The Dyslexia tool records student Dyslexia information as well as district-defined fields. The list of dyslexia records is sorted by Start Date.

A Dyslexia record does NOT indicate the student is dyslexic.

The screenshot shows the 'Dyslexia Editor' interface. At the top, there are buttons for '+ New', 'Save', 'Delete', and 'Print Summary Report'. Below this is a 'Dyslexia Summary' table with the following data:

Row	Start Date	End Date	Record Creation Date
