Tool Search: Gifted

The Gifted tool tracks a student's participation in Gifted programming through enrichment, acceleration, and/or advanced curriculum. Schools can record a student's participation that includes a specific type of program or location or focus, note permission to participate, and generate a summary report of the entered data.

See the core [Gifted and Talented](#) for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Gifted and Talented records.

The screenshot displays the 'Gifted Editor' interface for a student named Jared. The top navigation bar includes 'Student Information', 'Program Participation', and 'Gifted'. The student's details are: Student #: 1234567, Grade: 9, DOB: 12/29/2008. Below this, there are buttons for 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. The main area is divided into two sections. The top section, 'Gifted Editor', shows a table with columns for 'Start Date', 'End Date', 'Program Status', and 'Created By'. The bottom section, 'Academically or Intellectually Gifted Detail', contains various fields for program information, including 'Start Date', 'End Date', 'Exit Reason', 'Program Status', 'Area of Identification', 'Initial Identified Date', 'Service(s)', and 'Comments'. There are also sections for 'State Defined Elements' and 'District Defined Elements'.
