Driver's Education (Delaware)

Last Modified on 10/26/2026 10:42 am CDT

Tool Search: Driver's Education

The Delaware Department of Education oversees the process of obtaining a driver's license for all Delaware residents under the age of 18. Successful completion of the program results in a Blue Certificate that is exchanged at the DMV for a driver's license.

Driver's Education records may not overlap. Users must end-date an open record before creating a new one.

Delaware Driver's Education Editor

Read - View the Driver's Education tool.
Write - Modify existing Driver's Education records.
Add - Add new Driver's Education records.
Delete - Delete Driver's Education records.

Full rights to the Driver's Education tool require RWA rights to the Student Information > State Programs > Driver's Education.

Create a Driver's Education record

1. To add a Driver's Education record, press **New**.
2. Enter the appropriate information for the record and press **Save**. For more information on data entry for each field, please see the Program Information Field Descriptions and State-Defined Elements Field Descriptions sections of this article.

Print Summary of Student Driver Education Records

Issue Driver's Education certificates

Once a student earns a Driver's Ed blue or white certificate, the certificate must be printed and issued. Creating a student certificate can be done through the Custom Forms tool within a student's forms.

Tool Search: Forms

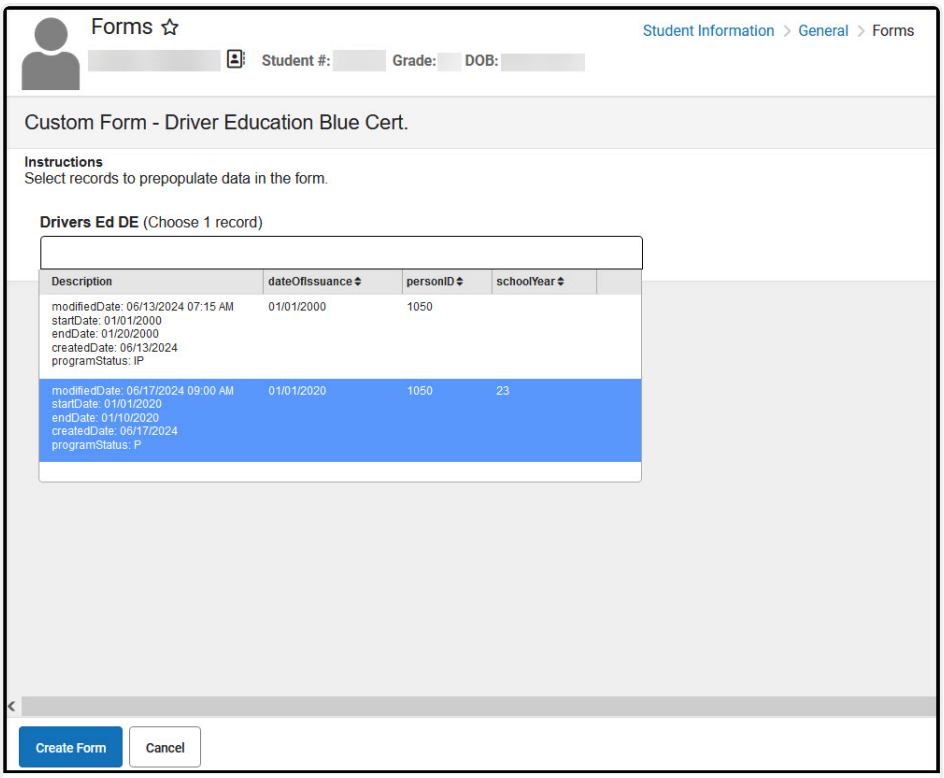

Before printing a certificate for a student, be sure the correct School Year and Date of Issuance are populated and saved on the student's driver's ed record.

