Filters

To quickly search for a specific record, use the Filters. Users can filter record information by: Code, Type, Status, and Grade Levels. Users may fill in as many of the filter options as necessary to further narrow down the list of records.

Add a New Literacy Record

To add curriculum, instructional materials, or a reading intervention program, click **New** at the bottom of the screen. A screen opens to the right, allowing users to enter the necessary information. For more information on these fields, expand the **District Literacy Fields** section. When finished, click **Save**.

District Literacy Fields

[Code](#) | [Type](#) | [Status](#) | [Grade Levels](#)

Code

Use the Code drop-list to select the Curriculum or Instructional Materials for which you are creating a record. These codes are determined by the district. The options available in this dropdown are located in an unlocked Attribute Dictionary (System Settings > Custom Data and Links > Core Attribute/Dictionary > DistrictLiteracyInstructInfo > Code).

Type

The Type field indicates the type of product being reported.

Code	Description	Definition
B	Both	Product is used for both English Language Arts and Reading Intervention.
C	English Language Arts	Product is used only for English Language Arts.
R	Reading Intervention	Product is used only for Reading Intervention.

Status

Use the Status field to enter the current status of the product being reported.

Code	Description	Definition
1	Implemented	This product has been implemented as in currently in use.
2	Implemented Current Year, Not Next Year	This product has been implemented and is currently in use, however, it has not been implemented for the next year.
3	Training, Not Yet Implemented	The product is not yet implemented but training on the product is currently taking place.
4	Purchased, Not Yet Training	The product has been purchased, but is not yet implemented and training for the product has not occurred.
5	Adopted. Not Yet Purchased	The product as been adopted for use but has not yet been purchased.

Grade Levels

Use the Grade Levels field to select all the grade levels to which this product applies.

Editing a Record

To edit a record, find the record you wish to edit and press **Edit**. Make any desired changes to the: Code, Type, Status, and Grade Levels. When finished, press **Save**.

Deleting a Record

To remove a record, find the record you wish to remove and press **Remove**. At the prompt, press **OK** to delete the record or **Cancel** to keep the record and cancel the deletion.
