The Curriculum Library is available as part of the [Campus Learning](#) premium offering.

Location: Anywhere you access assignments, including Instruction > Grade Book, Progress Monitor, Curriculum List, or Planner

Sharing curriculum to the Curriculum Library makes the curriculum available for other teachers to [use in their classes](#). Curriculum is shared at the [folder](#) level. Individual assignments and resources cannot be shared to the library at this time.

The screenshot shows the Infinite Campus interface. At the top, there's a navigation bar with the Infinite Campus logo, a search icon, and user information for '23-24 Harrison High'. Below this, a breadcrumb trail shows '1) 3600-4 AP Literature (Daily)'. The main content area is titled 'Curriculum' and shows a folder named 'To Kill a Mockingbird'. A toolbar above the folder contains buttons for '+ Add', 'Library', 'Edit', 'Copy', 'Share', and 'Close'. The 'Share' button is highlighted with a red box. A red arrow points from this button to a modal dialog box titled 'Curriculum Library Share'. The dialog box contains the following information:

- Name:** To Kill a Mockingbird
- Description:** This folder contains curriculum for To Kill a Mockingbird, with lesson plans for lectures and assignments for reading checks, character exercises, and two essays.
- Grade Levels:** 10, 11
- Subjects:** English Language and Literature
- Standards:** Search for standards (1 standards listed)
- Context:** Selected, District, Select All

At the bottom of the dialog box are 'Share' and 'Cancel' buttons.

Click the Share button to enter details and share a folder of curriculum.

To share curriculum, teachers need the *Enhanced Curriculum* tool right, the *Curriculum*

Library District Share tool right, and rights to at least one of the following grading tools: Grade Book, Planner, Progress Monitor.

Share Curriculum

Curriculum is shared at the **folder** level. Individual assignments and resources cannot be shared to the library at this time.

1. Open the Folder you want to share and click the **Details** tab.
2. Enter **Curriculum Details** for the folder. It is also recommended to enter Details for assignments and resources in the folder as well.
3. Click **Share**.
4. The Details entered for the folder are displayed. Edit if needed and click **Share** to add your folder to the library.

Curriculum you share displays with a **SHARED BY ME** indicator. See the [Add Curriculum from the Library](#) article for more information about using the Curriculum Library.

The screenshot shows the 'Curriculum Library' interface. At the top, there is a search bar labeled 'Search for content...'. Below it, the search results are displayed as a table with columns for 'Search Results', 'Content', and 'Active Filters'. The 'Search Results' column shows '53 Folders'. The 'Content' column has tabs for 'Folders' and 'Resources', with 'Folders' selected. The 'Active Filters' column has an 'Add Filters >' button. Below the search results, there is a pagination control showing '1 2 3' and '20 items per page'. The main content area displays two folder cards. The first card is for 'To Kill a Mockingbird' and the second is for 'Spanish-American War'. The 'To Kill a Mockingbird' card has a red box around the 'SHARED BY ME' indicator. Both cards show 'Grade Levels', 'Subject', and 'Standards' information, along with 'View' and 'Add to Section' buttons.

Curriculum you shared is indicated in the Library.

When you share curriculum, the version in the library is separate from the one you have. Changes you make to your curriculum will not be reflected in the version in the library.

Likewise, when teachers use your curriculum from the library, any changes they make do not affect the library version.

Update Shared Curriculum

Currently, the only way to update shared curriculum is to make changes to your version and then share again. Remove the version you shared previously to make sure other teachers are finding the most up-to-date version.

Remove Curriculum

1. Open the Curriculum Library and locate your curriculum. The **Only Curriculum Shared By Me** filter in the Add Filters menu may be helpful in finding your curriculum.
2. Click the  button.
3. In the message that displays, indicate if you want to **Remove Folder and Resources**, which removes the folder and anything inside it, or **Remove Folder**, which only removes the folder - any curriculum within the folder would no longer be grouped together. In the future, items would have to be removed individually.
4. Once you choose an option, curriculum is removed from the library.

Removing content removes it from the library, but teachers who have added it from the library still have access to their own versions. Likewise, you'll still have the original version of the curriculum you shared in your Curriculum List.
