The Scanning toolset is part of the Campus Workflow Suite.

Searching for a Student | Hall Pass Filters

Tool Search: Hall Monitor Grid

The Hall Monitor Grid displays all students within the school that have a current hall pass. This includes the student's name, picture, pass location, and the remaining time for the hall pass. Once a pass is beyond the set duration, the time remaining will be red and begin to go negative in minutes/seconds.

After selecting a student, users will be taken to the Student Hall Pass Lookup, where they can edit existing hall passes or create new ones.

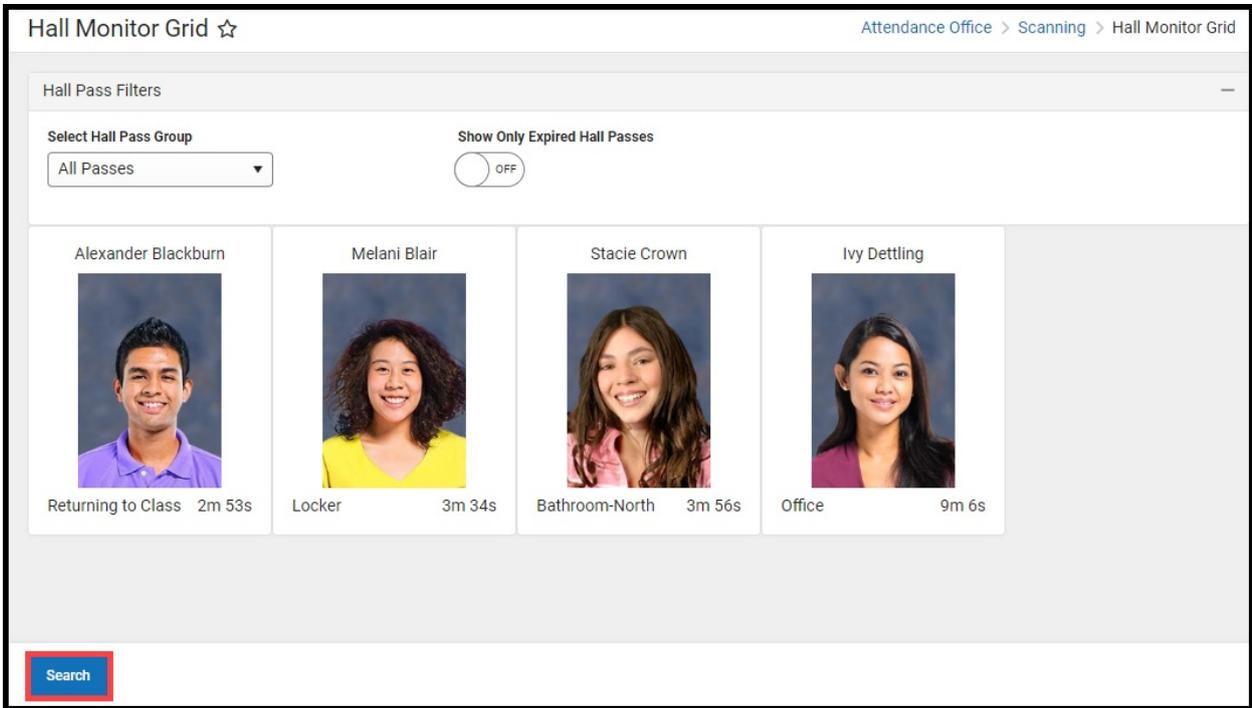

**Read** - View Hall Monitor Grid.
**Write** -N/A
**Add** - N/A
**Delete** - N/A

For more information about Tool Rights and how they function, see the Tool Rights article.

# Searching for a Student

The search button at the bottom part of the screen can be used to open the student search to view a student's hall pass using the Student Hall Pass Lookup.

# Hall Pass Filters

| Hall Pass Filters | Description |
| --- | --- |
| **Select Hall Pass Group** | Shows the active passes that have been assigned to that Hall Pass Group. |
| **Show Only Expired Hall Passes** | A toggle that filters the Hall Monitor Grid to only show expired hall passes. |
| **Show All Room Passes** | A toggle that shows assigned hall passes not related to a specific Hall Pass Group. |
