Report Logic

Each row counts for students in State Grade Levels KG, 01, 07, and 12. Counts on this report use the ImmComplianceStatus table to obtain the Compliance Status for each student with an active enrollment on the Effective Date.

Extract Editor

Extract Field	Description
Effective Date	The day on which data is pulled for the report.

Extract Field	Description
Select Grade(s)	The grade level(s) reported. Multiple grades can be selected. Options are KG, 01, 07, and 12.
Ad Hoc Filter	Select a pre-made Ad hoc filter to narrow the results further to those students in the query.
Generate Report	Generates the report for the calendar(s) selected in the extract editor.

Generate Report

1. Enter an **Effective Date**. The day defaults to today.
2. Select which **Grade(s)** to include on the report.
3. Optional: select an **Ad hoc Filter** to narrow results.
4. Click **Generate Report.**

Header

Element	Description	Database Location
Report Period	The school year that contains the Effective Date selected in the extract editor. *Numeric, CCYY-CCYY*	SchoolYear.startYear + SchoolYear.endYear
Name of School	The name of the school generating the report. *Alphanumeric*	School & District Settings > School Information > Name School.name
School District #	The district number of the school.	School & District Settings > District Information > Number District.number
Date of Report	The effective date selected in the extract editor. *Date, MM/DD/YYYY*	Effective Date from Extract Editor

Element	Description	Database Location
Name and Title of Person Completing Report	The person generating the report.	N/A
Phone	The phone number of the school generating the report.	School & District Settings > School Information > Phone School.phone
School Address, City	The street number, name, and city for the school's address.	School & District Settings > School Information > Address, City School.address School.city
State	Reports as ID. *Alphanumeric, "ID"*	N/A
Zip	The zip code for the school. *NNNNN-NNN or NNNNN*	School & District Settings > School Information > Zip School.zip
County	The name of the district county. *Alphanumeric*	School & District Settings > District Information > County County.name
E-mail address	The email address of the person generating the report.	N/A
Type of School	Indicates the type of school reporting. Options include Public, Private, or Charter.	Checkboxes

Report Layout

Element	Description	Database Location

Element	Description	Database Location
A. Total Number of ADEQUATELY IMMUNIZED Students	The total number of students with all compliance statuses of Compliant or No Requirement for all 8 vaccines. Students can only have a State Exemption Code of D for Varicella to report.	ImmComplianceStatus.complianceStatus
B. Total Number of CONDITIONALLY ADMITTED Students	The total number of students with at least one immunization compliance status of In Progress but no statuses of Non-Compliant.	ImmComplianceStatus.complianceStatus ImmCompliance.exemptionID
C. Total Number of Students with an EXEMPTION on file at the school		
C1. Total number of students with MEDICAL Exemptions	The total number of students with a State Exemption Code of M on any immunization compliance record. Students with exemptions not mapped to a State Exemption Code OR with at least one compliance record with a status of In Progress do NOT report here (In Progress students report for section B).	ImmComplianceStatus.exemptionID VaccineExemption.stateExemptionCode ImmComplianceStatus.complianceStatus

Element	Description	Database Location
C2. Of those student with a MEDICAL Exemption, how many are exempt from ALL immunizations	The total number of students with a combination of at least one State Exemption Code of M or No Requirement. Students with exemptions not mapped to a State Exemption Code OR with at least one compliance record with a status of In Progress do NOT report here (In Progress students report for section B). When students have a combination of Medical and Religious exemptions, they report in C1.	ImmComplianceStatus.exemptionID VaccineExemption.stateExemptionCode ImmComplianceStatus.complianceStatus

Element	Description	Database Location
C3. Total number of students with RELIGIOUS/OTHER exemptions	The total number of students with a State Exemption Code of R or O for any immunization compliance record AND no records with a State Exemption Code of M. Students with exemptions not mapped to a State Exemption Code OR with at least one compliance record with a status of In Progress do NOT report here (In Progress students report for section B). When students have a combination of Medical and Religious exemptions, they report in C1.	ImmComplianceStatus.exemptionID VaccineExemption.stateExemptionCode ImmComplianceStatus.complianceStatus
C4. Of those students with a RELIGIOUS/OTHER EXEMPTION, how many are exempt from ALL immunizations	The total number of students with at least one record with a State Exemption Code of R or O or No Requirement AND no records with a State Exemption Code of M or D. Students with exemptions not mapped to a State Exemption Code OR with at least one compliance record with a status of In Progress do NOT report here (In Progress students report for section B).	ImmComplianceStatus.exemptionID VaccineExemption.stateExemptionCode ImmComplianceStatus.complianceStatus

