Tool Search: CCLC

The 21st Century Community Learning Centers (CCLCs) provide academic enrichment opportunities during non-school hours for children, particularly those attending high-poverty, low-performing schools. This program helps students meet state and local academic standards in core subjects and offers enrichment activities, literacy programs, and other educational services to families.

The information below outlines the 21st CCLC data fields specific to **Delaware**. Review local/state practices for students participating in 21st CCLC programs prior to using the 21st CCLC tool to manage student participation data.

Refer to the core [21st CCLC](#) article for information on tool rights, adding records, uploading documents, and transferring student records.
