Accessibility

Accessibility – Alert Links Now Use Text Primary Color and Underline (SIS-177121)
[Enhancement]

To improve accessibility, alert links now use ‘text-primary’ for color and have an ‘underline’ property.

Path: N/A

Accessibility – Unnecessary ARIA Attributes Causing Unexpected Behavior (SIS-177370)

The following accessibility-related updates were made:

- When a dialog is opened, the aria-describedby is automatically reading the contents for screen readers every time it opens. This behavior was removed.
- Also, updates were made to ensure Escape closes dialogs.

Path: N/A

Accessibility Updates (SIS-177695) **[Enhancement]**

The following accessibility-related updates were made:

- Markup for the SIS Forgot Password dialog has been fixed
- Autocomplete is set on input fields
- Device registration screen accessibility issues were fixed
- Portal Get District ID is now a button instead of a hyperlink
- Portal page now autocompletes
- Portal heading levels are now correct

Path: N/A

Accessibility – Closing Side Panel Moving Focus Away from Button Used to Close Panel (SIS-177791)

With the New Look of Infinite Campus turned off, closing the side panel was causing the focus to move off the button used to close the panel. This issue was updated and focus now remains on the button.

Path: N/A

Accessibility – Attribute Added to Show Help Button Linked to Expandable Content (SIS-178055) **[Enhancement]**

The aria-controls tag was added to expandable content buttons so screen readers properly announce expandable content.

Path: N/A

Activity Registration

Remove Students List (SIS-165560) **[Enhancement]**

Added the Removed Students List within Activity Registration. This allows non manual-add students to be deleted off of an Activity Roster and Activity Staff to maintain a record of students who were at one point on an activity's roster. This will provide districts with the ability to reference these students in the future and allow them to mass-export their forms for convenient storage/printing.

Path: Student Information > Activity Registration > Activity Monitor

Activity Registration Ad Hoc Reporting (SIS-174847)

An error occurred where a Save was needed on the Activity Roster for the ad hoc filter 'actRegRoster.registrationComplete' to show Complete. This has been corrected.

Path: Reporting > Ad Hoc Reporting > Filter Designer

Activity Registration Maintenance (SIS-177864)

The following updates have been made to the Activity Registration tool:

- The Save & Next button for step 4 was not working when creating a new proposed activity that requires preapproval. This has been corrected.
- When looking via Ad Hoc, the fundID was missing for cash and check refunds. This has been corrected.
- Visual errors were occurring on the Form Cleanup card. This has been corrected.

Path: Student Information > Activity Registration

Assessments

Test Score Modified Date Not Updating (SIS-176089)

The 'dbo.testScore.modifiedDate' did not populate upon import in the Assessment Center. This issue has been corrected.

Path: Student Information > Assessment Administration > Assessment Center > Map Data

Assessments with Key Words and Special Characters Not Importing (SIS-176287)

Assessments did not load when the 'Save & Test' option under Step 4 in the Assessment Center was selected if the assessment name included certain keywords and special characters. This issue has been resolved, and assessments load as expected.

Path: Student Information > Assessment Administration > Assessment Center > Test Mapping

Parent Date Format Applied to All Test Date Fields (SIS-177606)

There was an issue with the 'Apply to All Test Date Fields' option under Step 3 - Map Data not working. This issue has been corrected. The parent date data is applied to child/grandchild assessments in Step 3 as expected and no errors are generated in Step 4.

Path: Student Information > Assessment Administration > Assessment Center > Map Data

Behavior

Behavior Delete Performance Enhancement (SIS-177531)

A performance enhancement has been put in place so that deleting a behavior incident runs faster.

Path: Behavior Office > Behavior Management

Campus Instruction

Pronouns in Instruction (SIS-167253) **[Enhancement]**

Student pronouns have been added to the following tools in Instruction:

- Roster and Roster Report
- Seating Charts
- Attendance and Positive Attendance
- Student Demographics popup
- Teaching Center Attendance

A preference has been added to Instruction Settings to allow teachers to **Show Student Pronouns**.

Path: Instruction

Campus Learning

Updates to Quizzes (SIS-176398) **[Enhancement]**

Quizzes in Instruction have been enhanced! In addition to the existing question types of Multiple Choice and True/False, there are six new question types: Matching, Ordering, Fill in the Blank, Short Answer/Essay, Number Line, and Numerical. Additionally, questions can now be grouped into pages to provide more structure to quizzes. This release also includes the option the make some quiz questions worth more than others, instead of all question being worth the same proportion of points possible.

See the Enhanced Quizzes notification for more information.

Path: Instruction > Curriculum > Curriculum List > New > Add a Quiz

Census

Census (SIS-174342)

The broken link on person name in Military Connections has been fixed.

Path: Census > People > Military Connections

Census (SIS-177600) **[Enhancement]**

The Census Wizard now requires users to enter a legal gender if they have a gender selected that does not match a legal gender, when editing household data.

Path: Census > Households > Census Wizard

Staff Locator Not Loading in the New Look of Campus (SIS-178078)

The Staff Locator tool did not perform in the New Look of Campus when users selected the 'Leave' or 'Cancel' options. This issue has been corrected. Users can locate staff records, create new ones, and navigate from the Staff Locator tool as expected in the New Look of Campus.

Path: Census > Staff > Staff Locator Wizard

Counseling

Counseling Meeting Participant Warning Added (SIS-177719)

To prevent the mass creation of Contact Log records, users now receive a warning message when they are creating a Counseling Meeting with ten or more participants.

Path: Student Information > Counseling > Meetings

Custom

Core Attribute/Dictionary Fee Adjustment Requirement (SIS-175350)

In Core Attribute/Dictionary, when setting up the Adjustment Type to be 'required' would not make the Adjustment Type field required. This has been corrected.

