We're trying something new in the knowledge base. Please give us your feedback!

Getting Started
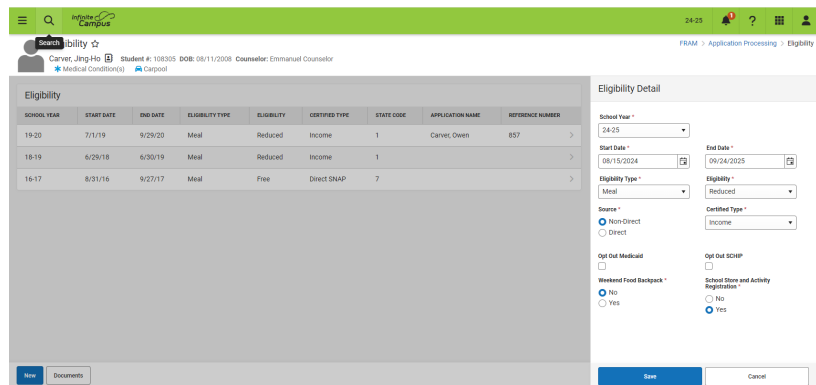

New to FRAM? Confused about SES vs. meal benefits? Watch this FRAM Overview to begin.

How To

- Manually Add an Eligibility
- Update an existing eligibility
- Create an Eligibility Ending Notification Letter

Reference

- Eligibility Editor Field Descriptions
- Certified Types
- Eligibility for State Edition Users
- Eligibility Ad Hoc Fields

Eligibilities may also be imported from a file using the Eligibility Import Wizard or determined from a processed application for free/reduced benefits.

Eligibilities based on processed applications cannot be modified or deleted.

Once added or imported, eligibility data can be updated for groups of students in the Eligibility End Date Wizard.
