Technical Information

See the Technical Information - Release Pack Campus.2351 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2351) article for a list of schema changes in this release.

Activity Registration

Activity Registration Maintenance (SIS-174193)

- If an activity had 'Post to Course Section' enabled, and students had posted to that course,

swapping the active year cleared out that course data in the roster. This has been corrected.
- Some users could not successfully register for an activity if a blank form had previously been viewed. This has been corrected.

Path: Student Information > Activity Registration

Ad hoc Reporting

Learner Portfolio Fields Added to Ad Hoc (SIS-174616) **[Enhancement]**

A new 'Yearly GPA' object has been added under the Learner Portfolio section of Ad Hoc for State Edition users. Filter fields include:

- personID
- endYear
- districtID
- weightedGPA
- unweightedGPA

Path: Reporting > Ad Hoc Reporting

Assessment

Assessment Publishing Update (SIS-173775)

The Publish tool in the State Editions of the Assessment Center has been updated to display all assessments as expected when using the New Look of Campus.

Path: Student Information > Assessment Administration > Assessment Center > Publish

New Columns Added to dbo.testScore (SIS-174172) **[Enhancement]**

The following columns have been added to 'dbo.testScore':

- modifiedByID: Populates with the personID of the individual generating the import.
- addedByVendor: Indicates if a vendor created the test record.
- imported: Indicates if the import tool was utilized or a user manually created the assessment score record.

Path: N/A

Batch Queue Button Added (SIS-174200) **[Enhancement]**

A 'Batch Queue' button has been added to the homepage of the Assessment Center. When the button is selected, a window opens to display reports for all the assessments the user has generated through the 'Save & Batch Test' option in Step 4-Test Mapping and the 'Save & Batch

Import' option in Step 5-Import Data.

Path: Student Information > Assessment Administration > Assessment Center > Batch Queue

Score Fields Display Update (SIS-174384)

With the release of Campus.2343, the following score fields under Test Detail in the Assessment Center were set to display by default. Some users reported instances of the fields defaulting to hidden:

- Comment
- Question Count
- Result Level

This issue has been corrected and the fields display for all users as expected.

Please note multiple score field options are available. They can be added or modified (designate as required, hide, change sequence, etc.) in the Attribute Dictionary.

Path: Assessment > Assessment Center > Test Detail > Score Fields

Import Logic for State Editions Updated (SIS-174461)

An error generated for State Edition users while importing assessment data. Logic has been updated to resolve this issue:

- District Number: Required field for mapping.
- 'parent.districtNumber': Added option to 'Apply to All Test District Number fields'.

Path: Student Information > Assessment Administration > Assessment Center

Result Statuses Updated (SIS-174512) **[Enhancement]**

The 'Minimum Value' field under the Results / Proficiency Statuses of Test Detail in the Assessment Center is no longer a required field when only Results are set up. This update allows districts to directly import Result values without any calculations and have the Result Code and Result Label display on a student's Assessment page.

Path: Student Information > Assessment Administration > Assessment Center > Test Detail > Result / Proficiency Statuses

Campus Instruction

Section Summary and Student Summary Reports (SIS-172784)

The Section Summary and Student Summary reports have been updated so that when generating a report, users have the option of selecting only tasks/standards without selecting any categories and assignments within them.

Path: Instruction > Reports > Section Summary, Student Summary

Campus Learning

Curriculum Report - PDF Format (SIS-174269)

The PDF version of the Curriculum report has been updated to correctly format Curriculum Focus text.

Path: Instruction > Reports > Curriculum

Census

Find New Household Workflow (SIS-147783)

An issue with the workflow when using the 'Find New Household' tool in New Look has been resolved.

Path: Census > Addresses > Households

New Household Membership Workflow (SIS-159073)

An issue with the workflow when using the 'New Household Membership' tool in New Look has been resolved.

Path: Census > Membership in Households

Combine Person

Combine Person Triggering Error For Students with Store Purchases and Payment Method Being Modified (SIS-168416)

The Combine Person tool was generating an error and failing to combine two people if one or more of them had school store purchase on record. This issue was fixed.

The tool was also incorrectly modifying the payment method ID for payments and recurring payments attributed to the merged person, which could impact historical payment records and recurring payments established for the person. This issue was corrected. Now, when two people who may have store purchase records are merged, historical purchase records are combined and existing payment methods for the kept person are left intact and unmodified.

We also updated the tool to add the CalculatedAbsenteeValues table to Attendance records.

Path: System Settings > Data Utilities > Combine Person Wizard

Custom

SSRS Report Enhancement (SIS-174663) **[Enhancement]**

Updated the dynamic SSRS report options page to display a disabled drop-down list when a field has unmet dependencies.

Path: System Settings > Custom Data and Links > SSRS Report Configuration

DIS/SIF

DIS - Sync Raw Unweighted GPA (SIS-173880) **[Enhancement]**

Raw Unweighted GPA has been updated to sync from District Editions to State Editions to allow for analysis at the state.

Path: DIS

Events & Actions

Events and Actions Message Fix (SIS-144180)

An issue occurred where messages were erroring out and not sending when tied to an Action of the Events and Actions tool that was run with a district-created stored procedure that produced a null value for a column. This has been corrected.

Path: System Settings > Events & Actions > Events & Actions Configuration

Federal Programs

CRDC Bulletin for the Next Round of Changes (SIS-151921)

CRDC reporting tools and documentation have been updated so that data can be submitted for the 2021-2022 school year.

