Title 1 is a federally funded program designed for the academic achievement of disadvantaged students. For a student to participate in Title 1 Services, the school must be marked as a Title 1 school on the [School](#) editor.

See the core [Title 1](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Title 1 records.

The screenshot shows the 'Title 1' tool interface for a student named Kevin. At the top, it displays the student's name, ID (241900047), grade (09), and date of birth (02/16/2009). Below this is a table of 'Title 1 Services' with columns for Start Date, End Date, Title 1 Program, and Created By. One record is shown with a start date of 01/01/2000, end date of 01/10/2000, and program 'Title 1 Part A Private Schooled'. Below the table is a detailed form for editing or adding a record, including fields for Start Date, End Date, Title 1 Program (dropdown), and a comments box containing the word 'test'. There are also sections for 'Title 1 Part A Participation Details' with checkboxes for 'Mathematics' and 'Health, Dental and Eye Care (HD)', and 'Title 1 Part D - Neglected, Delinquent + At Risk Participation Details' with a dropdown for 'Program Type' (D-CDP: Delinquent - Community Day Programs) and a checkbox for 'Math (M)'. The interface includes navigation buttons like 'New', 'Save', 'Delete', and 'Documents'.

- Read** - Access and view the Title 1 tool.
- Write** - Modify existing Title 1 records.
- Add** - Add new Title 1 records.
- Delete** - Permanently remove Title 1 records.

For more information about Tool Rights and how they function, see the [Tool Rights](#) article.

Use the [Federal/State Program Updater](#) to import existing Pregnant and Parenting student records or update records for multiple students.

A given record can include any number of services marked. However, one Title 1 Service entry, regardless of the number of services marked, is considered a service.

When a service in one entry ends but the rest of the services are still active, end that record and enter a new one. This way, there is always a record that the student received the ended service at some point during the year.

Records can be created by state users in State Edition and by users in District Edition. When a record is created in State Edition, it does not have a District ID associated with it, indicating it is state-owned. When a record created by a district is viewed in State Edition, it does have a District ID associated, indicating it is district-owned.

1. Click the **New** icon. The Title 1 editor displays.
2. Select the **Start Date** and **Title 1 Program**. These are required selections.
3. Enter additional Title 1 information that is applicable to the student.
4. Click the **Save** icon when finished. The record is listed in the Title 1 Services section.

To modify a Title 1 record, select the appropriate record and make the changes. When a student ends programming for a particular service, add an End Date with the date the student stopped services. When a student adds additional services, add a new record.
