enrolled in the course during the calendar(s) selected on the extract editor produces a record. One-time grading tasks or standards report once per student.

Only passing grades are reported.

Students and courses marked State Exclude do not report.

If an Ad hoc Filter is chosen in the report editor, only students or courses identified by that filter report.

Multiple files should be generated to include all records if an inadequate Maximum Records Per File number is chosen.

Courses do not report when they are marked as Course Exclude. Students do not report when their enrollment is marked as State Exclude, their grade level is marked as State Exclude or they are enrolled in a calendar marked as State Exclude.

CTE Certificates report only when the Date Earned on the certificate falls within the dates of the reporting calendar (school year start date to school year end date for the selected calendar).

Migrant Students, Virtual Education Students, and Career Tech Students

- Migrant students are included when the Migrant Indicator on Program Participation > Migrant tool is set to 1: Currently a Migrant Student as of the entered effective date of the report.
- Virtual education students are included when the Virtual Ed Student on the enrollment has a value selected.
- Career Tech students are included on the report when they are scheduled into courses with a specific College/Career Type setting (marked on the Course Custom Data Elements editor). F, C, L and X are the only course codes that report. All CTE courses for students report whether or not they received a passing grade. Only a posted grade is necessary.

Course Status

The course status field reports the students progress in the selected calendar. This is a calculated value, based on the student's letter grade in the course.

The following table lists the business logic for the reported values.

Reported Value	Reports When
----------------	--------------

Reported Value	Reports When
00	<p>The student does not have a grade for a grading task or standard being reported, and the student has not dropped the course or left the school, and the effective date of the report is prior to the end of the course.</p> <p>The student must be marked as a migrant student in order to report this value.</p>
01	<ul style="list-style-type: none"> • The student has a letter grade for a grading task or standard being reported, and • The letter grade is marked as passing as of the effective date selected in the extract editor. <p>The logic looks at the score group/rubric used in the grading task or standard to determine if the grade is a passing score.</p>
02	<ul style="list-style-type: none"> • The student has a letter grade in a grading task or standard being reported, and • The letter grade is NOT marked as passing as of the effective date selected in the extract editor. <p>The logic looks at the score group/rubric used in the grading task or standard to determine if the grade is a passing score.</p>
04	<ul style="list-style-type: none"> • The student does NOT have a letter grade for the grading task/standard being reported, and • The student has dropped the course before the end date of the course, but has attended class at any time during the period of the course for any length of time <p>The student must be marked as Migrant in order to report this value. Reporting this value triggers the Instructional Minutes Completed field to populate with the number of instructional minutes the student has completed.</p>
44	<ul style="list-style-type: none"> • The student does not have a final grade posted and the student is marked as Migrant, and • The section of record has ended prior to the effective date entered on the extract editor • The student has attendance recorded for the section record.
80	<ul style="list-style-type: none"> • The student does not have a final grade posted, and • The student is marked as Migrant through the summer or a new Migrant Indicator is created for the summer session (June 1 through September 3)
90	<ul style="list-style-type: none"> • The student has a Certification for a Course Section • The local course ID and KCC Identifier field is Certificate.
99	<p>Reports when the record was submitted in error. This is a manual code for use directly in KDSE/KIDS.</p>

Report Editor

Field	Description
Effective Date	The date on which data is extracted. The Effective Date is set to the current date by default. Dates are entered in <i>mmddyy</i> format or by clicking the calendar icon and selecting a date.
Student Ad Hoc Filter	If desired, an Ad hoc filter using the Student data type may be selected to further narrow the results. Only students included in this filter are included in the report.
Course Ad Hoc Filter	If desired, an Ad hoc filter using the Course/Section data type may be selected to further narrow the results.
Format	The format in which the extract is generated. Use State Format(Tab Delimited) when submitting to the state; otherwise, use HTML, CSV or XML to review data prior to submission.
Record Type	Indicates the type of record being generated: <ul style="list-style-type: none"> • Certificates and Course Outcomes - this is the default selection. When chosen, all records report. • Certificates Only - reports only records where the KCC Identifier Field is Certificate. This also requires the CTE Certification field to report a value. • Course Outcomes Only - reports only records where the KCC Identifier field is NOT Certificate.
Maximum Records Per File (state format only)	The maximum number of records that may be extracted if the report is being generated in State Format (Tab Delimited). This field defaults to 20000.
Select Calendars	The calendars from which data is extracted. At least one calendar must be selected in order to produce an extract.

Generate the Report

1. Enter an **Effective Date**.
2. Select a **Student Ad Hoc Filter** if needed.
3. Select a **Course Ad Hoc Filter** if needed.
4. Select the appropriate **Format**.
5. Select the desired **Record Type**.
6. Enter a **Maximum Records Per File**.
7. Select the **calendars** to include in the extract.
8. Click **Generate Extract**. The extract will appear in the selected format.

