Technical Information

See the Technical Information - Release Pack Campus.2347 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2347) article for a list of schema changes in this release.

Activity Registration

Activity Registration Maintenance (SIS-173531)

The following updates have been made to the Activity Registration tool:

- Resolved an issue where the Auto-Post functionality would cease processing when a student met the posting criteria, yet no Course/Section data was available for the school to which the student should post.
- Resolved an issue where Auto-Post checked for enrollments in the school the calendars were associated with rather than enrollments in the chosen calendars.
- Resolved an issue where pressing any of the buttons in the Timeframe group would result in a server error after successfully rolling forward an activity.

Path: Student Information > Activity Registration

Assessment

National Test Codes Added (SIS-169820)

The following National Codes have been added to the Test section of the Core Attribute Dictionary.

They display as options under the National Code drop list when the National Test option is selected under Test Type in the Assessment Center:

- NNAT3
- PreACT 8/9
- PreACT Secure

Path: Student Information > Assessment Administration > Assessment Center > Test Type

Display Error When Adding an Existing Child Test to a New Parent Test (SIS-173019)

Adding an existing child test to a new parent test resulted in the removal of the display name of the saved parent test in the Assessment Center. This issue has been corrected.

Path: Student Information > Assessment Administration > Assessment Center > Test Detail

Score Fields Displayed When Not Selected (SIS-173652)

Some score fields displayed on the Student Assessment screen despite not being designated on the specific assessment under the Test Detail of the Assessment Center. This issue has been corrected. Only the score fields selected under Test Detail display on the student assessment detail.

Path: Student Information > General > Assessment

Test Score Fields Not Displaying on Student Assessments (SIS-173715)

Certain state-specific test score fields that were previously hard coded were not displayed on student assessments despite being marked as unhidden. This issue has been resolved. The following test score fields have been unhidden by default and display on a student's assessment record:

- Comments
- Language
- Modification
- Progress
    - OH
- Question Count
- Responsible Entity ID
    - AZ
- Result Level

Path: Student Information > General > Assessment

Information Button Added (SIS-173808) **[Enhancement]**

A new information button has been added next to the 'Use Proficiency Statuses' checkbox under the Result / Proficiency Statuses section of Test Detail in the Assessment Center. It states:

- When data has been set up for either Result or Proficiency Statuses to be calculated, you can set the mapping calculation for either of these fields using Raw Score or Scale Score from Step 3.

Path: Student Information > Assessment Administration > Assessment Center > Test Detail

Assessment Publishing API Fix (SIS-173896)

An error was detected in the API for assessment publishing. This issue has been corrected.

Path: Student Information > Assessment Administration > Assessment Center > Publish

Error When Creating and Deleting Assessments (SIS-174004)

An error generated when users created new parent and child assessments and then tried to delete both. This issue has been corrected.

Path: Student Information > Assessment Administration > Assessment Center

Assessment Center Updated (SIS-174070) **[Enhancement]**

The Assessment Center has been enhanced to include score import functionality. The following options are available:

- 1-Test Detail: Define the necessary assessment details including:
  - Test Type
  - Display Settings
  - Score Fields
  - Result / Proficiency Statuses
  - Child Tests
- 2-Data File Detail: Select a data file to upload. Only Comma Delimited file types are accepted currently.
- 3-Map Data: Map the data from the selected source file to the database fields for import.
- 4-Test Mapping: Test data mappings for accuracy and make changes as needed.
- 5-Import Data: Import mapped data to the Infinite Campus system.

Path: Student Information > Assessment Administration > Assessment Center

Attendance

Attendance (SIS-172804) **[Enhancement]**

The option to generate the Positive Attendance Summary Report in CSV format has been added.

Path: Attendance Office > Reports > Positive Attendance Summary

Campus Instruction

Keyboard Shortcuts to Score Assignments (SIS-110134)

Previously, if a teacher flagged an assignment using a keyboard shortcut (such as T for Turned In) and the assignment was scored using a rubric, the flag letter displayed as crossed out. This has been corrected.

Path: Instruction > Grades > Grade Book

Flags in Student Summary Report (SIS-146441) **[Enhancement]**

The Turned In flag has been added to the Student Summary report, which reports as 'TI.'

Path: Instruction > Reports > Student Summary

Switching Calendars in Classroom (SIS-168859)

Previously, if a teachers switched Calendars in the Campus toolbar while using the Classroom view, the current course displaying in Classroom did not switch to a course in the selected Calendar. This has been corrected.