Path: System Settings > Custom Data and Links > Core Attribute/Dictionary

SSRS Custom Report Fix (SIS-177745)

In custom SSRS reports, the calendarID displayed [object Object] instead of the actual calendar ID

number when a field was hidden and debug mode was enabled. This has been corrected.

Path: N/A

DIS/SIF

DIS Batch Resync Update (SIS-176994)

An issue causing DIS synced records without a createdDate to be deleted from State Editions when a batch resync occurs has been corrected.

Path: N/A

SIF - Student Academic Record Update (SIS-177313)

The logic in the CourseHistory/Term/Courses/Course/MarkingPeriods/MarkingPeriod/GradeLevelWhenTaken/Code in the Student Academic Record object has been updated to correctly report the standard code mapped to the student's grade level.

Path: System Settings > Data Interchange Administration

DIS Staff Syncing to Allow Duplicate Records (SIS-177830)

Staff syncing logic has been updated to allow State Edition linked districts to be able to create duplicate people and sync data for staff members even when there is another person in State Edition with the same State Staff ID.

This update is valid for all states, except for Kentucky.

Path: N/A

Early Warning

Insights Dashboard Not Displaying Templates with Ad Hocs and Subreport Fields Correctly (SIS-177862)

Code updates resulted in errors in the display of the Insights Dashboard and certain Insights Reports:

- Reports with Ad Hoc Filters did not correctly filter in the aggregate dashboard view.
- Some detail subreports did not include all columns, such as 'Student Full Name'.
- Some default score filters were misaligned and omitted scores from the display.
- Reports did not include the filter header in the full report view.
    - Flagged Assignments
    - Reason by Period

- Reason by Weekday

These errors were corrected. The Insights Dashboard and impacted Insight Reports now generate and display as intended.

Path: Insights > Aggregation > Insights Dashboard, Insights > Attendance > Reason by Period/ Reason by Weekday, Insights > Classroom Performance > Flagged Assignments

Ed-Fi

Ed-Fi Tool Rights Update (SIS-177036)

Ed-Fi Tool Right permissions have been updated to allow the appropriate access to the Ed-Fi Resource Preferences.

Path: User Management > Tool Rights

FRAM

FRAM Meal Benefits Application Fix (SIS-177603)

An error occurred where the FRAM Meal Benefits Application in Portal did not accurately save the response to the Medicaid and SCHIP question. This has been corrected.

Path: Parent Portal > More > Meal Benefits

FRAM Communication Fix (SIS-177684)

When setting up a new FRAM Communication Verification - Post Notice, when entering a new 'no longer eligible' reason, the box was not allowing the same amount of original characters that the pre-populated template had. This has been corrected.

Path: FRAM > Setup > FRAM Communication

Grades Reporting

Grades Tab - Custom Report Cards (SIS-177667)

The Grades tab has been updated to improve the performance of generating Custom report cards.

Path: Student Information > General > Grades

Navigation

Cached Response Log Preventing User from Accessing Infinite Campus (SIS-152748)

In situations where the same site is open in two windows and the New Look of Infinite Campus is toggled off in one window and the user returns to the other window, a redirect response is getting cached in the browser, causing Infinite Campus to no longer function correctly for the user, even after they have logged out of Infinite Campus in both browser windows. This issue was corrected in the system and for all currently impacted users.

Path: N/A

Use New Look Only Preference Causing Tools to be Inaccessible in Student and Parent Portal (SIS-178090)

In System Preferences, changing the “User access to the new look of Campus (Try New Look)” value to 'Use New Look Only' caused a failure in the portal menus. This issue was corrected.

Note: It is recommended that changes to this system preference be made during off-peak hours. Users with open sessions may experience issues if this setting is changed during their session. These issues are resolved when the user logs into Infinite Campus and starts a new session.

Path: System Settings > System Preferences > System Preferences > User access to the new look of Campus

OneRoster

OneRoster 1.2 - Secondary Email Address (SIS-148723) **[Enhancement]**

An option has been added to the Connection Configuration section of 1.2 connections to 'Use

Secondary Email Address.' Note: the secondary email setting for 1.1 is a global setting, and for 1.2, it's by connection.

Path: Instruction > Settings > Digital Learning Applications Configuration > click a tile > Edit > Connection Configuration

Inbox Messages for Keystore-Related Issues (SIS-173331) **[Enhancement]**

Error reporting and the supporting Process Inbox messages have been updated to account for additional scenarios that cause Keystore failures.

Path: Message Center

OneRoster 1.1 - Category Information (SIS-173621) **[Enhancement]**

Now that Category information is being returned via the OneRoster API for 1.1 connections, that information has been removed from the metadata property of the lineItem endpoint.

Path: No specific path

OneRoster - Grades Setting (SIS-173844) **[Enhancement]**

A new OneRoster Setting called 'Use Local Grades for OneRoster 1.2' has been added. If this option is set to No, the CEDS/NCES grade level that that local grade level is mapped to is returned. If set to Yes, the local grade levels are returned. This option applies to all OneRoster 1.2 connections at the district.

Path: Instruction > Settings > Digital Learning Applications Configuration > Settings & Management > Use Local Grades for OneRoster 1.2.

OneRoster 1.2 - Role End Date (SIS-176834)

Logic has been updated to ensure that the End Date returned for a student enrollment is the correct end date. This date represents the last day that the student's enrollment is active.

Path: No specific path

OneRoster Connection Configuration Tool Tips (SIS-177908) **[Enhancement]**

The tooltips for options in the Connection Configuration section have been updated with additional information about the effect of options.

Path: Instruction > Settings > Digital Learning Applications Configuration > click a tile > Edit > Connection Configuration
