Technical Information

See the Technical Information - Release Pack Campus.2403 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2403) article for a list of schema changes in this release.

Activity Registration

Roster Payment Processing (SIS-166566) **[Enhancement]**

Roster Payment Processing is a brand new feature that will allow for cash, check, and credit card transactions to be taken for an Activity from within the Activity Registration roster screen.

Path: Student Information > Activity Registration > Activity Monitor

Activity Registration Maintenance (SIS-175269)

The following updates have been made to the Activity Registration tool:

*The ability to provide email receipts for credit card transactions was added to the Roster Payments side panel.

Path: Student Information > Activity Registration

Assessment

Error When Navigating from Test Detail to Data File Detail (SIS-174920)

There was an issue with navigating between the Test Detail and Data File Detail pages in the Assessment Center (https://kb.infinitecampus.com/help/assessment-center). This has been resolved. Users can navigate between the two pages with test data loading as expected.

Path: Student Information > Assessment Administration > Assessment Center

EL Proficiency Status Values Not Displaying (SIS-175065)

There was an issue with the Proficiency Level drop list displaying blank values on the Student Assessment (https://kb.infinitecampus.com/help/assessment-student) page when creating a new test score record for a student. This occurred despite having the 'Use Proficiency Statuses' and 'EL' checkboxes marked on the test. The issue has been resolved and the EL-specific proficiency statuses display in the Proficiency Level drop list as expected.

Path: Student Information > General > Assessment

Feedback Button Added to Assessment Center (SIS-175312) **[Enhancement]**

A Feedback button has been added to the Assessment Center (https://kb.infinitecampus.com/help/assessment-center) homepage. The link directs users to a monitored forum thread dedicated to feedback on the new assessment setup and score data import functionality released in Campus.2351.

Path: Student Information > Assessment Administration > Assessment Center

Attendance

Attendance (SIS-161457) **[Enhancement]**

The logic for the Attendance Wizard (https://kb.infinitecampus.com/help/attendance-entry-wizard) has been updated. It now considers Lunch Setup table values for calculating a student's attendance minutes when using Check-In and Check-Out.

Path: System Admin > Calendar > Calendar > Periods

Campus Learning

Posting Grades from the Progress Monitor (SIS-174819)

Previously, grades could not be posted using the Progress Monitor (https://kb.infinitecampus.com/help/progress-monitor) if the task or standard was using cumulative grading. This has been corrected.

Path: Instruction > Grades > Progress Monitor

Scoring Google Drive Assignments (SIS-174986)

Previously, an error occurred when a teacher saved a score for an assignment with a Google Drive submission (https://kb.infinitecampus.com/help/submissions-assignments-resources) using the Submission scoring screen. This has been corrected.

Path: Instruction > Grade Book > expand Assignment > click submission timestamp

Census

Credentials - Required Field Issue (SIS-167391)

The Education Level field on a Credential (https://kb.infinitecampus.com/help/credentials) with Type=Education was incorrectly displayed as required. This has been corrected.

Path: Census> Staff > Credentials

Demographics - Incorrect Household Information (SIS-167948)

An issue with incorrect household information appearing on Demographics (https://kb.infinitecampus.com/help/demographics-start-here) in New Look has been resolved.

Path: Census > Demographics

Relationship Delete Rights (SIS-168436)

An issue where users without delete rights to relationships (https://kb.infinitecampus.com/help/relationships) were able to delete non-household relationships has been resolved.

Path: Census > People > Relationships

Custom

Custom Tool Setup – Updates Made to Allow Searching and Filtering of Editor Columns (SIS-173605) **[Enhancement]**

Users with many custom tools and URLs were unable to easily locate a specific tool or URL in the Custom Tool Editor due to pagination. To improve usability, each column in the Custom Tool Editor (https://kb.infinitecampus.com/help/custom-tool-setup-custom-tool-setup) now has a search bar and filtering options, allowing users to narrow displayed tools/URLs as they continue to type in a column's search field or by applying filtering criteria.

Path: System Settings > Custom Data and Links > Custom Tool Setup

Classic Look Placement and URL Fields in Custom Tool Setup Updated to Prevent Truncation (SIS-173606) **[Enhancement]**

The new Custom Tool Setup (https://kb.infinitecampus.com/help/custom-tool-setup-custom-tool-setup) editor within Custom Tool Setup has been greatly widened to take up more screen, preventing the Classic Look Menu Placement and URL fields from truncating when viewing field data.

Path: System Settings Custom Data and Links Custom Tool Setup

Custom Tool Setup – URL Field Required, Preventing the Creation of Custom Folders (SIS-174661)

Custom Tool Setup (https://kb.infinitecampus.com/help/custom-tool-setup-custom-tool-setup) was requiring the URL field be entered for custom URL Links, preventing users from creating URL Links without a URL which allowed them to be used as a folder to house other custom tools. This issue was corrected. The URL field is no longer required in custom URL Links and users can once again utilize URL Links to act as folders for other custom tools/URLs.

