Tool Search: Digital Learning

The Digital Learning Dashboard allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

The screenshot shows the 'Digital Learning Dashboard' interface. At the top, there is a navigation breadcrumb: 'Student Information > State Programs > Digital Learning Dashboard'. Below this, there are fields for 'Student #', 'Grade', and 'DOB'. A toolbar contains icons for 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. The main content area is divided into two sections: 'Digital Learning Dashboard Summary' and 'Digital Learning Dashboard Detail'. The summary section shows a table with columns for 'Start Date', 'End Date', and 'Created By'. The detail section contains various form fields: 'Start Date' (with a calendar icon), 'End Date' (with a calendar icon), 'Learning Device Provider' (a dropdown menu), 'Reason for No Home Device Access' (a text field with 'Select Values' placeholder), 'Internet Performance' (a dropdown menu), 'Internet Access In Residence' (a text field with 'Select Values' placeholder), 'Outside Res. Internet Access Type' (a text field with 'Select Values' placeholder), 'Comments (up to 255 characters)' (a text area), 'Home Provided Digital Device' (a text field with 'Select Values' placeholder), 'No Home Device Access (Other)' (a text field with a slash icon), 'Internet Barriers in Residence' (a text field with 'Select Values' placeholder), 'Internet Access In Res. (Other)' (a text field with a slash icon), 'Outside Res. Net Access (Other)' (a text field with a slash icon), 'Download Speed' (a text field with a slash icon), 'Download Speed Opt Out' (a dropdown menu), 'Upload Speed' (a text field with a slash icon), and 'Upload Speed Opt Out' (a dropdown menu).
