Tool Search: Alternative Education

Alternative Education programs are designed to meet the needs of public school students who have not been successful in the traditional setting. Students are provided with a variety of options that can lead to graduation and are supported by services essential to success.

Students may have multiple Alternative Education records.

The screenshot shows the 'Alternative Education' editor interface. At the top, there's a header with a star icon and a breadcrumb trail: 'Student Information > State Programs > Alternative Education'. Below this, a student profile is shown with a placeholder icon, the name 'Student, A', and details: 'Student #: 00000 DOB: 01/13/2013'. There are also icons for 'Medical Condition(s)' and 'Restricted Pick-Up'. A toolbar contains buttons for 'New', 'Save', 'Delete', and 'Print Summary Report'. The main area is divided into two sections. The first section, 'Alternative Education', contains a table with columns 'Start Date', 'End Date', and 'Created By'. It lists one record: '04/01/2025' for 'High School, 000, 04/02/2025'. The second section, 'Alternative Education Detail', contains form fields for '*Start Date', 'End Date', '*Program Code' (a dropdown menu), 'Comments' (a text area), and 'State Defined Elements'. Under 'State Defined Elements', there are fields for '*Alternate School ID' and '*Alternative System' (a dropdown menu with 'Select a Value' as the current selection).
