The Ninth Grade On-Track Report returns enrolled students who have entered high school for the first time during the reporting year AND are considered on-track to graduate. Students are considered to be on track when they have earned 25% of their required credits for graduation in their first year of high school. Data reports from the student's [On Track](#) record.

The screenshot shows the 'OR Student Programs' report editor interface. It includes sections for 'Instructions', 'Report Type' (set to 'Ninth Grade On-Track'), 'Report Options' (set to 'No Filter'), 'Output Options' (with 'Generate Now' selected for report processing and 'HTML' selected for format type), and 'Batch Queue Results' (with 'Start Date' and 'End Date' fields set to 'MM/DD/YYYY'). A 'Generate' button is located at the bottom left of the form.

## Report Logic

To report, a student's most recent On-track record that is active during the reporting range must contain a value in the **First School Year Entered HS** that is equal to the reporting school year

AND the Program Status field is set to 1: On-Track to Graduate.

A student must have a **Student State ID** and be enrolled in at least one reportable calendar on at least one date during the reporting school year to be included in the report.

A student does NOT report when:

- The Calendar of Enrollment is marked as State Exclude.
- The Enrollment record is marked as State Exclude or No Show.
- The Grade Level of Enrollment is marked as State Exclude.
