Student Program Associations (Missouri v3.6)

Last Modified on 12/14/2025 8:45 pm CST

Tool Search: Ed-Fi

This educational entity represents the organization of subject matter and related learning experiences provided for the instruction of students on a regular or systematic basis.

Object Triggering Logic

This tables below describe the logic for triggering syncing of this object.

DECA

▶ Click here to expand...

Action	Trigger
Post	When a DECA Flag is created and the record overlaps the configured year. Flag must be checked State Reported.
Put	When information related to the record changes. A POST / DELETE will be performed if part of the natural key. A PUT will be performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year

Educators Rising

▶ Click here to expand...

Action	Trigger
Post	When a EDR Flag is created and the record overlaps the configured year. Flag must be checked State Reported
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year

FBLA

▶ Click here to expand...

Action	Trigger
Post	When a FBLA Flag is created and the record overlaps the configured year Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST / DELETE will be performed if part of the natural key. A PUT will be performed if not part of the natural key.

Action	Trigger
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year

FCCLA

▶ Click here to expand...

Action	Trigger
Post	When a FCCLA Flag is created and the record overlaps the configured year. Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST / DELETE will be performed if part of the natural key. A PUT will be performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

FFA

▶ Click here to expand...

Action	Trigger
Post	When a FFA Flag is created and the record overlaps the configured year. Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year

HOSA

▶ Click here to expand...

Action	Trigger
Post	When a HOSA Flag is created and the record overlaps the configured year. Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.

Action	Trigger
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

MO Option Program

▶ Click here to expand...

Action	Trigger
Post	When the MO Option Prog box is checked within an active enrollment.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

MPP

▶ Click here to expand...

Action	Trigger
Post	When the MPP box is checked within an active enrollment.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

Pathways

▶ Click here to expand...

Action	Trigger
Post	When a Pathways Flag is created and the record overlaps the configured year. Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.

Action	Trigger
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

SkillsUSA

▸ Click here to expand...

Action	Trigger
Post	When a SkillsUSA Flag is created and the record overlaps the configured year. Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

TSA

▸ Click here to expand...

Action	Trigger
Post	When a TSA Flag is created and the record overlaps the configured year. Flag MUST be checked **State Reported**.
Put	When information related to the record changes. A POST/DELETE is performed if part of the natural key. A PUT is performed if not part of the natural key.
Delete/Post	When part of the record's Natural Key changes • beginDate • educationOrganizationReference • programReference • studentReference When the student has two of the same flags with the same start date and 1 record is deleted, the remaining records data will post
Delete	When a Flag is deleted or when the record no longer overlaps the configured year.

School Exclude, Calendar Exclude, Resource Toggle and Resync Logic

This table describes the School Exclude, Calendar Exclude, Resource Toggle and Resync logic of this object.

Action	Trigger
None	When a resource is toggled to 'OFF' after data has sent, all sent data will remain in the ODS but no new data will send.
Resync	When a record is in the Ed-Fi Identity Mapping table and not in the ODS, it will be deleted from the Ed-Fi Identity Mapping table.
Resync	When a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.

Action	Trigger
Resync	When a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.

Natural Key Changes, Cascading Updates, and Deletes Logic

This table describes the Natural Key Changes/Cascading Updates and Deletes logic of this object.

Action	Trigger
Post/Delete	Natural Key changes: • LEA Reference - District Numbers cannot change after data has been sent. If a district number changes, we would expect an Ed-Fi error and this change would not be supported. • If an Ed-Fi ID changes, a delete/post will occur with the cascading deletes from the Ed-Fi ID Change triggers. • If the Program Name or Program Type Descriptor mapping changes and a resync is completed. • If the Flag Start Date or Flag Name changes, all Student Program Associations will be deleted and then reposted.
Delete	Cascading Deletes: N/A - No resources exist under this resource.

Scope Year Logic

This table describes scope year logic of this object.

Logic
The record will send to the scope year for the school year the program association record is associated with.
Data will only send for the years that have valid configuration.

Identity Mapping Object Key

This table describes the Identity Mapping Object Key of this object.

campusObjectType	Object Key Data Source
ProgramParticipation	participationID

Event Queue Detail

This table describes the Event Queue Detail of this object.

Campus Table	Ed-Fi Action	Fields
programs	Put	The primary table used for sending data for this resource.
programparticipation	Put	The primary table used for sending data for this resource.

Object Data Elements

Data Element Labels in bold are part of the Natural Key and are required data elements for Data to send to Ed-Fi.

DECA

▶ Click here to expand...

