Delaware State Defined Elements for Early LearningState Defined Elements

Tool Search: Early Learning

The Early Learning tool lists student information related to programs designed to improve the health, social-emotional and cognitive outcomes for all students from birth through third grade, using the federal guidelines.

Multiple Early Learning Records can be entered for a student.

The state of Delaware has not defined fields specific to Delaware in the Early Learning Detail editor. Please see the **Early Learning** article for more information on these fields. For information on fields specific to the state of Delaware, please see the **State Defined Elements** section.

> See the core Early Learning article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Early Learning records.
