Tool Search: Vaccine Setup

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Vermont State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccine Setup](#) page.

Read - View existing vaccines.

Write - Edit existing vaccines.

Add - Add new vaccines.

Delete - Delete vaccines.

Read rights allow full access to Vaccines for states with hard-coded vaccine rules.

For more information about Tool Rights and how they function, see this [Tool Rights](#) article.

General Compliance

- All doses should be given after 6 weeks (except Hepatitis B).
- Rules for students below kindergarten are based on Vermont's recommended schedule, but rules are enforced for K-12.
- Rules only apply to newly enrolled students, kindergarteners and 7th grades. All other students have no requirement.
- In Process rules are called Grace Period for status.
