Academic Planning

Academic Planner Error on Portal (SIS-172295)

The Academic Planner on on the Portal was displaying an error instead of the student's Academic Plan. This has been corrected.

Path: Portal > Academic Planning

Activity Registration

Activity Registration Maintenance (SIS-172246)

The following updates have been made to the Activity Registration tool:

- Duplicate teacher names were shown under section on Post to Course Section. This has been corrected.
- Activity Monitor step 4 description was not loading if the user clicked Previous in step 5. This has been corrected.
- Added an info icon on Step 4 of the Activity Builder.

Path: Student Information > Activity Registration

Assessments

Assessment Score Fields Update (SIS-170970)

The selection of certain score fields under the Test Detail section of the Assessment Center triggered errors that prevented users from creating or modifying assessments. The issue has been corrected.

Path: Assessment Center > Test Detail > Score Fields

Proficiency Levels Added to Assessment Center (SIS-171553) **[Enhancement]**

The Result Statuses section under the Test Information area of the Assessment Center has been updated to include Proficiency fields.

Attributes have been added to the Test section of the Attribute Dictionary. These are unlocked so users can modify the list or add more dictionary values:

- Proficiency Status
- Proficiency EL Status

New checkboxes added:

- 'Use Proficiency Statuses': Unchecked by default.

- 'EL': Inactive until 'Use Proficiency Status' is marked.

Section headings changed:

- 'Result Statuses' changed to 'Result / Proficiency Statuses'.
- 'Label' changed to 'Result Label'.

New column added:

- 'Proficiency Status': Required when 'Use Proficiency Statuses' is marked.

Path: Assessment > Assessment Center > Test Detail > Result / Proficiency Statuses

End of Life Messages Added to Proficiency Levels and Achievement Standards (SIS-171580) **[Enhancement]**

The Proficiency Levels and Achievement Standards tools will not be available after Fall 2023.

The Result / Proficiency Statuses section (formerly known as Result Statuses) under the Test Information area of the Assessment Center has been updated to include Proficiency fields (SIS-171553).

Path: Assessment > Assessment Center > Test Information

Test Detail Date Fields Updated (SIS-172094) **[Enhancement]**

The date fields under the Test Detail of the Assessment Center have been updated to require the full date value to save. An error toast message displays when the complete date value is not entered.

Path: Assessment > Assessment Center > Test Detail

Test Detail User Interface Updated (SIS-172439) **[Enhancement]**

The Test Detail section of the Assessment Center has been updated to enhance user experience:

- Users can navigate backward / forward on the screen and expand / collapse the page dividers using the 'Tab' button on their computer keyboard.
- All labels have been updated to be read when using a screen reader application.
- The Proficiency Status field clears when the EL checkbox is selected after the Use Proficiency Statuses box is marked and data is entered in the Minimum Value, Result Code, Result Label, and Proficiency Status fields. This allows for the selection of an EL-specific proficiency code.

Path: Assessment > Assessment Center > Test Detail

Campus Instruction

Instruction Reports - Multi-Select Dropdown Lists (SIS-158141) **[Enhancement]**

Section dropdown lists in reports now stay open once clicked to allow users to select multiple sections without needing to reopen the dropdown list each time.

Path: Instruction > Reports

Accessing Classroom without Grade Book Rights (SIS-168332)

Previously, users who do not have tool rights to the Grade Book encountered an access error when accessing Classroom. This has been corrected.

Path: Instruction > Classroom

Instruction Reports - Saved Templates (SIS-169952)

Previously, report options were not saved in the Save Report Options modal if the user dismissed the modal by hitting Enter instead of clicking Save. This has been corrected.

Path: Instruction > Reports > Save Report Options

Importing Standards - CFDocument Limit (SIS-171050)

The CFDocument limit when importing standards via a CASE framework has been increased from the default value of 100 to 2000.

