[Prerequisites](#) | [Setting Resource Preferences](#) | [Wisconsin Ed-Fi Resource Preferences](#)

Tool Search: Ed-Fi Configuration

Resource Preferences determine which information is sent to Ed-Fi. These options apply to all schools within the district. If the state did not request a resource, it does not appear in this list, meaning different options may be available for different states. Some mapping screens may be 'read only' if specific business rules are required by your state.

## Prerequisites

- Ed-Fi functionality must be enabled via the [Enable Ed-Fi System Preference](#).
- Ed-Fi should be properly configured via the [Ed-Fi Configuration tool](#).

## Setting Resource Preferences

Resource Preferences determine which information is sent to Ed-Fi.

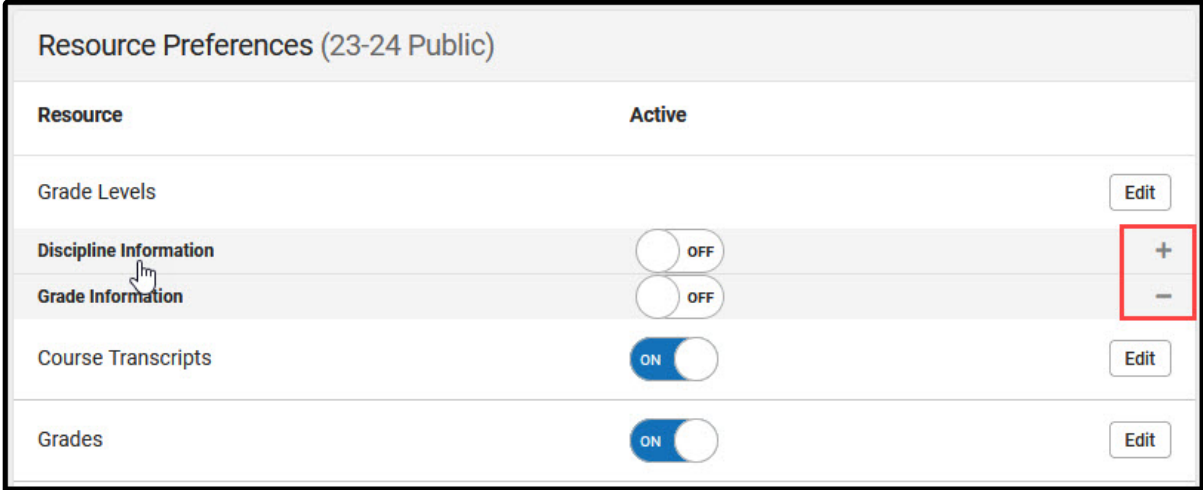

Resource Preferences can be imported or set manually. The information below details how to manually set the Resource Preferences for Wisconsin. For information on importing mappings, please see the Import Mappings section of the [Core Ed-Fi Resource Preferences article](#).

For each resource, choose Edit or Configure to map items like Scores or Grade Levels to an Ed-Fi Code. These items are called Descriptors.

- Configure displays when preferences have not previously been saved.

- Edit displays when preferences have already been set and saved.

Resources can be expanded by clicking the plus sign or collapsed by clicking the minus sign.

*Resource Preferences Expand and Collapse Options*

When the Configure or Edit button does not display, the resource does not need to be mapped and the toggle button can be used to turn the resource on or off. Select a link below to view how to set the Resource Preferences.

Resources should be toggled off until all data setup is complete and the district is ready to send data to Ed-Fi.

1. Select the **Resource Preferences** button for the current school year. This name may vary depending on the Connection Name that was entered when adding the Connection.
2. The list of available resources displays.
3. Click the **Edit** or **Configure** button to modify the resource preferences.
4. Click **Save** when finished mapping the Descriptors.
5. Turn the resource preference to **ON**.
6. **Close** the Resource Preferences when finished.

**Any item not mapped DOES NOT REPORT to Ed-Fi.**

## Wisconsin Ed-Fi Resource Preferences

The following provides details on each Resource and the desired preference for proper reporting with the state of Wisconsin.

**Note:** Three different profiles are available for Wisconsin districts, and the resources available are different for each profile.

## Grade Levels

The Grade Levels Resource cannot be toggled on or off because multiple resources use to determine grade level information.

