Tool Search: Program Participation > Dyslexia

The Dyslexia tool records student Dyslexia information as well as district-defined fields. The list of dyslexia records is sorted by Start Date.

A Dyslexia record does NOT indicate the student is dyslexic.

The screenshot shows the 'Dyslexia Editor' interface. At the top, there's a header with a user profile icon, the title 'Dyslexia ☆', and navigation links: 'Student Information > State Programs > Dyslexia'. Below the header, there's a form for student information: 'Counselor: [Name]', 'Student #: [ID]', 'Grade: 11', and 'DOB: [Date]'. A 'Related Tools' button is on the right. Below this, there's a toolbar with 'New', 'Save', 'Delete', and 'Print Summary Report' buttons. The main area is divided into two sections: 'Dyslexia Summary' and 'Dyslexia Detail'. The 'Dyslexia Summary' section has a table with columns 'Row', 'Start Date', 'End Date', and 'Record Creation Date'. The 'Dyslexia Detail' section has fields for 'Start Date' and 'End Date', and a dropdown menu for 'Screened' with options '*Screened' and '*Receiving Intervention'. At the bottom, there's a section for 'District Defined Elements'.