Custom Forms Editor

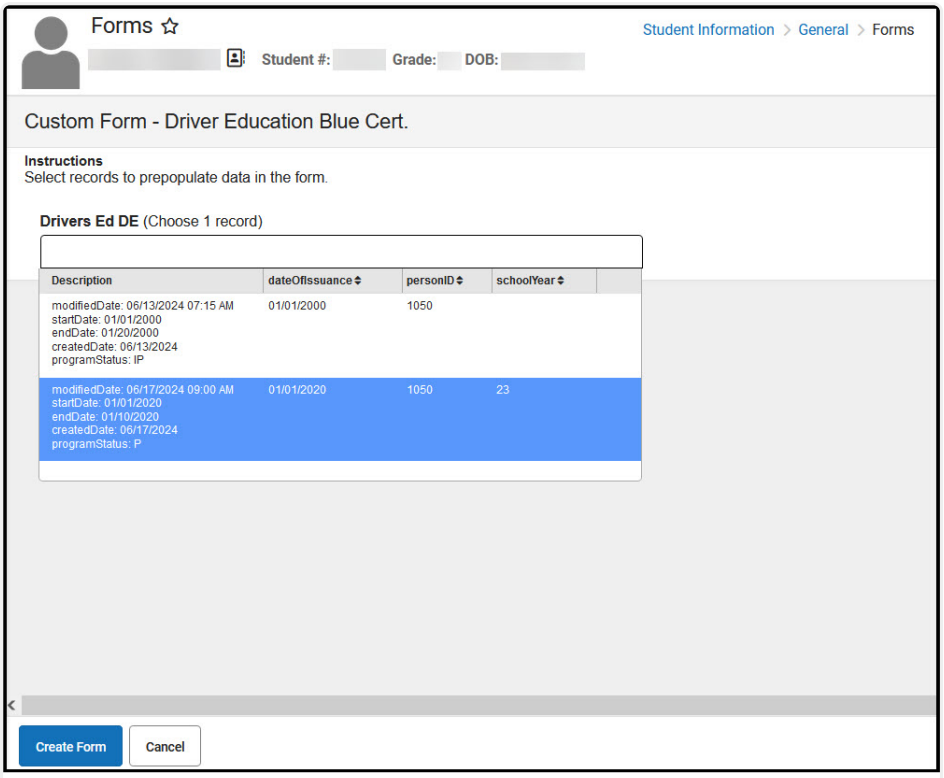

Create a certificate for the student

1. Navigate to the Forms tool and select **New**.
2. Use the **Module** search/filter option to locate Driver's Education forms.
3. Select the relevant certificate**.**

Custom Form Record Selection

4. From the Custom Form **Driver's Ed DE** field, select the record for which to issue a certificate. Once selected, press Create Form.

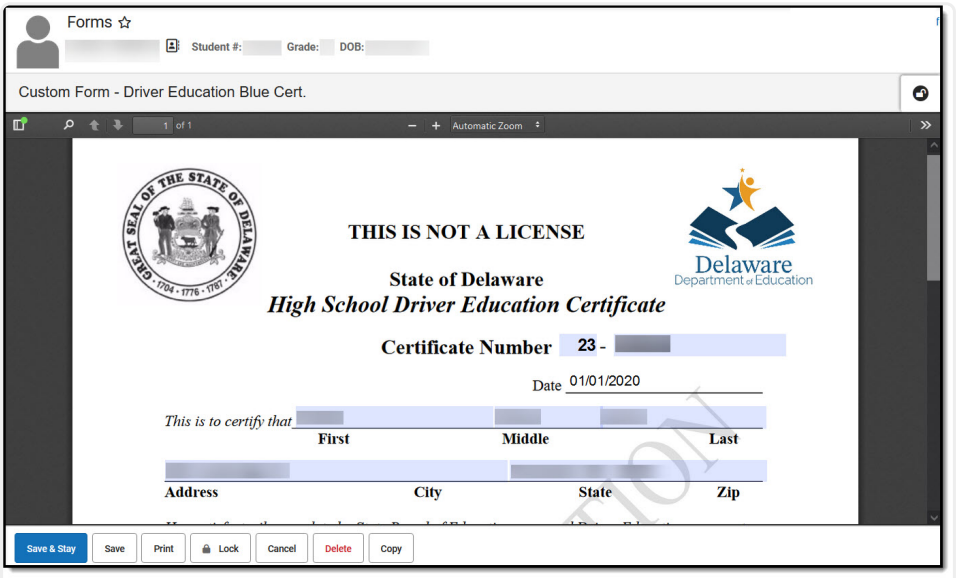

Custom Form Record Selection

5. Once created, the Driver's Education Certificate should display.

6. To print the certificate, users must first save the certificate. Press **Save & Stay**.

7. Once the record is saved, select **Print.**