Each **Grade Level Name** available in the district needs to be mapped to a corresponding Ed-Fi Code.

## Grading Period Scenarios

Create a Grading Period record for each Grading Task that you want to send a grade to in Ed-Fi.

The Grading Period reports in the Sessions resource where the end date of the Grading Period overlaps that terms start and end dates.

Sessions Resource:

TERM DETAIL	ED-FI CODE
17-18 EXP ACA   Main   QTR1 08/23/2017 - 10/20/2017	First Quarter: First Quarter ▼
17-18 EXP ACA   Main   QTR2 10/23/2017 - 12/22/2017	Second Quarter: Second Quarter ▼

*Example of Grading Period overlaps that terms start and end dates.*

School reports a Quarter Grade at the end of each term:

Create four Grading Periods

### Additional Information for Student Academic Records

Course Transcript records in Ed-Fi have a required reference to the Student Academic Record resource which requires a Term Descriptor in order to send to the ODS. When Transcript records are manually added to a student's Transcript tab, there is not a calculated way to determine in which term the student completed the course in order to align it to the proper Student Academic Record. There are two ways in which a Term Descriptor can be assigned to a manually added transcript record:

1. Ed-Fi Transcript Term Override field on the Transcript Course Editor:

Transcript Course Editor				
*School Year	Grade	NCES Grade	District No.	School No.
2018-2019	07		144	HC
*Course Number	Course Name		State Code	
SCED Subject Area			SCED Course Id	
Date	Actual Term	Start Term		
Terms Long	Calendar Terms	Term Start Date		
Ed-Fi Transcript Term Override				

*Ed-Fi Transcript Term Override field*

This field should be used when multiple records for the same course are posted to the student's transcript in the same school year. If all students have only one transcript record per course in a school year, this field

does not need to be populated and the Term Descriptor set for the Ed-Fi Transcript Term Override in the Student Academic Record Resource Preferences is used to report.

Example: Student receives a Fall Semester and Spring Semester grade in the same school year for the same course.

2. Set the Ed-Fi Transcript Term Override field on the Student Academic Records Resource Preferences:

**Student Academic Records**

*Ed-Fi Transcript Term Override on the Student Academic Records Resource Preferences*

The Term Descriptor selected in the Ed-Fi Code field reports for all manually added transcript records where the Ed-Fi Transcript Term Override field is blank on the transcript record. This override is also used in all previous years transcript records where a valid term descriptor cannot be determined.

## Contact Information

### Contacts

**For 2023-24 Configurations or later:** If desired, select the 'Does your LEA want to 'opt-in' to send records for both Contacts and Student ContactAssociation Resources for all students? If not checked, records will still send for Free/Reduced students.'

If the checkbox is marked, then Contact records for all students will report based on existing reporting/trigger logic.

If the checkbox is not marked, then Contat records for students with an

active FRAM Eligibility record with Type = Meal or SES for the current/reporting school year and eligibility is = Free or Reduced will report.

1. A record is considered active when the FRAM end date is greater than or equal to the last instructional date on the calendar
2. Follow all other reporting logic.

Map the Contact Languages Override values for Native Language to the appropriate Ed-Fi Code. The code from the Language List Attribute Dictionary will report if it matches an Ed-Fi Code. Only add a record in this section if a Language List does not have a matching Ed-Fi Code and needs to be mapped to a non-matching Ed-Fi Code.

Term Descriptor Overrides should only be set on a course or section if it does not use the same term that is set on the Term Schedule in Step #1. A new Sessions resource will be created using the Section Placements to determine the Start and End Dates.

#### **Multiple Term Schedules**

Using multiple Term Schedules with Ed-Fi is not supported due to the natural key conflicts with the Ed-Fi framework. If you have courses or sections that align to a different Term Schedule than what is set for Term Descriptors on the Primary Term Schedule, you must use the Ed-Fi Term Override fields on the Course or Section in order to report the proper Term Descriptors to Ed-Fi. All other data that reports to Ed-Fi with a Sessions reference will report from the Primary Term schedule only.

There is an **Ed-Fi Term Descriptor Override** checkbox on the Course Editor and Course Section Editor if the Calendar Term selection needs to be different for certain courses or certain course sections. Once the Ed-Fi Term Descriptor Override checkbox is checked, alternate Terms can be set in the Sessions Resource Preferences.
