Tool Search: Section Student Detail

The Section Student Detail tool provides a location where districts can collect course-related state reporting data for individual students in a course section. The College Credits checkbox and Hathaway Subject Override field are used to indicate if college credits are earned for the course and to indicate the Hathaway credit for the course.

See the core [Section Student Detail](#) article for additional information.

The screenshot shows the 'Section Student Detail' interface for '1100-1 Integrated Math I' with teacher 'Lifellearn, Kelvin'. It features a search bar with the text 'Minimum 3 characters required' and a 'Display Records' section with 'Previous', 'Active', and 'Future' filters. The main area contains a table with five student entries:

At the bottom left, there are 'New' and 'Batch Fill' buttons.
