Tool Search: Grades

The student's Grades tool collects grades for a student, grouped by enrollment and course. Each grading task and/or standard aligned to the course is listed. Calculated GPAs are also displayed at the top of the screen.

Posted grades and In-Progress grades display. In-Progress grades are calculated based on assignment scores. Posted grades are finalized grades that have been posted by a teacher or other staff member.

The screenshot shows the Infinite Campus interface for the 'Grades' tool. At the top, there is a navigation bar with the Infinite Campus logo, a search icon, and the school name '23-24 Harrison High'. Below the navigation bar, the student's profile is displayed: 'Grades ☆', 'Student, Andy', 'Student #: 1234567891', 'Grade: 11', and 'DOB: 01/04/2007'. There are tabs for 'All Terms', '1', '2', '3', and '4'. A 'Settings' dropdown is visible. The main content area shows a GPA of 93.8% with a plus sign. Below that, a course '3600-4 AP Literature' by 'Teacherson, Katie' is listed. A table shows grades for terms 1, 2, 3, and 4. Term 1 has an 'A- (93.8%)' grade, and Term 2 has an 'A (95%) In-progress' grade. Below the table, another course '3850-1 Pre-Calculus' by 'Johnson, Alice' is listed with a plus sign.

Where Do Grades Come From?

In-Progress grades are calculated based on the student's assignment scores. Grades are calculated based on the Grade Calc Options established by the [teacher](#) or for the [course](#) or [course master](#).

Grades are posted by the teacher via the [Grade Book](#), the [Progress Monitor](#), or the [Post Grades](#) tool. Other staff at the school, like counselors or administrative staff, may also record grades for students using the [Grading by Task](#) or [Grading by Student](#) tools in Scheduling.

Grades cannot be modified via this Grades tool.

View GPAs

GPAs (Grade Point Averages) display in a section at the top of the Grades tool. A GPA only displays if the student has a value calculated for it. See the [GPA Calculations in Campus](#) article for more information about how GPAs are calculated.

For Cumulative and Custom GPAs, that student's class rank displays below the GPA.

Term GPA (Weighted)	4.00	3.67	4.00	3.33
Term GPA (Weighted with Bonus Points)	4.00	3.67	4.00	3.33

Cumulative GPA (Weighted with Bonus Points)				3.85

Calculated GPAs display at the top of the Grades tool.

Custom GPAs must be enabled on the [Calendar GPA Calculation Setup](#) tool. If a Custom GPA is enabled, the Rolling Cumulative GPAs does not display.

The report card opens in a new tab in PDF format.

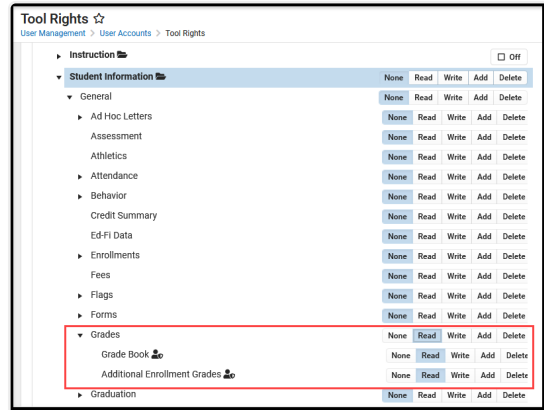

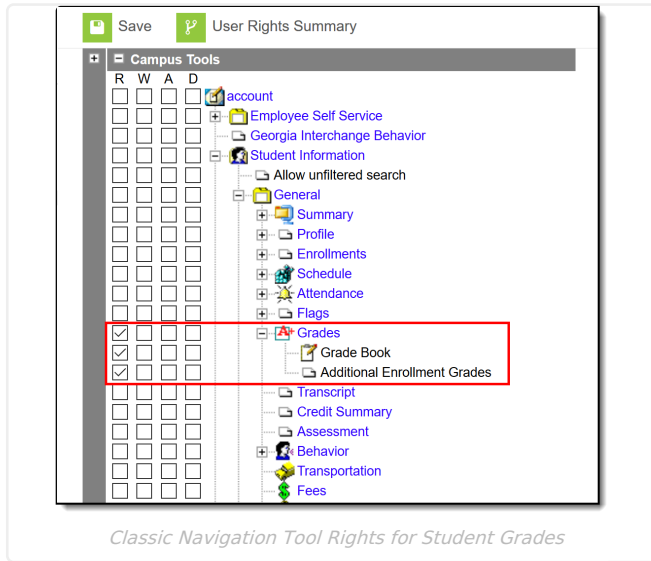

When a student has multiple enrollments in the district, users (when assigned proper tool rights to [Additional Enrollment Grades](#)) are able to print report cards for the other enrollments. Report cards for each enrollment are organized by the Calendar Name.

New Look Tool Rights for Student Grades

Users cannot modify information on Student Grades. This tool displays posted term scores based on information entered in the teacher's Grade Book.

To see specific details for a particular search course, assign the **Grades > Grade Book** tool right. This subright turns the course name and grade grid into links that the user clicks to view more information about the grade and assignments that contribute to it. To allow a user to print a report card for enrollments the student may have in other schools, assign the **Grades > Additional Enrollment Grades** tool right.

Grades Information in Ad hoc Query Wizard

Student Grades information is available in the Query Wizard for Student data types in the **Student > Grading > Term GPA** and **Student > Grading > Grading Detail** folders.