Element	Description	Database Location
D. Total Number of INCOMPLETE students	The total number of students who meet the following requirements: • they have at least one immunization compliance record with a status of Non-Compliant for DTP, Polio, Hepatitis B, MMR Varicella, Hepatitis A, Tdap, or Meningococcal. • they have NO records with a State Exemption Code of M, R, O, or D (Varicella can have D) for DTP, Polio, Hepatitis B, MMR Varicella, Hepatitis A, Tdap, or Meningococcal. • they have NO records with a status of In Progress for DTP, Polio, Hepatitis B, MMR Varicella, Hepatitis A, Tdap, or Meningococcal. • they have any shot dates or exemptions for ANY vaccine.	ImmComplianceStatus.exemptionID VaccineExemption.stateExemptionCode ImmComplianceStatus.complianceStatus
E. Total number of students with NO RECORD on file at the school	The total number of students with no shot doses OR exemptions on file for ANY vaccine.	VaccineShot.personID

Element	Description	Database Location
F. TOTAL ENROLLMENT	The total number of students enrolled on the Effective Date in each State Grade Level. This is the sum of Sections A + B + C1 + C3 + D + E.	N/A
G. DIPTHERIA, TETANUS, PERTUSSIS (DTaP, DTP, DT, Td) 5 doses required for children born after 9/1/1999.		
Adequately Immunized – Total number of students adequately immunized with DTaP	The total number of students who are Compliant for DTaP-DTP. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for DTaP.	ImmComplianceStatus.complianceStatus
Conditionally Admitted – Total number of students conditionally admitted for DTaP	The total number of students In Progress for DTaP-DTP.	ImmComplianceStatus.complianceStatus
Exempt – Total number of students exempted from DTaP	The total number of students with a State Exemption Code of M, R, or R for DTaP-DTP.	VaccineExemption.stateExemptionCode
Incomplete – Total number of students missing 1+ doses of DTaP	The total number of students with a Compliance Status of Non-Compliant for DTaP-DTP AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID

Element	Description	Database Location
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID

H. POLIO (IPV, OPV)
4 doses required for children born after 9/1/1999

Element	Description	Database Location
Adequately Immunized – Total number of students adequately immunized with Polio	The total number of students who are Compliant for Polio. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for Polio.	ImmComplianceStatus.complianceStatus
Conditionally Admitted – Total number of students conditionally admitted for Polio	The total number of students who are In Progress for Polio.	ImmComplianceStatus.complianceStatus
Exempt – Total number of students exempted from Polio	The total number of students with a State Exemption Code of M, O, or R for Polio.	VaccineExemption.stateExemptionCode
Incomplete – Total number of students missing 1+ doses of Polio	The total number of students who are Non-Compliant for Polio AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID

Element	Description	Database Location
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID
I. MEASLES, MUMPS, RUBELLA (MMR, MMRV) 2 doses required if born after 9/1/1999, otherwise 1 dose is required		
Adequately Immunized – Total number of students adequately immunized with MMR	The total number of students who are Compliant for MMR or MMRV. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for MMR.	ImmComplianceStatus.complianceStatus
Conditionally Admitted – Total number of students conditionally admitted for MMR	The total number of students who are In Progress for MMR or MMRV.	ImmComplianceStatus.complianceStatus
Exempt – Total number of students exempted from Polio	The total number of students with a State Exemption Code of M, O, or R for MMR or MMRV.	VaccineExemption.stateExemptionCode
Incomplete – Total number of students missing 1+ doses of MMR	The total number of students who are Non-Compliant for MMR or MMRV AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID

Element	Description	Database Location
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID
J. HEPATITIS B 3 doses required for all children		
Adequately Immunized – Total number of students adequately immunized with Hep B	The total number of students who are Compliant for Hepatitis B. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for Hepatitis B.	ImmComplianceStatus.complianceStatus
Conditionally Admitted – Total number of students conditionally admitted for Hep B	The total number of students who are In Progress for Hepatitis B.	ImmComplianceStatus.complianceStatus
Exempt – Total number of students exempted from Hep B	The total number of students with a State Exemption Code of M, O, or R for Hepatitis B.	VaccineExemption.stateExemptionCode
Incomplete – Total number of students missing 1+ doses of Hep B	The total number of students who are Non-Compliant for Hepatitis B AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID

Element	Description	Database Location
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID
K. VARICELLA (CHICKENPOX MMRV) 2 doses required if born after 9/1/2005, otherwise zero doses are required **Note**: This is not counted for State Grade 12.		
Adequately Immunized– Total number of students adequately immunized with Varicella	The total number of students who are Compliant for Varicella. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for Varicella.	ImmComplianceStatus.complianceStatus
History of chickenpox disease documented by licensed healthcare professional	The total number of students with a State Exemption Code of D for Varicella.	VaccineExemption.stateExemptionCode
Conditionally Admitted – Total number of students conditionally admitted for Varicella	The total number of students who are In Progress for Varicella.	ImmComplianceStatus.complianceStatus
Exempt – Exemption claimed for medical, religious, or other reasons	The total number of students with a State Exemption Code of M, O, or R for Varicella.	VaccineExemption.stateExemptionCode

Element	Description	Database Location
Incomplete – Total number of students missing 1+ doses of Varicella	The total number of students who are Non-Compliant for Varieclla AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID

L. HEPATITIS A 2 doses required if born after 9/1/2005, otherwise zero doses are required **Note**: This is not counted for State Grade 12.		
Adequately Immunized– Total number of students adequately immunized with Hep-A	The total number of students who are Compliant for Hepatitis A. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for Hepatisis A.	ImmComplianceStatus.complianceStatus
Conditionally Admitted – Total number of students conditionally admitted for Hep A	The total number of students who are In Progress for Hepatitis A.	ImmComplianceStatus.complianceStatus
Exempt – Total number of students exempted from Hep A	The total number of students with a State Exemption Code of M, O, or R for Hepatitis A.	VaccineExemption.stateExemptionCode

Element	Description	Database Location
Incomplete – Total number of students missing 1+ doses of Hep A	The total number of students who are Non-Compliant for Hepatitis A AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID
M. TETANUS, DIPTHERIA, PERTUSSIS BOOSTER (Tdap) Note: This dose not count for State Grades KG or 01.		
Adequately Immunized– Total number of students adequately immunized with Tdap	The total number of students who are Compliant for Tdap. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for Tdap.	ImmComplianceStatus.complianceStatus
Exempt – Total number of students exempted from Tdap	The total number of students with a State Exemption Code of M, O, or R for Tdap.	VaccineExemption.stateExemptionCode

Element	Description	Database Location
Incomplete – Total number of students missing 1+ doses of Tdap	The total number of students who are Non-Compliant for Tdap AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID

N. MENINGOCOCCAL (MenACWY)
- 1 dose is required for 7th grade –* Conditional Admission is not available for Meningococcal as only 1 dose is required
- 2 doses are required for 12th grade

Note: This dose not count for State Grades KG or 01.

Element	Description	Database Location
Adequately Immunized– Total number of students adequately immunized with Meningococcal	The total number of students who are Compliant for Meningococcal. This means the student has at least one vaccine shot record with a Compliance status of Compliant or No Requirement for Meningococcal.	ImmComplianceStatus.complianceStatus
Conditionally Admitted – Total number of students conditionally admitted for Meningococcal	The total number of students who are In Progress for Meningococcal.	ImmComplianceStatus.complianceStatus

Element	Description	Database Location
Exempt – Total number of students exempted from Meningococcal	The total number of students with a State Exemption Cod of M, O, or R for Meningococcal.	VaccineExemption.stateExemptionCode
Incomplete – Total number of students missing 1+ doses of Meningococcal	The total number of students who are Non-Compliant for Meningococcal AND they have a vaccine record (an exemption or shot dose for ANY vaccine). Students with no vaccine record do NOT report here.	ImmComplianceStatus.complianceStatus VaccineShot.personID
No Record – Total number of students with no immunization record (must match Section E)	The total number of students with no shot doses in ANY vaccine and no exemption codes in ANY vaccine. This is the same count as Section E.	VaccineShot.personID
