Home

The home page of Campus Parent collects the most important items needing parents' and guardians' attention for all of their students and makes helpful information easily accessible.

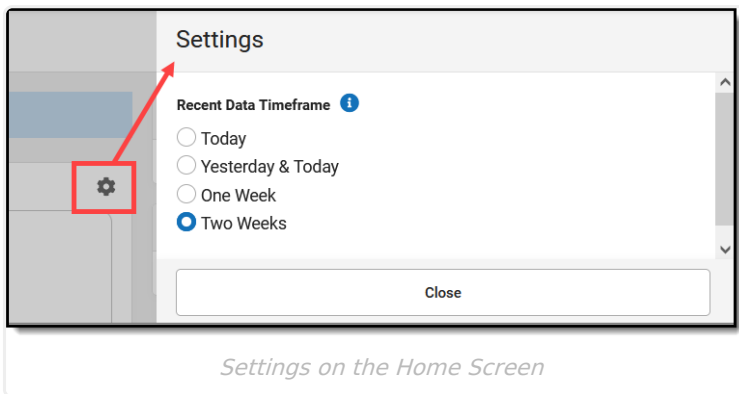

A summary of student information needing attention displays on the Home screen.

If Course Registration is currently enabled, message displays at the top of the screen with links to applicable students. Likewise, if the parent has a Survey assigned, a message with displays with links to the message center where the survey can be found.

Each student displays in their own card. Depending on the district's preferences and what is applicable to the student, the following data may display:

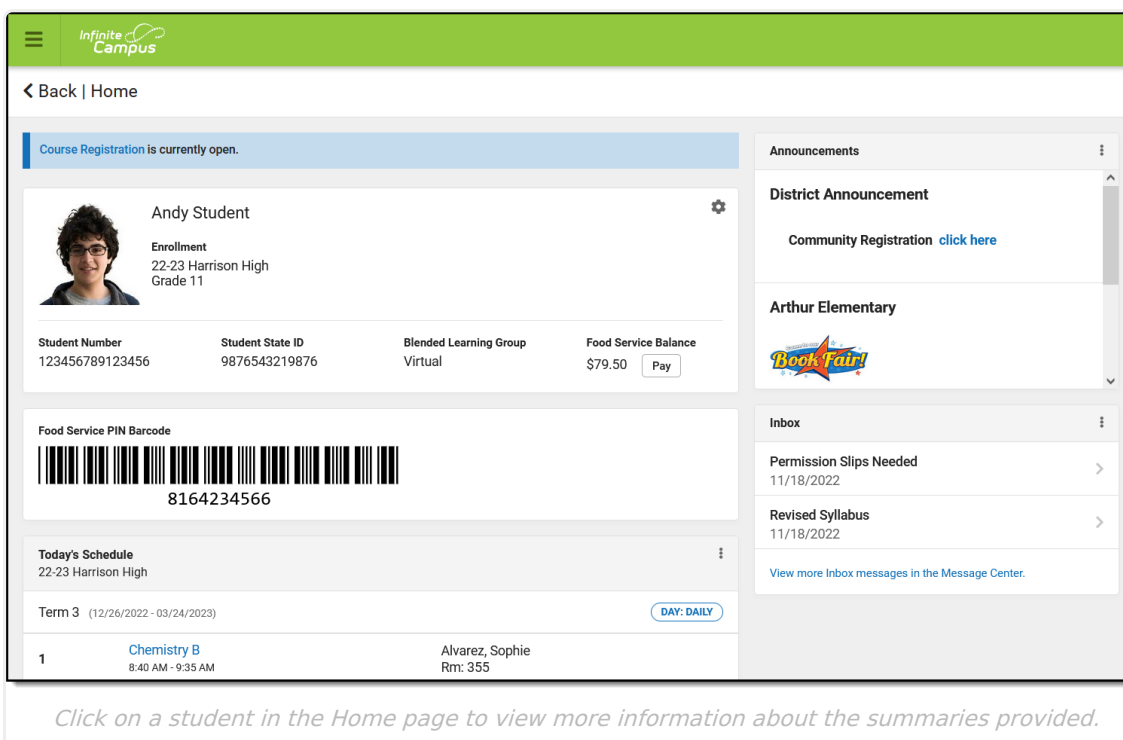

- Food Service Balance
- Documents Need Attention - any documents, such as special education documents or other forms requiring a signature.
- Assignments Due Today
- Recent Assignment Scores
- Recent Grade Updates
- Recent Attendance Updates
- Recent Behavior Events

Which updates are considered "recent" is determined by a setting. Click the gear icon (⚙️) above the student cards to indicate the timeframe for which recent data should display. This setting applies to all of the data on a parent's home screen.

Student Details

From the Home screen, click on a student to view information for that student. This is the same home page that displays for students when they use [Campus Student](#).

The student's name, current enrollment(s) and basic data displays at the top of the screen, depending on what has been enabled by the district. If applicable, the student's Food Service barcode then displays.

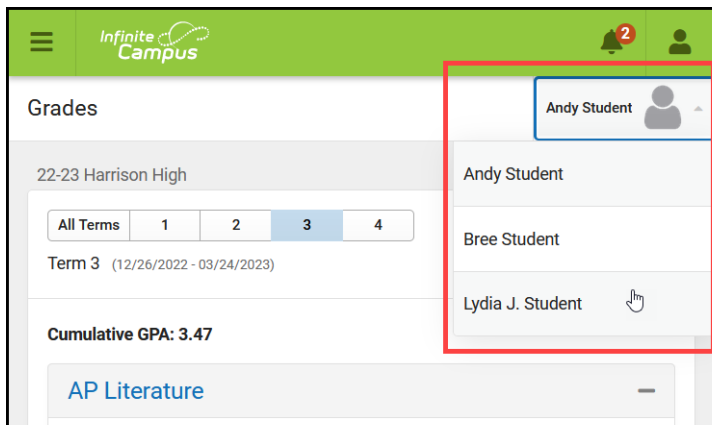

Below that, the following sections display. Click on the items listed, such as assignments or attendance events, to see more information:

- Today's Schedule
- Documents Need Attention
- Assignments Due Today
- Assignments Due Tomorrow
- Recent Assignment Scores

- Recent Grade Updates
- Recent Attendance Updates

Navigation

If a tool is specific to a single student, such as Grades or Schedule, a student dropdown list displays in the top right corner. This dropdown list does not display for tools that are not student specific like Announcements.

Switch between students using the dropdown list in the corner.

If a student has multiple enrollments, a dropdown list displays at the top of tools like Grades and Schedule listing each enrollment. Other tools, such as Behavior, show multiple enrollments on one screen, with data separated by enrollment.

Select which enrollment to view if the student has multiple enrollments.