Path: Grading & Standards > Standards Bank > Import Standards

New Look of Campus and Classroom (SIS-172023)

Previously, when a user had enabled the Classroom view, the index in the New Look showed Classroom as the current tool, regardless of what tool the user was currently viewing. This has been corrected.

Path: Instruction > Classroom

GRAD Score in Advisory (SIS-172556)

Previously, GRAD Scores were not displaying in the Advisory tool This has been corrected.

Path: Instruction > Advisory

Campus Learning

Logging into Google Drive from Campus Student (SIS-166030)

Previously, Campus Student app users sometimes encountered a white screen when responding to assignments with Google Drive submission enabled. This has been corrected.

Path: Campus Student > open an assignment with Google Drive submission enabled

Campus Student & Campus Parent

Campus Student & Campus Parent Updates (SIS-172315) **[Enhancement]**

The following updates have been made to Campus Student and Campus Parent:

- Made updates to improve the accessibility of the home screen in Campus Parent and Campus Student.
- Students with multiple enrollments now see tabs for each enrollment in Today's Schedule.
- Rearranged the Day Event alert in the individual student card.

The following issues were also addressed:

- Some language translations caused Campus Student and Campus Parent to lock up when selected.
- Students were unable to see their Academic Plans under certain Enrollment scenarios.
- Parents with only one student encountered errors when generating the Academic Plan Progress Report.
- Clicking an email address in Campus Student/Parent to open an email with that recipient did not work if using a Chromebook.
- If Academic Planning was enabled only for students, the Graduation Progress field still displayed in Campus Parent. If Academic Planning was enabled only for parents, the Graduation Progress field did not display in either Campus Student or Campus Parent.

Additionally, Zomi has been added to the Translation tool in Data Utilities > Language/Translations for districts who want to add translations for that language.

Custom

Enhancements to Custom Tool Management (SIS-171467) **[Enhancement]**

The Custom Outline Link and Custom Tab tools have been replaced by Custom Tool Setup. This new tool streamlines the custom outline link and custom tool experience by providing a singular place to create and manage these items. All existing custom links and tools are now displayed in a single view, with each item’s Classic and New Look locations listed, the type of tool they are, and

indication if they are state-owned and published (for state-linked districts).

For more information about this new tool, see the Custom Tool Setup article.

Path: System Administration > Custom > Custom Tool Setup

Internally Linked Custom Tabs Generating Error (SIS-172123)

A previous case caused an issue with internally linked custom tabs opening with externalResource.jsp instead of plaintextURL.jsp, preventing users from accessing and using these tabs. This issue was corrected.

Path: Custom Tabs

Delete Custom Tool Instructions Added to State Edition Custom Tool Setup (SIS-172487) **[Enhancement]**

Additional instructions were added to the Custom Tool Setup within State Edition to inform State Edition users attempting to delete published custom tools that they must first unpublish the tool before they are allowed to delete it.

Path: System Administration > Custom > Custom Tool Setup

Data Integrity

Data Validation Rules Update (SIS-171738) **[Enhancement]**

Data Validation Rules for students that were converted from the Data Health Check are are now able to be run by school plus end year.

Path: Data Integrity > Data Validation > Validation Rules

Arizona - Schoolwide Title 1 (SIS-171656)

Report logic has been added for Schoolwide Title 1 programs. This change applies to the Student Program Associations and Student Needs Resources.

Student Needs Updates

For every enrolled students (where they are not excluded), a record for 19: Other Academic Services need is sent, and reports the start date of the enrollment for the Student Need Entry Date, and the earlier date of either the enrollment end date or the last instructional date of the calendar for the Student Need Exit Date.

Student Program Associations

For every enrolled students (where they are not excluded), a record for 29: Title 1 Other Program need is sent, and reports the start date of the enrollment for the Begin Date, and the earlier date of either the enrollment end date or the last instructional date of the calendar for the End Date.

A resync is needed for both resources listed above.