Path: System Settings > Custom Data and Links > Custom Tool Setup

Early Warning

Early Warning Tool Failing to Save Settings (SIS-174910)

The Early Warning (https://kb.infinitecampus.com/help/early-warning) tool previously contained a Save button which caused user confusion due to its positioning and design. Additionally, the function tied to this button was broken by related changes to the interface. This button has been removed pending a redesign of this feature.

Path: Student Information > Counseling > Early Warning

Access to Sub Reports Removed from Dashboard View (SIS-175063)

When users double clicked areas of the Insights Dashboard Aggregate View (https://kb.infinitecampus.com/help/insights-dashboard), sub reports displayed inconsistently and were difficult to view. This functionality has been removed to improve user experience. The sub report data is still accessible in each of the full Insight reports.

Path: Insights > Insights Dashboard

Ed-Fi

Enrollment State Exclude Logic Added (SIS-173014)

Post/Delete exclusion logic for Enrollment State Exclude has been added to the following resources:

- Students
- Student Early Learning Program Associations
- Student Education Organization Associations
- Student Education Organization Responsibility Associations
- Student Language Instruction Program Associations
- Student School Associations
- Student School Food Service Program Associations
- Student Special Education Program Associations
- Student Title I TAS Program Associations
- Student Section Associations
- Student Section Attendance Events
- Student School Attendance Events
- Student Parent Associations

Path: Ed-Fi

Fees

Fee Billing Batch Report Fix (SIS-123188)

An error occurred where the Fee Billing Batch (https://kb.infinitecampus.com/help/fee-billing-batch-report) report was not taking Household membership effective dates into account and generating letters for households with no active students. This has been corrected.

Path: Fees > Reports > Fee Billing Batch Report

FRAM

FRAM Eligibility Person Documents Update (SIS-168345)

Person Documents uploaded through the FRAM Eligibility tool will only be available in the Person Documents tool to those with FRAM Eligibility tool rights.

Path: Census > People > Person Documents

FRAM Communication (SIS-170106) **[Enhancement]**

The FRAM Letter Editor has been renamed to FRAM Communication (https://kb.infinitecampus.com/help/fram-communication-video). With this update, the user interface has been enhanced for a better experience.

Path: FRAM > Setup > FRAM Communication

FRAM Errors When Saving (SIS-174945)

An error occurred where users were unable to save FRAM Eligibility documents. This has been corrected.

Path: FRAM > Application Processing > Eligibility

Health

Vaccine Setup Options Removed (SIS-136758)

The "Grade" and "and KG codes" options have been removed from the rule condition options on the Vaccine Setup tool. This option was causing problems with rule processing with multiple sets of grade conditions. Existing rules using the "Grade" and "and KG codes" options remain.

Path: Student Information > Health Administration > Vaccine Setup

Vaccine Exemptions Pneumococcal PCV Update (SIS-174385)

All existing Vaccine Exemptions for the Pneumococcal PPV vaccine also apply for the Pneumococcal PCV vaccine.

Path: Student Information > Health Administration > Vaccine Exemption Setup

Learner Planning

Special Ed IEP Amend Date Fix (SIS-174388)

When amending an IEP after the end date of the plan has passed, an issue occurred when attempting to select the Amendment Start Date using the calendar icon. This issue has been fixed. Users are allowed to amend and IEP after the end date has passed as long as the Amendment Start Date falls within the plan dates.

Path: Student Information > Special Education > Special Ed Documents

Campus Default IEP Template Bank Fix (SIS-174497)

An issue where the template bank associated with the Alt. Dist-Wide Assessments editor District-Wide Assessment field was not connected to an entry in the Template Bank Setup tool has been fixed. The new template bank associated with this field is now called Campus Default IEP: Alt. District-Wide Assessment.

Path: Student Information > Special Education > Special Ed Documents

Special Ed Education Plan Editor Fix (SIS-174715)

An issue where certain fields were not being retained on several state's Education Plan editors has been resolved.

Path: Student Information > Special Education > Special Education Documents

Messenger

Redesign Step 1 of Messenger 2.0 (SIS-174948) **[Enhancement]**

Step 1 of Messenger 2.0 (https://kb.infinitecampus.com/help/send-a-general-message-messenger-20) has been updated to improve accessibility. The initial design lacked easy keyboard navigation, especially in Recipient Types and filtering options. The redesign prioritizes accessibility by grouping similar items and simplifying on-screen choices.

Path: Communication > Messenger > Messenger 2.0

Navigation

New Look of Infinite Campus – Alert Icons Updated to Be Ignored by Screen Readers (SIS-166454) **[Enhancement]**

Updates were made to ensure alert icons which do not need to be read by screen reader software are no longer identified and read.

Path: N/A

New Look of Infinite Campus – Accessibility Updates for Person Information Card (SIS-174857) **[Enhancement]**

The following accessibility-related updates were made to the Person Information card:

- The icon used to access the Person Information card is now labeled as “Information Card”.
- A tool tip was added to the Person Information card button.
- Flag buttons are now a list.
- Details after the Person Information card button is selected are now in a list.

- Shift-tabbing no longer takes you out of the card.

