Tool Search: Early Learning

The Early Learning tool lists student information related to programs designed to improve the health, social-emotional and cognitive outcomes for all students from birth through third grade, using the federal guidelines.

Multiple Early Learning Records can be entered for a student.

The state of Delaware has defined two fields specific to Delaware in the Early Learning Detail editor. Please see the [Early Learning](#) article for more information on the remaining fields. For information on fields specific to the state of Delaware, please see below.

See the core [Early Learning](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Early Learning records.

Early Learning Detail Editor Fields

The fields listed below are specific to the state of Delaware. Use the fields to enter data about the child's early learning experience. See the [Early Learning](#) article for more information on the remaining fields.

Delaware Early Learning Detail Editor

Program Status - PreK County
