

Curriculum Library (Admin)

Last Modified on 08/25/2025 2:11 pm CDT

The Curriculum Library is available as part of the [Campus Learning](#) premium offering.

Tool Search: Curriculum Library District Manager

The Curriculum Library lets teachers collaborate and share curriculum across a district. The Curriculum Library District Manager can view curriculum in the Library and remove items shared by anyone.

The screenshot shows the 'Curriculum Library' interface. At the top, there's a navigation bar with the Infinite Campus logo and user information. Below the navigation bar, the title 'Curriculum Library' is displayed. A search bar is present, followed by a section for 'Search Results' showing '53 Folders'. There are tabs for 'Content' (Folders, Resources) and 'Active Filters' (Add Filters). A pagination bar shows '1 - 20 of 53 Items'. The main area displays a grid of curriculum items, each with a title, grade levels, subject, and standards, along with buttons for 'View', 'Add to Section', and 'Remove'.

Title	Grade Levels	Subject	Standards
To Kill a Mockingbird	10, 11	English Language and Literature	Writing
Spanish-American War	09, 10, 11, 12	Social Sciences and History	2 standards
Health Unit 3: Drugs and Alcohol	09	Physical, Health, and Safety Education	HE6-8: Health Work Habits
Health Unit 2: Life	09	Physical, Health, and Safety Education	HE6-8: Health Work Habits
Health Unit 1: The Body	09	Physical, Health, and Safety Education	HE6-8: Health Work Habits
Reconstruction Era	09, 10, 11, 12	Social Sciences and History	2 standards

The Curriculum Library collects all curriculum shared by users in the district.

The *Curriculum Library District Manager* tool right allows you to view curriculum in the Library and remove curriculum shared by anyone. *Enhanced Curriculum* and grading tool rights are not required for this level of access.

Check out this video for more information.

Search for Curriculum

Search and use filters to find curriculum in the library. The search looks for the entered text in the Name, Description, and other content in any curriculum in the library, including .pdf and .doc files.

Use the **Content** toggle below the search bar to toggle between displaying folders of curriculum or individual resources, which includes assignments and resources.

Filter Search Results

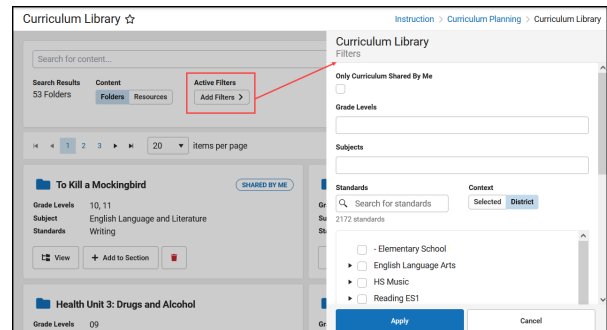

To further filter search results, click **Add Filters**.

The **Only Curriculum Shared by Me** option filters the library to show only curriculum that you have shared.

Other filter options are:

- Grade Levels
- Subjects
- Standards

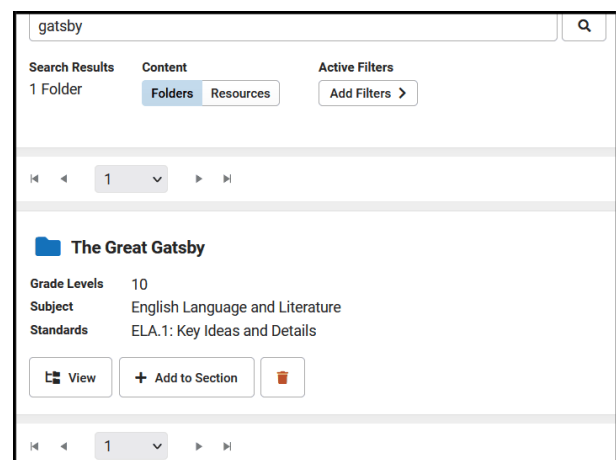

These filters rely on the [Curriculum Details](#) entered for the curriculum before it was shared.

View Curriculum

To view the curriculum in a folder, click the **View** button. A read-only version of the Curriculum List displays.

Click folders, resources, and assignments to view more information.

Remove Curriculum

1. Open the Curriculum Library and locate curriculum to be removed.
2. Click the  button.
3. In the message that displays, indicate if you want to **Remove Folder and Resources**, which removes the folder and anything inside it, or **Remove Folder**, which only removes the folder - any curriculum within the folder would no longer be grouped together. In the future, items would have to be removed individually.
4. Once you choose an option, curriculum is removed from the library.

Removing content removes it from the library. However, teachers who have already added it to their own section still have access to their own version. Likewise, teachers who shared the curriculum originally still have their own version.