Element	Description	Location
Student Current Grade Level	Identifies the grade in which the student is enrolled. If the student has multiple enrollment records in the same school and the same calendar year, and one or more of those records is ended while another record is active, the current grade level reports from the active enrollment record. <i>Alphanumeric, 2 characters</i>	Student Information > General > Enrollments > Grade Level Enrollment.grade
Student Local ID	Identifies the unique code assigned to the student by the school. <i>Alphanumeric, 20 characters</i>	Census > Person > Demographics > Person Information > Student Number Student.number
Student Hispanic Ethnicity	Indicates whether the students ethnicity is Hispanic/Latino. <i>Alphanumeric, 1 characters (Y/N)</i>	Census > People > Demographics > Person Information > Race Ethnicity > Is the individual Hispanic/Latino Identity. hispanicLatino
State Student Identifier	Identifies the unique number given to the student by the KIDS Assignment System. <i>Numeric, 10 digits</i>	Census > People > Demographics > Person Identifiers > State ID Person.stateID
School Year	Identifies the ending year of the current school year. For example 2021-2022 reports 2022. <i>Numeric, 4 digits</i>	System Administration > Calendar > Calendar > Calendar > End Date Calendar.endYear

Element	Description	Location
Student Comprehensive Race	<p>Identifies the student's federal race/ethnicity. Options are as follows:</p> <ul style="list-style-type: none"> • 10000: White • 01000: Native Hawaiian/Pacific Islander • 00100: Black • 00010: Asian • 00001: American Indian/Alaskan Native <p><i>Numeric, 5 digits</i></p>	<p>Census > People > Demographics > Person Information > Race/Ethnicity > Race</p> <p>RaceEthnicity.code</p>

Element	Description	Location
Virtual Education Student	<p>Indicates whether a student is participating in a virtual education school or program that is approved for State funding. This only reports if the submitter is the school or district providing the virtual education services or contracting with an approved program to provide the virtual education services via a service center.</p> <p>Students in grades 00-04 report a value of zero (0). In order to report a value that is not zero (0), the Current Grade Level must be 05-18.</p> <p>Reports the assigned value identifying the student as a virtual education student:</p> <ul style="list-style-type: none"> • 0: Student is not a Virtual Education Student and has not been during the current school year • 1: Student is currently a Virtual Education Student • 2: Student is not currently a Virtual Education Student, but has been at some point during the current school year. <p><i>Numeric, 1 digit</i></p>	<p>Student Information > General > Enrollments > State Reporting Fields > Virtual Ed Student</p> <p>Enrollment.virtualEd</p>

Element	Description	Location
Migrant Student	<p>Indicates the student meets the requirements of being considered a migrant. See the Report Logic section for more information.</p> <p>A value of 1 reports when:</p> <ul style="list-style-type: none"> • A Migrant record exists for a student where the Start/End Date of that record falls within the current school year's enrollment AND within the Effective Date of the extract. • A Migrant record exists where the End Date is blank and the Start Date is before the current school year's enrollment OR before the Effective Date of the Extract. • A Migrant record exists where the Start Date is before the Effective Date of the Extract, but the End Date is AFTER the Effective Date of the extract. • Otherwise, a value of 0 reports. <p><i>Numeric, 1 digit</i></p>	<p>Student Information > Program Participation > Migrant Indicator</p> <p>Migrant.migrantCOEStatusIndicator</p>

Element	Description	Location
Single Parent	<p>Indicator of whether the student is a single parent during the school year.</p> <ul style="list-style-type: none"> • Reports a value of 0 when the Single Parent Code is No. • Reports a value of 1 when the Single Parent Code is Yes. • Reports blank when the student is not a CTE student. <p>This field reports when the KCC Identifier field has a last character of F, C, L or X.</p> <p><i>Numeric, 1 digit</i></p>	<p>Student Information > General > Enrollments > State Reporting Fields > Single Parent</p> <p>Enrollment.singleParent</p>
Term	<p>Reports the term in which the course was taken and a credit was earned, as follows. Element	Description	Location
	<p>If the calendar is not set up for one of these term codes, reports NULL.</p> <p><i>Alphanumeric, 2 characters</i></p>	
KCC Identifier	<p>Identifies the number given to each course the district has mapped in the Kansas Course Code Management System. This value reports from the Credits field on the Grading Task assigned to the course.</p> <ul style="list-style-type: none"> • A Concatenated value reports, see KCC Identifier Creation after this report layout. • When a one-time grading task marked as state reporting does not have a credit value, attached to it, the credit amount is 0.00. • For one-time grading tasks that have a credit value, the credit amount reflects the credit amount listed for the grading task. If the Credit Value is .25, this field reflects the value of .25. <p>If a student has a certificate, a line reports as Certificate if the student is assigned to an Academic (CTE) Program Passed is marked.</p> <p><i>Alphanumeric, 17 characters</i></p>	Date not stored

