

Share Curriculum to the Library

Last Modified on 06/26/2024 2:48 pm CDT

[Share Curriculum](#) | [Update Shared Curriculum](#) | [Remove Curriculum](#)

The Curriculum Library is available as part of the [Campus Learning](#) premium offering.

Location: Anywhere you access assignments, including Instruction > Grade Book, Progress Monitor, Curriculum List, or Planner

Sharing curriculum to the Curriculum Library makes the curriculum available for other teachers to [use in their classes](#). Curriculum is shared at the folder level.

The screenshot shows the Infinite Campus interface for a curriculum folder titled "1) 3600-4 AP Literature (Daily)". The "Curriculum" tab is active, and a folder named "To Kill a Mockingbird" is selected. A red box highlights the "Share" button in the top right of the folder view. A modal dialog box titled "Curriculum Library Share" is open, showing the following details:

- Name:** To Kill a Mockingbird
- Description:** This folder contains curriculum for To Kill a Mockingbird, with lesson plans for lectures and assignments for reading checks, character exercises, and two essays.
- Grade Levels:** 10, 11
- Subjects:** English Language and Literature
- Standards:** Search for standards (1 standards listed)
- Context:** Selected, District, Select All

Buttons for "Share" and "Cancel" are at the bottom of the dialog box.

Click the Share button to enter details and share a folder of curriculum.

To share curriculum, teachers need the *Enhanced Curriculum* tool right, the *Curriculum Library District Share* tool right, and rights to at least one of the following grading tools: Grade Book, Planner, Progress Monitor.

Check out this video for more information.

Share Curriculum

1. Open the Folder you want to share and click the **Details** tab.
2. Enter [Curriculum Details](#) for the folder. It is also recommended to enter Details for assignments and resources in the folder as well.
3. Click **Share**.
4. The Details entered for the folder are displayed. Edit if needed and click **Share** to add your folder to the library.

Curriculum you share displays with a **SHARED BY ME** indicator. See the [Add Curriculum from the Library](#) article for more information about using the Curriculum Library.

The screenshot shows the 'Curriculum Library' interface. At the top, there is a search bar labeled 'Search for content...'. Below it, the search results are displayed, showing '53 Folders'. The interface includes tabs for 'Content' (with sub-tabs for 'Folders' and 'Resources') and 'Active Filters' (with an 'Add Filters >' button). A pagination control shows '20 items per page'. Two folder cards are visible: 'To Kill a Mockingbird' and 'Spanish-American War'. The 'To Kill a Mockingbird' card has a red box around a 'SHARED BY ME' indicator. Each card also shows 'Grade Levels', 'Subject', and 'Standards' information, along with 'View' and 'Add to Section' buttons.

Curriculum you shared is indicated in the Library.

When you share curriculum, the version in the library is separate from the one you have. Changes you make to your curriculum will not be reflected in the version in the library. Likewise, when teachers use your curriculum from the library, any changes they make do not affect the library version.

Update Shared Curriculum

Currently, the only way to update shared curriculum is to make changes to your version and then

share again. Remove the version you shared previously to make sure other teachers are finding the most up-to-date version.

Remove Curriculum

1. Open the Curriculum Library and locate your curriculum. The **Only Curriculum Shared By Me** filter in the Add Filters menu may be helpful in finding your curriculum.
2. Click the  button.
3. In the message that displays, indicate if you want to **Remove Folder and Resources**, which removes the folder and anything inside it, or **Remove Folder**, which only removes the folder - any curriculum within the folder would no longer be grouped together. In the future, items would have to be removed individually.
4. Once you choose an option, curriculum is removed from the library.

Removing content removes it from the library, but teachers who have added it from the library still have access to their own versions. Likewise, you'll still have the original version of the curriculum you shared in your Curriculum List.