Data Element Label	Business Requirement and Business Rules	M, C, or O	Data Source GUI Path	Dat
id	The unique identifier of the resource.	M		

Data Element Label	Business Requirement and Business Rules	M, C, or O	Data Source GUI Path	Dat
beginDate	The month, day, and year on which the Student first received services. Report the Start Date when reporting from Flags	M	Student Information > General > Flags > Start Date	pro star
educationOrganizationReference	A reference to the related EducationOrganization resource. 1. Reports the fields that are part of the Natural Key for the Local Education Agency resource. ◦ educationOrganizationId = **State District Number**	M	System Administration > Resources > District Information > State District Number	

programReference	A reference to the related Program resource.
	
	1. Reports the fields that are part of the Natural Key for the Programs resource.
	   ◦ educationOrganizationId = **District Ed-Fi Number**
	   ◦ programName = **Distributive Education Clubs of America** (Hard-Coded)
	   ◦ programTypeDescriptor = **Career Technical Student Organization** (Hard-Coded)
		M		

studentReference	A reference to the related Student resource. Reports the fields that are part of the Natural Key for the Students resource. • studentUniqueId = **Student State ID**	M		
participationStatus	A reference to the related participation resource. Do not report.	O		
programParticipationStatuses	An unordered collection of generalStudentProgramAssociationProgramParticipationStatuses. The status of the student's program participation. Reports the fields that are part of the Natural Key for the programParticipationStatuses resource. • participationStatusDescriptor = When state reported Flag > Code = DECA, report code selected in participation level drop list • BeginDate = When state reported Flag > Code = DECA, report Start Date	M	Student Information> General> Flags> Flags	

Educators Rising

▶ Click here to expand...

Data Label Element	Business Requirement and Business Rules	M,C, or O	Data Source GUI Path	Database Field
id	The unique identifier of the resource.	M		
beginDate	The month, day, and year on which the Student first received services. Report the Start Date when reporting from Flags	M	Student Information > General > Flags > Start Date	programparticipation.sta

Data Label Element	Business Requirement and Business Rules	M,C, or O	Data Source GUI Path	Database Field
educationOrganizationReference	The identifier assigned to an education organization. Reports the fields that are part of the Natural Key for the Local Education Agency resource. • educationOrganizationId = **State District Number**	M	System Administration> Resources> District Information> State District Number	
programReference	The identifier assigned to an education organization. Reports the fields that are part of the Natural Key for the Programs resource. • educationOrganizationId = **District Ed-Fi Number** • programName = **Educators Rising** (Hard-Coded) • programTypeDescriptor = **Career Technical Student Organization** (Hard-Coded)	M		
studentReference	A reference to the related Student resource. Reports the fields that are part of the Natural Key for the Students resource. • studentUniqueId = **Student State ID**	M		
participationStatus	A reference to the related participation resource. Do not report.	O		
programParticipationStatuses	An unordered collection of **generalStudentProgramAssociation ProgramParticipationStatuses**. The status of the student's program participation. Reports the fields that are part of the Natural Key for the programParticipationStatuses resource. • participationStatusDescriptor = When state reported Flag > Code = EDR, report code selected in participation level drop list • BeginDate = When state reported Flag > Code = EDR, report Start Date	M	Student Information> General> Flags> Flags	

FBLA

▶ Click here to expand...

Data Label Element	Business Requirement and Business Rules	M,C, or O	Data Source GUI Path	Database Field
id	The unique identifier of the resource.	M		
beginDate	The month, day, and year on which the Student first received services. Report the Start Date when reporting from Flags	M	Student Information > General > Flags > Start Date	programparticipation. startdate

Data Label Element	Business Requirement and Business Rules	M,C, or O	Data Source GUI Path	Database Field
educationOrganizationReference	A reference to the related Education Organization resource. Reports the fields that are part of the Natural Key for the Local Education Agency resource. • educationOrganizationId = **State District Number**	M	System Administration > Resources > District Information > State District Number	
programReference	A reference to the related Program resource. Reports the fields that are part of the Natural Key for the Programs resource. • educationOrganizationId = **District Ed-Fi Number** • programName = **Future Business Leaders of America** (Hard-Coded) • programTypeDescriptor = **Career Technical Student Organization** (Hard-Coded)	M		
studentReference	A reference to the related Student resource. Reports the fields that are part of the Natural Key for the Students resource. • studentUniqueId = **Student State ID**	M		
participationStatus	A reference to the related participation resource. Do not report.	O		
programParticipationStatuses	Reports the fields that are part of the Natural Key for the programParticipationStatuses resource. • participationStatusDescriptor = When state reported Flag > Code = FBLA, report code selected in participation level drop list • BeginDate = When state reported Flag > Code = FBLA, report Start Date	M	Student Information > General > Flags > Flags	

FCCLA
