Tool Search: Title 1

Title 1 is a federally funded program designed for the academic achievement of the disadvantaged student. For a student to participate in Title 1 Services, the school must be marked as a Title 1 school on the [School](#) editor.

See the core [Title 1](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Title 1 records.

The screenshot shows the 'Delaware Title 1 Editor' tool. It has a dark header bar with the title 'Title 1'. Below the header are two date input fields: 'Start Date' and 'End Date', each with a calendar icon. A dropdown menu labeled 'Title 1 Program' is open. Below the dropdown is a text area labeled 'Comments (up to 255 characters)'. The main content area is divided into sections: 'Title 1 Part A Participation Details' (with 'Instructional Services' and 'Support Services' sub-sections, each with a 'Select Values' button) and 'Title 1 Part D - Neglected, Delinquent + At Risk Participation Details' (with 'Program Type' and 'Program Services' sub-sections, each with a 'Select Values' button). The entire interface is contained within a light blue rounded rectangle.

Any number of services can be marked for a given record. One Title 1 Service entry, regardless of the number of services marked, is considered a service.

If a service in one entry ends but the rest of the services are still active, end that record and enter a new one. This way, there is always a record that the student received the ended service at some point during the year.
