Object Triggering Logic | Scope Year | Object Data Elements | Descriptors

Tool Search: Ed-FI

Relationship Associations are reported from the Enrollment and locked IEPs. This is to identify any relationships a student may have with an organization outside the enrollment.

Object Triggering Logic

The tables below describe the logic for triggering syncing of this object. Expand one of the areas below to see full requirements:

Action	Business Rule
Post	When an enrollment is created and saved for a person. • Does not send a record when the Enrollment is in a calendar marked as State Exclude. • Does not send a record when the Enrollment is in a School marked as State Exclude. • Does not send a record when the No Show checkbox is marked on the Enrollment (conflicting from Student Core to Enrollment and Attendance). • Does not send a record when the Enrollment is summer school (conflicting from Student Core to Enrollment and Attendance).
Put	When any student data is edited for the person in the Data Elements fields below. When a student's enrollment information changes on any of the following fields: • Start Date • Attending District • Attending School • Reporting School • Residing District • Residing School • Sending District • Sending School
Delete	• This record deletes when the student no longer has an eligible enrollment in the District. • When the enrollment is marked as a No Show (conflicting from Student Core to Enrollment and Attendance).

Scope Year

Business Rules
When a new IEP is created, the record reports in the Scope Year that the IEP Start Date overlaps with. • The start date must be on or before the School Year End Date. When School Year End Date is NULL, 6/30/XXXX is used as the default date. • Data only sends for the years that have valid configuration.
When the record is triggered from enrollments, the record sends to the scope year for the school year the enrollment is associated with. • Data only sends for the years that have valid configuration.

Object Data Elements

Data Element Labels in bold are part of the Natural Key and are required data elements for Data to send to Ed-Fi. Expand one of the areas below to see full requirements:

Data Element Label	Description	M, C, or O	Database Location
id	The unique identifier of the resource		
beginDate	Month, day, and year of the start date of an education organization's responsibility for a student. Reports the students Enrollment Start Date.	M	Enrollments > Start Date

Data Element Label	Description	M, C, or O	Database Location
responsibilityDescriptor	Indications of an education organization's responsibility for a student, such as accountability, attendance, funding, etc. When reporting an AttendingDistrictCode below, reports as Attending. When reporting an AttendingSchoolCode below, reports as Attending. When reporting a ReportingDistrictCode below, reports as Reporting. When reporting a ReportingSchoolCode below, reports as Reporting. When reporting a ResidentDistrictCode below, reports as Residing. When reporting a ResidentSchoolCode below, reports as Residing. When reporting a ReceivingCollDistCode below, reports as Receiving. When reporting a SendDistCode below, reports as Sending. When reporting a SendSchoolCode below, reports as Sending.	M	Enrollments > State Reporting Fields
educationOrganizationReference	The identifier assigned to an education organization. For AttendingDistrictCode, reports	M	Enrollment > State Reporting Fields

Data Element Label	Description	M, C, or O	Database Location
	the Attending District. When blank, reports the State District Number. For AttendingSchoolCode, reports the Attending School code. When blank, report the State School Number. For ReportingDistrictCode, reports the State District Number. For ReportingSchoolCode, reports from the Reporting School from the Enrollment State Reporting fields when populated. • When null, looks to Calendar > Calendar Type code of A: Alternative Program School. When the code is A, all students in the calendar report the State School Number from Residing School in the Enrollments State Reporting fields. • When the Reporting School textbox is blank and Calendar Type not AP, looks to School Org Type code of A: Alternative Program School. All students in the school report State School Number and Reporting School from Residing School in Enrollments State Reporting fields. • When Reporting School textbox is blank and Calendar Type not AP and School Org Type is not A: Alternative Program School, reports State School Number. For ResidentDistrictCode, reports the Residing District. When blank, reports the State District Number. For ResidentSchoolCode, reports the Residing School. When blank, reports the State School Number of the student's school of enrollment.		Information > State District Number School Information > State School Number Section Student Detail > Dual Credit Site Override Section > Dual Credit Site Code Calendar > Career Center

Data Element Label	Description	M, C, or O	Database Location
	For ReceivingCollDistCode, reports the Receiving District Code. - When Calendar Career Center is marked, reports the code from the Dual Credit Site Code Override from the Section Student Detail tool. When null, reports the code from the Section Dual Credit Site Code. When the Section Dual Credit Site Code is the same as the student's Attending District, this does NOT report. - When Calendar Career Center is NOT marked AND the Course Dual Credit Site Code is DIST, COLL or ACC, reports the code from the Dual Credit Site Code Override from the Section Student Detail tool. When null, reports the code from the Section Dual Credit Site Code. When the Section Dual Credit Site Code is the same as the student's Attending District, this does NOT report For SendDistCode reports the Sending District Code. - When the Calendar Career Center checkbox is marked, reports the Course Sending District. When null, reports the Residing District from the Enrollment State Reporting fields. - When the Calendar Career Center checkbox is NOT marked AND the Course Dual Credit is DIST, COLL or ACC, reports the Sending District. When null, reports the Residing District from the Enrollment State Reporting fields. For SendSchoolCode, reports the Sending School Code for those with Districts Codes that are less than		

Data Element Label	Description	M, C, or O	Database Location
	214748. - When the Calendar Career Center checkbox is marked, reports Course Sending School. When null, reports the Residing District from the Enrollment State Reporting fields. - When the Calendar Career Center checkbox is NOT marked AND the Course Dual Credit is DIST, COLL or ACC, reports the Sending District. When null, reports the Residing District from the Enrollment State Reporting fields.		
studentReference	A unique alphanumeric code assigned to a student. Reports the fields that are part of the Natural Key for the Students resource where the studentUniqueId is the Student State ID.	M
