Program Information Fields | State Defined Elements | Certificate Information

Tool Search: Career and Technical Education (CTE)

The CTE tool tracks student participation in Career and Technical Education courses and aids in the monitoring of student progress towards program completion.

See the Career and Technical Education (CTE) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing records.

Program Information Fields

Use the Program Information fields to enter information on the CTE program the student is pursuing.

Delaware CTE Program Information

Start Date

Indicates the date the student was added to the CTE Program.

▸ Click here to expand...

Database Location:

CareerTechnicalEducation.startDate

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.startDate

End Date

Indicates the date the student left or completed the CTE Program.

▶ Click here to expand...

Database Location:

CareerTechnicalEducation.endDate

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.endDate

Program Status

Indicates the status of the CTE program.

▶ Click here to expand...

Database Location:

CareerTechnicalEducation.programStatus

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.programStatus

CTE Pathway (Program of Study)

A CTE Pathway is an education pathway that provides students with the academic, technical, and occupational knowledge and skills needed to prepare for careers in their areas of interest. This is referred to as **Program of Study** in Delaware.

▶ Click here to expand...

Database Location:

CareerTechnicalEducation.ctePathway

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.ctepathway

Career Cluster

A Career Cluster represents major groupings of similar occupations and industries within the U.S. job market. Each Career Cluster provides students with an overview of career options and an understanding of the broad industry. Use this option to indicate the career cluster for the student.

▶ Click here to expand...

Database Location:

CareerTechnicalEducation.careerCluster

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.careerCluster

Special Population

Special Populations may include individuals with disabilities, individuals in economically disadvantaged circumstances, individuals preparing for nontraditional fields, single parents, or persons in other groups defined under the Strengthening Career and Technical Education for the 21st Century Act (Perkins V).

▶ Click here to expand...

Code	Description	Definition
01	Non-traditional Career Preparations	Non-traditional learners are defined in Perkins V as learners who are enrolled in CTE programs that are preparing them for career fields that are non-traditional for them for career fields that are non-traditional for their gender, meaning that individuals from one gender comprise less than 25% of those employed in that occupation or field.
02	Single Parent	CTE student is a single parent. This includes pregnant women.
03	Displaced Homemaker	CTE Student who has been caring for a home or family without renumeration and is reliant on income from another family member who is no longer available.

Database Location:

CareerTechnicalEducation.specialPopulation

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.specialPopulation

Education Facility

Indicates the location at which the CTE Program is taking place.

▶ Click here to expand...

Database Location:

CareerTechnicalEducation.educationFacility

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.educationFacility

Hours

This field provides a place to enter hours associated with student CTE records.

▶ Click here to expand...

Database Location:

CareerTechnicalEducation.hours

Ad Hoc Inquiries:

Student > Learner > Career and Technical Education (CTE) > Career and Technical Education (CTE) > careerTechEd.hours

State Defined Elements

State Defined Elements allow a state to determine specific fields to include in a student's CTE record.

Delaware CTE State Defined Elements

Local Articulation

Articulation is the process of evaluating courses to determine whether coursework completed at a high school or Regional Occupational Centers and Programs (ROCP) will meet the requirements at a community college for the purpose of advanced placement or credit-by-exam units. Use the Local Articulation field to determine if the CTE course meets these requirements.
