State Defined Elements

Tool Search: Foster Care

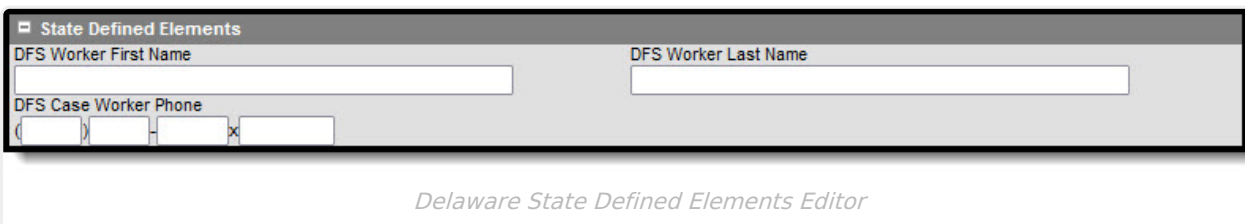

The Foster Care tool indicates whether a student is in Foster Care. Start and end dates are associated with each instance of a Foster Care record. These records are not tied to student enrollments or calendars.

The state of Delaware has not defined fields specific to Delaware in the Foster Care Detail editor. Please see the [Foster Care](#) article for more information on these fields. For information on fields specific to the state of Delaware, please see the [State Defined Elements](#) section.

See the core [Foster Care](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Foster Care records.

State Defined Elements

The Foster Care Detail fields are used to enter start and end dates, foster care status, and any relevant comments regarding the student's foster care.

The screenshot shows a window titled "State Defined Elements" with three input fields: "DFS Worker First Name", "DFS Worker Last Name", and "DFS Case Worker Phone". The "DFS Case Worker Phone" field is a masked input field with a pattern of () - - - x - - - . Below the screenshot is the caption "Delaware State Defined Elements Editor".