Path: Instruction > Classroom > Classroom

Printing a Seating Chart or Roster (SIS-172267) **[Enhancement]**

The print button in Seating Charts and the Roster has been renamed from 'Report Options' to 'Print Options' to be more intuitive.

Path: Instruction > Students > Seating Chart, Roster > Print Options

Classroom Server Error (SIS-172362)

Previously, teachers sometimes received a server error when loading Classroom for the first time. This has been corrected.

Path: Instruction > Classroom > Classroom

Scoring Submissions Performance (SIS-172769)

Previously, the Submission scoring screen took a long time to load for some teachers. Load time for this screen has been improved.

Path: Instruction > Grades > Grade Book > expand an assignment > Evaluate Work

Section Summary Report - Composite Weights (SIS-172934)

The Section Summary Report has been updated to report composite weights correctly when more than one section is included in the report.

Path: Instruction > Reports > Section Summary

Accessing Classroom without Grade Book Rights (SIS-173424)

Some teachers were still receiving an authorization error when accessing Classroom if they didn't have Grade Book tool rights. This has been corrected.

Path: Instruction > Classroom > Classroom

Section Summary and Student Summary Reports (SIS-173669)

The Section Summary and Student Summary reports have been updated so that assignments no longer need to be selected to run the reports. If no assignments are selected in the report editor, the 'Assignment is required' message no longer displays. Additional changes to these reports will be available in a future release.

Path: Instruction > Reports > Section Summary, Student Summary

Instruction Report Updates (SIS-173679)

The following updates have been made to Instruction reports:

- Blank Spreadsheet: Improved visual display for reports with long column headers and/or many columns.
- Added a CSV option for the Positive Attendance Section Summary report in both Instruction and Attendance Office.
- Added a CSV option to the Section Standards report.

Path: Instruction > Reports; Attendance Office > Reports

Census

Path: Instruction > Settings > Digital Learning Applications Configuration

Online Payments

Card Present Payments Fix (SIS-154171)

Staff Card Present Processing payments reported to the district-level default/food service fund account instead of the school-specific fund account set up for the school they had a district assignment. This has been corrected.

Path: Census > People > Food Service Deposit

Bank Account ID for Fund Accounts (SIS-169096)

When trying to change the Bank Account ID on a Fund account, users would receive an error if the Fee Types checkbox was selected. This has been corrected.

Path: System Settings > Payments > Payments Setup

New Card Entry Method Column and Payment Sources (SIS-171672) **[Enhancement]**

Added a Card Entry Method column to the Payments Reporter to show whether a credit/debit card payment was typed in manually, swiped, or processed through the Campus Mobile Payments app using a chip insert or tap. This will help districts with payment transaction research.

We have also added additional Payment Sources to the Payments Reporter:

- Activity Roster
- Fees
- Food Service
- POS Terminal

Path: System Settings > Payments > Payments Reporter

State-Specific Notes

Arizona

Arizona - Dependency Logic Updates for Ed-Fi Resources (SIS-169567)

Dependency logic has been updated for Student Education Organization Responsibility Associations, Student Program Attendance Events, and Student School Attendance Events resources.

If you see inconsistencies in these resources for any students, it is recommended to perform a resync on these resources.

Path: Reporting > Ed-Fi

Arizona – Student Parent Associations Resource Logic for isIDEAParent (SIS-171649)
[Enhancement]

Logic for the isIDEAParent field on the Student Parent Associations resource has been modified as follows:

- Reports True when the associated student is in SPED (e.g., the student must be eligible to report a Student Special Education Program Association record).
- Reports True when the parent is populated in the IDEA Contact field of a Section 504 record that is active within the scope year.
- For all other situations, reports False.

Path: Reporting > Ed-Fi

Arizona - Title 1 Reporting for Student Needs, Student Program Associations (SIS-173508)

The Student Needs and Student Program Associations Resources have been modified to correctly report Title I information, as follows:

- Title I information reports from the student's Title I individual program when that information is populated for the student. When not populated, information reports from the Title I Schoolwide Program assigned to the school for the current configured year.
- The Title 1 Individual Program End Date must be within or after the current configured year or NULL (not populated) to be eligible to report.

- The Student Need Entry Date (Student Needs) and the Begin Date (Student Program Associations) reports the future nearest instructional date to the calculated date when the calculated date is not an instructional day.
