Tool Search: Early Learning

The Early Learning tool lists student information related to programs designed to improve the health, social-emotional and cognitive outcomes for all students from birth through third grade, using the federal guidelines.

Early Learning records cannot overlap, meaning only one active record for a student can exist at any time.

See the core Early Learning article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Early Learning records.

Early Learning Record

Use the Federal/State Program Updater tool to import Early Learning information to this tool.

Early Learning Detail Fields

Field	Description	Location
Start Date *Required*	Indicates the date the student began Early Learning services.	**Database Location:** EarlyLearning.startDate **Ad Hoc Inquiries:** Student > Learner > Early Learning > startDate **(earlyLearning.startDate)**
