Technical Information - Release Pack Campus.2351

Last Modified on 12/23/2025 10:28 am CST

This article collects the changes made to the database schema as part of the Campus.2351 release pack. Campus provides this information to enable users to update queries and scripts that may be affected by these changes.

Data Definition Language Scripts (DDL)

This section lists data structures that were created, altered, or dropped, based on the vocabulary used to define data structures in SQL Server.
