This resource represents the Kansas Parents As Teachers Program(s) in which a student participates or from which a student receives services.

## Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	When a Student KPAT record overlaps the configured year and the student has an enrollment in the configured year. <ul style="list-style-type: none"> <li>Does not send when an enrollment is marked as No Show or State Exclude.</li> <li>Does not send a record when enrollment is in a Calendar marked as State Exclude.</li> <li>Does not send a record when enrollment is in a School marked as State Exclude.</li> </ul>
Delete/Post	When any field that is part of the natural key is changed.
Put	When any field that is NOT part of the natural key is changed.
Delete	When all enrollments are deleted for a student.
Delete	When the student's enrollment is marked as No Show or State Exclude.
Delete	When the Student KPAT record is deleted.
Delete	When the start/end dates on the KPAT record are updated so the record no longer overlaps the configured year.

## Scope Year Logic

This table describes scope year logic of this object.

Logic
Student KPAT records only send to the school year to which they are aligned.
Data only sends for the years that have a valid configuration.

## Object Data Elements
