Alternative Learning Programs Support and Schools (ALPS) are safe, orderly, caring, and inviting learning environments that assist students with overcoming challenges that may place them at risk of academic failure. Each program and school aims to provide a rigorous education while developing individual student strengths, talents, and interests.

ALPS Program

Read - Access and view the student's ALPS record.

Write - Modify the existing ALPS record.

Add - Add a new ALPS record.

Delete - Permanently remove a student's ALPS record.

For more information about Tool Rights and how they function, see the [Tool Rights](#) article.

Users may create as many ALPS records for a student as needed. However, record dates may NOT overlap. To create a new record, users must end date the current record.

Use the [Federal/State Program Updater](#) tool to import ALPS to this tool.

This tool is available in both State and District Editions. For State Edition users, this tool is read-only.

The main view of the ALPS record is the Program Editor, which lists all ALPS records in chronological order (most recent record is listed first) that have been recorded for the student.

ALPS Program Editor

To view details of any of the records, click **View**. This opens the Program Detail for the selected record, where information can be viewed or modified.

State Definitions of ALPS

An alternative learning program is defined as a school or program that serves students at any level, serves suspended or expelled students, serves students whose learning styles are better served in an alternative program, or provides individualized programs outside of a standard classroom setting in a caring atmosphere in which students learn the skills necessary to redirect their lives. ALPS are limited to programs that also meet the following criteria:

- Provide the primary instruction for selected at-risk students outside the standard classroom;
- Enroll students for a designated period of time (not drop-in);
- Offer course credit or grade level promotion credit in core academic areas; and/or
- Assist the student in meeting requirements for graduation.

See the [North Carolina Department of Education](#) website for additional information.

Add an ALPS Record

1. Click **New**. The ALPS Detail displays.
2. Add the **Start Date** for the record.

3. Select the **Entry Reason**.
4. Select the student's **Serving District**.
5. Select the **Location** where the student attends the ALPS program.
6. Select the **Location Type** for the program.
7. Enter any additional **Comments** about the student's ALPS program.
8. Click **Save**.

End an ALPS Record

When the student has stopped receiving services for the particular program, edit the record and add an **End Date**. Then save. That record has now ended and a new record, when necessary, can be added.

Print an ALPS Summary Report

From the Program Editor view, click **Print Summary Report** to display a PDF report of the student's ALPS records.
