Add a Virtual Education Record | Virtual Education Detail | State Defined Elements | District Defined Elements | Print Summary

The Virtual Education tool allows districts to track and report the time a student participates in virtual learning as defined by the state of Indiana. It incorporates the 'Virtual Student' and 'Distance Learning' data components that are currently located under the State Reporting Fields section of the Enrollment record.

Virtual Education Editor

Read - View Virtual Education records.
Write - Edit existing Virtual Education records.
Add - Add new Virtual Education records.
Delete - Remove Virtual Education records.

For more information about Tool Rights and how they function, see the Tool Rights article.

Add a Virtual Education Record

1. Click the **New** button. A Virtual Education Detail editor displays.
2. Enter the applicable information for the student.
3. Click the **Save** icon when finished. The saved record displays in the Virtual Education summary.

Use the Federal/State Program Updater to import existing Virtual Education records for

students or to update records for multiple students.
