Object Triggering Logic | Object Data Elements

Tool Search: Ed-FI

This resource reports TASC staff section association records for Educators who have not been assigned a State Educator IDs or Ed-Fi IDs. Staff who have valid IDs are sent in the Staff Section Associations Resource.

Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	When a staff is added to a course section on Staff History. • Must have a Staff Type of P: Primary Teacher or T: Teacher in the Section Staff History Table. • Does not send records when the Calendar Exclude check box is marked. • Does not send a record when the Course is not marked Active or is marked Exclude from State Reporting. • Does not report a record when the Staff has an Ed-Fi ID. • Does not report when the course is in a school marked as Exclude. • Does not report a record when the Staff's District Assignment record for the reporting School does not overlap the scope year in which the section is aligned.
Put	When Start or End dates are modified on the Staff History record.
Post/Delete	When the start or end dates are modified on the District Assignment record or the District Assignment Record is deleted or added and the staff is still aligned to the section.
Delete	When a staff member is deleted from Staff History.

Scope Year Logic

This table describes scope year logic of this object.

Logic
Section Educator records only send for the school year to which they are aligned.
Data only sends for the years that have valid configuration.

Object Data Elements

This table describes data elements sent within the Section Educator resource.
