**Instructions**

**Special Education Child Find (Indicator 11), December Special Education Child Count (SECC), and June Special Education Exit**

The Child Find Data Collection monitors Individuals with Disabilities Education Act (IDEA) compliance by school districts and programs regarding initial evaluation timelines as required by the Office of Special Education Programs (OSEP). This file returns the number of students who have parent/guardian consent to evaluate and whose initial evaluations for eligibility under IDEA were completed within the 60 school-day timeline or not, regardless of the final eligibility determination. One record per student's locked OR Data Plan IEP reports when the Evaluation Type selected is Initial, Consent to Evaluate is not blank, and the Eligibility Determination Date falls within July 1st and June 30th of the reporting school year.

The Special Education Child Count reports students who are receiving early childhood (ECSE) or school age (SA) special education services, or early intervention (EI) services on December 1 in the December Special Education Child Count; and reports students who exited special education or successfully transitioned from EI, SA, or ECSE on their third birthday between July 1 and June 30 of the reporting year in the June Special Education Exit.
