

# Share Curriculum to the Library

Last Modified on 08/25/2025 2:08 pm CDT

The Curriculum Library is available as part of the [Campus Learning](#) premium offering.

Location: Anywhere you access assignments, including Instruction > Grade Book, Progress Monitor, Curriculum List, or Planner

Sharing curriculum to the Curriculum Library makes the curriculum available for other teachers to [use in their classes](#). Curriculum can be shared at the [folder](#) level or as individual assignments and resources.

The screenshot shows the Infinite Campus interface. At the top, the navigation bar includes the Infinite Campus logo, a search icon, and the school name '23-24 Harrison High'. Below the navigation bar, the main content area shows a curriculum folder titled '1) 3600-4 AP Literature (Daily)'. The 'Curriculum' tab is selected, and the folder 'To Kill a Mockingbird' is displayed. A red box highlights the 'Share' button in the top right corner of the folder view. A red arrow points from this button to the 'Curriculum Library Share' dialog box. The dialog box has a title 'Curriculum Library Share' and a subtitle 'To Kill a Mockingbird'. It contains a message: 'Shared curriculum will be available to teachers in my district in the Curriculum Library.' Below this, there are fields for 'Name' (To Kill a Mockingbird), 'Description' (This folder contains curriculum for To Kill a Mockingbird, with lesson plans for lectures and assignments for reading checks, character exercises, and two essays.), 'Grade Levels' (10, 11), 'Subjects' (English Language and Literature), and 'Standards' (1 standards). There are also buttons for 'Share' and 'Cancel'.

*Click the Share button to enter details and share a folder of curriculum.*

To share curriculum, teachers need the *Enhanced Curriculum* tool right, the *Curriculum Library District Share* tool right, and rights to at least one of the following grading tools: Grade Book, Planner, Progress Monitor.

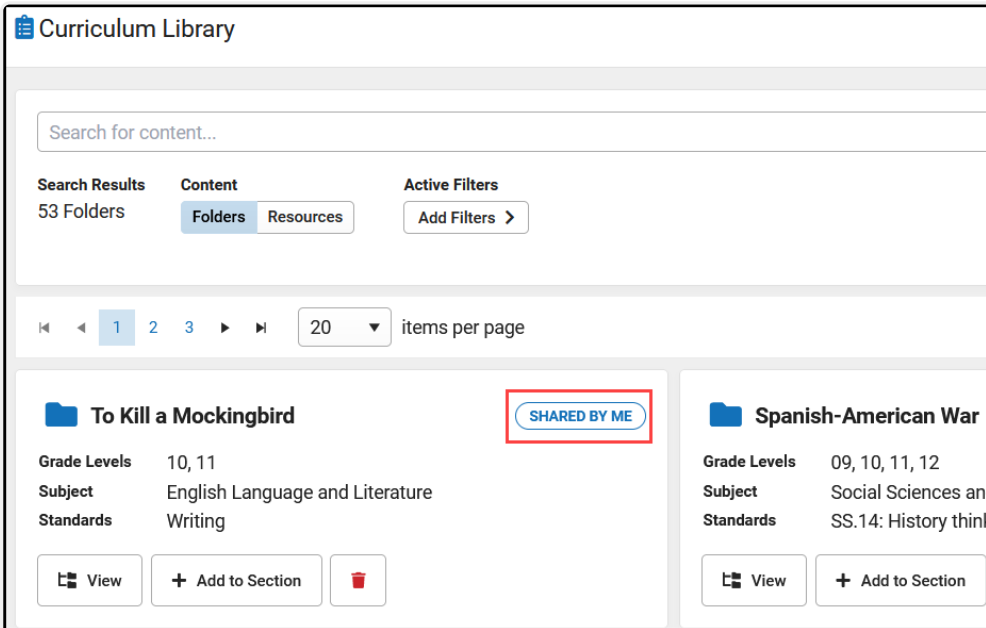

*Check out this video for more information.*

# Share Curriculum

Curriculum can be shared at the [folder](#) level or as individual assignments and resources, including those with quizzes aligned. Note: assignments with [Engagement Check-Ins](#) or those received via a [OneRoster connection](#) cannot be shared.

1. Open the curriculum item you want to share and click the **Details** tab.
2. Enter [Curriculum Details](#) for the curriculum. If sharing a folder, it is also recommended to enter Details for assignments and resources in the folder as well.
3. Click  **Share** .
4. The Details entered for the curriculum are displayed. Edit if needed and click  **Share** to add your curriculum to the library.

Curriculum you share displays with a [SHARED BY ME](#) indicator. See the [Add Curriculum from the Library](#) article for more information about using the Curriculum Library.

The screenshot shows the 'Curriculum Library' interface. At the top, there is a search bar labeled 'Search for content...'. Below it, the 'Search Results' section shows '53 Folders'. The 'Content' tabs are 'Folders' (selected) and 'Resources'. The 'Active Filters' section has an 'Add Filters >' button. Below the search results, there is a pagination bar showing '1 2 3' and '20 items per page'. The main content area displays two curriculum items. The first item is 'To Kill a Mockingbird' with 'Grade Levels' 10, 11, 'Subject' English Language and Literature, and 'Standards' Writing. It has a 'View' button, an 'Add to Section' button, and a 'SHARED BY ME' indicator (highlighted with a red box). The second item is 'Spanish-American War' with 'Grade Levels' 09, 10, 11, 12, 'Subject' Social Sciences and History, and 'Standards' SS.14: History thinking skills. It also has a 'View' button and an 'Add to Section' button.

*Curriculum you shared is indicated in the Library.*

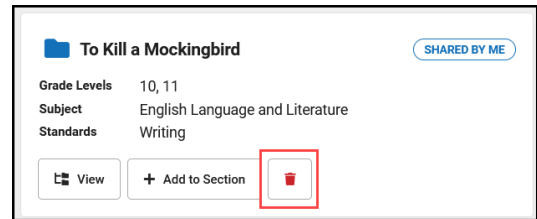

When you share curriculum, the version in the library is separate from the one you have. Changes you make to your curriculum will not be reflected in the version in the library. Likewise, when teachers use your curriculum from the library, any changes they make do not affect the library version.

## Update Shared Curriculum

Currently, the only way to update shared curriculum is to make changes to your version and then share again. Remove the version you shared previously to make sure other teachers are finding the most up-to-date version.

## Remove Curriculum

1. Open the Curriculum Library and locate your curriculum. The **Only Curriculum Shared By Me** filter in the Add Filters menu may be helpful in finding your curriculum.
2. Click the  button.
3. Depending on what you're removing, a message displays. Indicate if you want to **Remove Folder and Resources**, which removes the folder and anything inside it, or **Remove Folder**, which only removes the folder - any curriculum within the folder would no longer be grouped together. In the future, items would have to be removed individually.
4. Once you choose an option, curriculum is removed from the library.

Removing content removes it from the library, but teachers who have added it from the library still have access to their own versions. Likewise, you'll still have the original version of the curriculum you shared in your Curriculum List.
