Object Triggering Logic | Object Data Elements

Tool Search: Ed-Fi

This association represents student information that is specific to a student's relationship with an Education Organization.

Object Triggering Logic

Action	Trigger
Post	When an enrollment is created and saved for a person and the enrollment overlaps a configured year. • Does not send a record when the enrollment is in a calendar marked as State Exclude. • Does not send a record when the enrollment is in a School marked as State Exclude. • Does not send a record when the No Show or State Exclude checkbox is marked on the enrollment.
Put	When any student data is edited for the person in the Data Elements fields below: • When the following information on the student's identity record is changed: ○ Race/Ethnicity ○ Gender ○ Home Primary Language ○ US Entry Type • When the following information on a student's household location is changed: ○ Household Location ID ○ Mailing ○ Private • When the following information on a student's household membership is added/deleted/changed: ○ Household Membership ID (New household membership) ○ Start Date ○ End Date ○ Private • When the following information on an address to which the student is associated is added/deleted/changed: ○ Address ID (New address) ○ PO Box ○ Number ○ Prefix ○ Street ○ Tag ○ Direction ○ Apt ○ City ○ State ○ Zip • When a student's IEP is locked or unlocked and/or a student's disability is changed on the IEP, Enrollment or State Special Education record. • When the following student's LEP information is changed: ○ Program Status ○ Identified Date ○ LEP Exit Date ○ Parent Refused

Action	Trigger
	• When a student's Response To Intervention Plan is locked/unlocked or the plan name changes. • When any of the Student Characteristics change: ○ Single Parent: When a student's Special Population is changed. ○ Parent in Military: A Military Connections record exists for a Guardian of the student, Start/End Dates are changed so the record no longer overlaps the configured year, the Guardian checkbox is checked/unchecked, the record is deleted. ○ Homeless, Unaccompanied Youth, Runaway: A student has a Homeless record that overlaps the configure year, Start/End Dates are changed so record no longer overlaps configured year, the record is deleted, the Unaccompanied Youth field is changed, the Runaway checkbox is checked or unchecked. ○ Kansas At Risk Program Participation ○ Migrant Indicator • When the Immigrant Student Descriptor Value changes. • When Neglected Student Descriptor changes. • When a student's CTE information changes on any of the following fields: ○ cteCertificationEarnedDescriptor ○ cteCertificationTermDescriptor ○ cteCertificationDateEarned ○ graduationYear • When a student's Transportation information changes on any of the following fields: ○ milesTransported ○ nonResidentTransportation ○ transportationFTE
Delete	This record is deleted when the student no longer has an eligible enrollment in the District.
Delete	When the enrollment is marked as a No Show or State Exclude.

Resource Toggle and Resync Logic

This table describes the Resource Toggle and Trigger logic of this object.

Action	Business Rule
None	When a resource is toggled to OFF after data has sent, all sent data remains in the ODS but no new data sends.
Resync	When a record is in the Ed-Fi Identity Mapping table and not in the ODS, it is deleted from the Ed-Fi Identity Mapping table.
Resync	When a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it is deleted from the ODS.
Resync	When a mapping is changed in Resource Preferences, a resync needs to be done to reflect the changes.

Natural Key Changes, Cascading Updates, and Deletes Logic

This table describes the Natural Key Changes/Cascading Updates and Deletes logic of this object.

Action	Business Rule
Post/Delete	Natural Key Change: When the District Number/Ed-Fi District Number changes, a delete/post occurs with the cascading deletes from the LEA ID Change triggers. When an Ed-Fi ID changes, this happens with the cascading deletes from the Ed-Fi ID Change trigger.

Action	Business Rule
Delete	Cascading Deletes: N/A - no dependent resources

Scope Year Logic

This table describes scope year logic of this object.

Logic
The record sends to the scope year for the school year the enrollment is associated with. • The enrollment must overlap with the scope year to report. • Data only sends for the years that have valid configuration.
When using data in Campus that has a single date, the following logic applies to determine the scope year(s) to report the data to. • Current Year: Records are compared to today's date to determine when the record is eligible to report. • Previous Years: The record's date must be on or before the schools year's end date defined in the School Years editor. When blank, the default date of 6/30/xxxx is used. • Future Years: The record's date must be on or after the schools year's start date defined in the School Years editor. When blank, the default date of 7/01/xxxx is used.
When using data in Campus that have start and end dates, the following logic applies to determine the scope year(s) to report the data to. • Current Year: The records start date must be on or before today's date and the records end date must be on or after today's date. • Previous Years: The record's start date must be on or before the school year's end date and the record's end date must be after the school year's end date defined in the School Years editor. When blank, the default date of 6/30/xxxx is used. • Future Years: The record's start date must be on or before the schools year's start date and the record's end date must be on or after the school year's start date defined in the School Years editor. When blank, the default date of 7/01/xxxx is used.
