

Driver's Education (Delaware)

Last Modified on 12/16/2025 1:07 pm CST

Tool Search: Driver's Education

The Delaware Department of Education oversees the process of obtaining a driver's license for all Delaware residents under the age of 18. Successful completion of the program results in a Blue Certificate that is exchanged at the DMV for a driver's license.

Driver's Education records may not overlap. Users must end-date an open record before creating a new one.

Issuing Driver's Ed Certificates

Once a student earns a Driver's Ed blue or white certificate, the certificate must be printed and issued. Creating a student certificate can be done through the [Custom Forms](#) tool within a student's forms.

Tool Search: Forms

Before printing a certificate for a student, be sure the correct [School Year](#) and [Date of Issuance](#) are populated and saved on the student's driver's ed record.