Path: Census > People > Identities

OneRoster

OneRoster Cache Refresh (SIS-172930) **[Enhancement]**

The button to trigger a refresh of the OneRoster cache has been moved to the Settings section of the Digital Learning Application Configuration (https://kb.infinitecampus.com/help/learning-interoperability) tool. The date and time of the last successful full refresh is shown above the Refresh button.

The Settings button has been renamed Settings and Management and the options have been rearranged to clarify the distinction between LTI and OneRoster settings.

Path: Instruction > Settings > Digital Learning Applications Configuration

OneRoster Cache Refresh - ID-Specific (SIS-173820)

Refresh logic has been updated so that when a change to a record (such as a Section, Person, etc) prompts a cache refresh, the refresh is specific to the record that was changed and not a full refresh.

Path: No Specific Path

OneRoster Connections using OAuth 1.0 (SIS-174585) **[Enhancement]**

As a result of 1EdTech no longer supporting OAuth 1.0, new connections using that API framework can no longer be created. Connections can be created using OneRoster 1.1 with OAuth 2.0, or using OneRoster 1.2. See the OneRoster Migration Instructions (https://kb.infinitecampus.com/help/oneroster-migration-instructions) article for more information.

Path: Instruction > Settings > Digital Learning Applications Configuration

OneRoster Update (SIS-175046)

A OneRoster performance feature has been turned off as it was found to cause sync issues with certain vendors.

Path: No specific path

Online Payments

Card Service Fee Fix (SIS-174726)

An error occurred where guardians were charged the Card Service Fee for card swipe/manual card entry even though the fee was not enabled in the Payments Setup (https://kb.infinitecampus.com/help/payments-setup). This has been corrected.

Path: System Settings > Payments > Payments Setup

Point of Sale

Deposit Report Fix (SIS-174893)

An error occurred that caused the Deposit Report (https://kb.infinitecampus.com/help/deposit-report) to fail when generating. This has been corrected.

Path: Food Service > Reports > Deposit Report

Deposit Report Fix (SIS-174919)

An error occurred where FS Deposit cash/check transactions were not populating in the Household Deposit Report (https://kb.infinitecampus.com/help/deposit-report). This has been corrected.

Path: Food Service > Reports > Deposit Report

Scheduling

Walk-In Scheduler - Delete from Full Screen View (SIS-173823)

Users could not delete a course from the Full Screen view of the Walk-In Scheduler (https://kb.infinitecampus.com/help/walk-in-scheduler). This has been corrected.

Path: Student Information > General > Schedule > Walk-In Scheduler

Scheduling Board Build, Load Settings Issue (SIS-174933)

An issue with the settings for Drag and Drop: Engage Builder to Automatically Assign Teachers/Rooms, Autoload When Section Is Created or Deleted, and Autoload When Section Is Moved not working as they should when using the Scheduling Board (https://kb.infinitecampus.com/help/scheduling-board-new) has been corrected.

Path: Scheduling & Courses > Scheduling Board

School Store

School Store Ad Hoc Report Fix (SIS-173453)

The Ad Hoc Report (https://kb.infinitecampus.com/help/1350754) would not show instances of multiple

purchases in the School Store if the products shared identical details, such as product type and purchase date. This has been corrected.

Path: Reporting > Ad Hoc Reporting > Filter Designer

Event Category Fix (SIS-174754)

When editing a school store event (https://kb.infinitecampus.com/help/event), removing a category from any PIN dropdown and replacing it with the same category would cause an error while saving. This has been corrected.

Path: School Store > Administration > Events

State-Specific Notes

Arizona

Arizona - Tribal Affiliation Records with New Identity (SIS-169770)

When a new student identity was created for a student who has existing Tribal Affiliation (https://kb.infinitecampus.com/help/census-arizona#tribal-affiliation) data, that data was erased when the new identity was saved. This has been corrected so no data is lost with the new identity.

Path: Census > People > Identities

Path: Ed-Fi

Hawaii

Hawaii English Learners (EL) Update (SIS-174360)

The Date Determined Misidentified label on the English Leaners (EL) tool has been hidden for Hawaii. This aligns with the state's action to hide the Date Determined Misidentified field which previously did not hide the associated label.

Path: Student Information > English Learners > English Learners (EL)

Illinois

Illinois - ISBE Student Demographics and Enrollment Extract Race Code Updates (SIS-174866)

Race codes have been updated for Illinois. These will be mandatory beginning in the 24-25 school year. The Race Code "18: Middle Eastern or North African" has been added. The description for "16: White" has been updated to "A person having origins in any of the original peoples of Europe".

Path: IL State Reporting > ISBE Extracts > Student Demographics/Enrollment

Indiana

Indiana-Ed-Fi-Student Section Associations Updated (SIS-174704)

There was an issue with triggers on the Roster table resulting in errors. This issue has been resolved:

- Triggers on the Roster table have been updated on Indiana Ed-Fi resources (as needed) to NOT send a record if the associated Course has any of the following:
  - "Active" unchecked
  - "Exclude from State Reporting" checked
  - "State Code" value blank
- Course Offering resource returns an error when the State Code (courseCode) value is blank, and it is not otherwise excluded.