Path: Reporting > Federal Reporting

Fees

Fee Billing Batch Report Fix (SIS-168304)

The Fee Billing Batch Report was showing an incorrect surplus and balance. This has been corrected.

Path: Fees > Reports > Fee Billing Batch Report

Voided Fee Payment Fix (SIS-173822)

If a student made a single payment for multiple fees and one of those fees or payments was voided, it changed the status of the remaining fees to "Returned" on the person's Payments tab. This has been corrected.

Path: Census > People > Payments

Fee Billing Statement Fix (SIS-174107)

When printing a Fee Billing Statement in the Parent/Student Portal, the district name and address did not appear in the upper right-hand corner. This has been corrected.

Path: Parent/Student Portal

Health

Ad Hoc Medication Strength Added (SIS-173458)

Medication Strength is now available under the Medications area for Ad hoc Reporting.

Path: Reporting > Ad hoc Reporting > Filter Designer

Medications Doses Submitted Default Fix (SIS-173953)

Previously, the Doses Submitted value on the Medications tool was auto-populating with a zero instead of blank. This has been fixed and now defaults to blank.

Path: Student Information > Health > Medications

Meningococcal MenACWY Vaccine Exemptions Added (SIS-174223)

Any existing Vaccine Exemptions for the MCV4 Meningococcal vaccine also now apply to the MenACWY Meningococcal vaccine.

Path: Student Information > Health Administration > Vaccine Exemptions

Learner Planning

Team Member Ad Hoc Error Fix (SIS-173613)

An issue where the teamMember and staffMember Ad hoc fields were reporting a token error has been resolved.

Path: Reporting > Ad hoc Reporting > Filter Designer > Student > Learner Planning > Team Member AND Student > Counseling > Staff Member

Special Ed Documents Delete Button Display Fix (SIS-174136)

An issue where the Delete button displayed even when users did not have Delete tool rights for the Special Ed Documents tool has been fixed.

Path: Student Information > Special Education > Special Education Documents

Messenger

Messenger 2.0 Recipient Fix (SIS-171456) **[Enhancement]**

If a staff member had a future start date on their District Employment/District Assignment record, they did not pull in as a recipient to Messenger 2.0. This has been corrected.

Path: Communication > Messenger > Messenger 2.0

LIFT UP Attendance Messages Fix (SIS-174419)

An error in the dynamic content of the messages being sent by Districts participating in the LIFT UP Attendance study was found. This has been corrected

Path: Communication > Messenger > Messenger 2.0

Navigation

Users Encountering Missing Context Page Error (SIS-173002)

In the New Look of Infinite Campus, users who selected a tool which required a person be selected, searched for and selected a person, switched the search to a user search and searched for a user and selected a user were seeing the wrong person as the selected person on the page and were receiving a message saying context was missing. This issue was corrected.

Path: N/A

Title Contents Updated to Meet Accessibility Requirements (SIS-174335) **[Enhancement]**

Title contents in the browser tab of the Parent and Student Portals were updated to meet accessibility requirements. These title contents will dynamically display the tool name followed by " | Infinite Campus".

In the General Product workflow, there will now be one main "Save & Next" button and a separate "Save" button, removing the "Save & Close" option.

Path: School Store > Product Inventory > General Product

Search

Advanced Search Failing to Remember Selected Ad Hoc Filter (SIS-174404)

When using Advanced Search and selecting an Ad Hoc Filter, after completing a search and returning to the Advanced Search tool, the Ad Hoc Filter field was failing to remember the previously selected filter.

Path: Search Tab > Advanced Search

Staff Evaluations

Staff Evaluations Fix (SIS-173681)

While viewing a Staff Member evaluation, the Start Date was not listed as a required field. This has been corrected.

Path: Staff Evaluations > Tools > Supervisor

Student Information

Student Information Grades Tool (SIS-174353) **[Enhancement]**

The Grades tool has been updated to improve usability, more closely match Campus Student and Campus Parent, and provide additional assignment and grade data. The initial view of the Grades tool shows all Terms. Click a course name or grade cell to view grades for that class, with tasks and standards listed. Users now have the option to view the assignments that contribute to a grade and click on specific assignments to view a read-only version.

Additionally, changes have also been made to which GPAs display in the Grades tool in Student Information, and in Campus Student and Campus Parent:

- Previously, the Grades tool displayed Weighted Term GPA, Weighted Term GPA with Bonus Points, Rolling Cumulative GPA, Rolling Cumulative GPA with Bonus Points, and any Custom GPAs that were enabled in the Calendar GPA Calculation Setup tool. Now, Unweighted Term GPA, Unweighted Term GPA with Bonus Points, and all types of Cumulative GPAs can be displayed. A GPA must have a value calculated to display in the Grades tool. Custom GPAs must still be enabled in the Calendar GPA Calculation Setup tool. The student's class rank displays for each Custom and Cumulative GPA. Class Rank does not display on Campus Student and Campus Parent.
- Previously, only the Weighted Term GPA and Weighted Cumulative GPA could be displayed in Campus Student and Campus Parent. Now, new options have been added to configure which GPAs display. New Portal Preferences were added for each GPA in the Portal Display Options. Also, a new Available in Portal checkbox for each Custom GPA has been added in the Calendar GPA Calculation Setup tool. Mark the Portal Preference for a GPA to display it in Campus Student/Parent. If the Portal Preference for Custom GPA is marked, the required custom GPA must also be marked to be Available in Portal in the Calendar GPA Calculation Setup tool.
