Tool Search: Program Services

The Program Services tool provides a way to enter and display records of program-related services a student has received. For example, records may be entered for students receiving Homeless, Migrant or Health services.

This tool is currently only available for Homeless Services in DE, MN, NC, and NY, Migrant Services in NC, and Gifted Services in Georgia. Only fields titled with an asterisk are required to be populated to save a record. Required fields may vary by state. Follow local requirements regarding if, when and how any remaining fields are to be populated.

Program Services - Homeless Service Detail

Enter Program Services Record

1. Select **New**.
2. Choose the **Service Tool** corresponding to the New Service Record you wish to enter. Different states will see different tools for which Program Services can be entered. Users will only see service tools they've been given rights to access.
3. **Start Date** is a required field. Populate other fields according to your local practices.
4. Note that if a student does not have an associated program record (Homeless, Migrant, etc.), the **Associated (Program) Records Dates** droplist will be blank. Users with rights to do so can follow the program link provided at the top of the editor to enter a program record if needed.
5. Enter **Comments** if appropriate.
6. Note that **State** and **District Defined Elements** will vary and will not appear if they have not been set up for you to use.
7. **Save** when done.

Modify Program Services Record

1. If the student has many Program Service Records, you may wish to use **Filters** to narrow the list of records being displayed.
2. Locate the record you'd like to modify. Select **View**.
3. Make changes. **Save**.

Program Services Editor Fields

The Program Services tool includes the following fields. Field names and available selections vary by state. In Ad Hoc, Homeless Services is found under **Student > Learner > Program Services > Homeless Services**.

Homeless Services information is provided as an example. Other Services will be found in the same location in Ad Hoc (Student > Learner > Program Services > (name of program service) with field names prefixed with the service name (e.g. migrantService.startDate).
