Object Triggering Logic

This resource is **RESYNC ONLY**. Object Triggers are not included.

Action	Trigger
POST	<p>Reports students in Grades 07-12 from prior year calendars that have exited the district and do not have an enrollment in the current year.</p> <ul style="list-style-type: none"> • Prior year is determined by the Ed-Fi configuration year. • Student's prior year enrollment must have an End Date and End Status = NOT NULL. • If more than one prior year enrollment exists use the most recent to determine if student has exited. • Do not send records if the Calendar Exclude check box is checked in the calendar the student is enrolled. • Do not send records if the School Exclude check box is checked in the calendar the student is enrolled. • Do not send a record if the State Exclude or No Show check box is marked on the enrollment.
PUT	When any field not part of the natural key is changed.
DELETE	<ul style="list-style-type: none"> • Prior year enrollment's End Status or End Date is removed. • An enrollment is created in the current year for the student.

Scope Year

Logic

- If School Year Start Date is NULL, 7/1/xxxx will be the default start date used.
 - If School Year End Date is NULL, 6/30/xxxx will be the default end date used.
-
- Data will only send for the years that have valid configuration

Object Data Elements

Data Element Labels in **bold** are part of the Natural Key and are required elements for data to send to Ed-Fi.