Element	Description	Location
Course Section	<p>This number is made up of the course's Section ID, Grading Task ID and the Term Number for the grade being reported. This is a locally identified value that helps distinguish multiple local courses that map to the same KCC Identifier.</p> <p>If a student has a completed certificate (marked as passed), this field reports a value of Certificate.</p> <p>If the KCC Identifier field reports a value of Migrant Student, this field reports a value of MigrantStudent.</p> <p><i>Alphanumeric, 30 characters</i></p>	<p>Scheduling > Courses > Section > Section ID</p> <p>Section.sectionID</p> <hr/> <p>Grading and Standards > Grading Tasks > Grading Task ID</p>

Element	Description	Location
Course Status	<p>Indicates the student's course progress. Progress is determined by the letter grade ONLY that is assigned to the student; percentage values are not used in the calculation.</p> <p>See the Course Status section for detailed logic and reported values.</p> <p>For example:</p> <ul style="list-style-type: none"> • If a student's grade is a B and letter grade B is marked as a passing score on the Score Group/Rubric, a value of 01 reports, regardless of the percentage given for that letter grade. • If a student's grade is F and letter grade F is not marked as a passing score on the Score Group/Rubric, a value of 02 reports, regardless of the percentage given for that letter grade. <p><i>Numeric, 2 digits</i></p>	Scheduling > Courses > Course > Section > Grading by Task > Task > Student > Score
Letter Grade	<p>Indicates the categorical letter grade level achieved as of the end of the course.</p> <p>This field is required if 1 or 2 is reported for field 20. This does not have to be a letter grade.</p> <p>The student's letter grade is reported from the Grading Task or Standard. The first two characters of the grade are reported.</p> <p><i>Alphanumeric, 2 characters</i></p>	Scheduling > Courses > Course > Section > Grading By Task > Task > Student > Percent/Score

Element	Description	Location
Percent Grade	<p>Percent achieved as of the end of the course from 0 to 100%.</p> <p>This field is required if 1 or 2 is reported for field 20.</p> <p>The student's percentage will be reported from the Grading Task or Standard. The first two characters of the grade are reported, rounded to one decimal.</p> <p><i>Numeric, 5 digits (XXX.X)</i></p>	<p>Scheduling > Courses > Course > Section > Grading By Task > Task > Student > Percent/Score</p>
Work-Based Learning	<p>Indicates whether the student participates in work-based learning.</p> <ul style="list-style-type: none"> • Reports a value of 01 when the Work-Based Learning checkbox is marked on the Course editor. • When the KCC Identifier field reports a value of Certificate or Migrant Services, a blank value reports. • Otherwise, a value of 00 reports. <p><i>Numeric, 2 digits</i></p>	<p>Scheduling > Courses > Course > Work-Based Learning</p> <p>Course.vocationalCode</p>

Element	Description	Location
College Credits Earned	<p>Reports the credits earned toward college.</p> <p>Report value entered in College Credits if the Course Status field reports a value of 01.</p> <p>Otherwise, reports a value of zero (0).</p> <p>The College/Career Type must be C, D, L or R to report College Credits Earned.</p> <p><i>Numeric, 5 digits (XX.XX)</i></p>	<p>Scheduling > Courses > Course Section > Custom Data Fields > College Credits</p> <p>Course.collegeCredits</p>
CTE Certification Earned	<p>Reports the certificate the student earned if the student passed the certification.</p> <p><i>Alphanumeric, 35 characters</i></p>	<p>Student Information > Academic Planning > Programs > CTE Program</p> <p>ProgramParticipation.certificationName</p>
Date Earned	<p>Reports the date the student earned the certification.</p> <p><i>Date field, 10 characters (MM/DD/YYYY)</i></p>	<p>Student Information > Academic Planning > Programs > CTE Program > Certifications > Date</p> <p>ProgramParticipation.certificationDate</p>
Graduation Year	<p>Reports the end year associated with the certification.</p> <p>If the Diploma Date field is blank on the student's Graduation tab, this field reports the NCLB Cohort Year.</p> <p>If the KCC Identifier field reports a value of 'Certificate', this field reports the student's year of graduation.</p> <p><i>Date field, 4 digits (YYYY)</i></p>	<p>Student Information > Academic Planning > Programs > CTE Program > Certifications > Date</p> <p>ProgramParticipation.certificationDate</p>

Element	Description	Location
First Instruction Date	<p>Reports the student's enrollment start date. If the student is a Migrant student, reports the student's Migrant Start Date.</p> <p>When the student is a Migrant student and the KCC Identifier field is NOT Certificate, the current term is based on the Effective Date entered in the extract editor and the date reports using the following logic:</p> <ul style="list-style-type: none"> • When the Roster Start Date is populated, that date is used as the Compare Date.
