Tool Search: Virtual Education

[Add a Virtual Education Record](#) | [Virtual Education Detail](#) | [District Defined Elements](#) | [Print Summary](#)

The Virtual Education tool allows districts to track and report the time a student participates in virtual learning as defined by the state of Maryland. The data is stored in the Campus 'Instruction Mode' database table.

- A new record must be created for each student's Virtual Education status change.
- Overlapping records within the same school are not allowed.

Virtual Education Editor

- Read** - View Virtual Education records.
- Write** - Edit existing Virtual Education records.
- Add** - Add new Virtual Education records.
- Delete** - Remove Virtual Education records.

See the Tool Rights article for more information about Tool Rights and how they function.

Add a Virtual Education Record

1. Click the **New** button. The Virtual Education Detail editor displays.
2. Enter the applicable information for the student. The **Start Date** and **Virtual Program** fields are required.
3. Click the **Save** icon when finished. The saved record displays in the Virtual Education summary.

Use the [Federal/State Program Updater](#) to import existing Virtual Education records for students or to update records for multiple students.

Virtual Education Detail

Field	Description	Ad hoc Inquiries
		Data is stored in the Instruction Mode table.
Start Date <i>(Required)</i>	Start date for the record.	Student > Learner > State Programs > Instruction Mode > instructionMode.startDate
End Date	End date for the record.	Student > Learner > State Programs > Instruction Mode > instructionMode.endDate
Virtual Program <i>(Required)</i>	Indicates the instruction mode in which a student is participating. <ul style="list-style-type: none"> • 01: In-Person • 02: Hybrid • 03: Remote 	Student > Learner > State Programs > Instruction Mode > instructionMode.status
Comments	Additional information about the record (up to 255 characters).	Student > Learner > State Programs > Instruction Mode > instructionMode.comments

District Defined Elements

District-specific data elements are established under the **Instruction Mode** section of the [Custom Attribute/Dictionary](#) tool.

- Fields do not display in the Virtual Education Editor. Users must select the record to see this detail.
- The header for this section does not display until district defined elements are added.

Print Summary

Click the **Print** button to generate a report of the Virtual Education records for the student.
